

Co-Curricular and Class Planning Guide for Out-of-School and/or Cost-Related Activities 2011-12

ID# _____ Name _____ Date _____

Please bring a signed copy to turn in during Registration on August 22, 2011. Off-campus and overnight trips will require appropriate signatures on event-specific permission forms provided at the time of the trip(s). No payment will be accepted with this form. Payment is not due until the specified event.

Certain courses—outdoor education, educational tours, music organization etc.—include required tours and trips. Some trips and activities are optional.

We as parents have noted the total cost and number of school days affected by the selections noted and feel this is a reasonable program that can be handled successfully by our student. The financing of these activities will be budgeted in the family/student financial plan.

We, parent and student, are making a commitment for the student to meet his/her daily appointments which will result in a satisfactory attendance report at the conclusion of each semester. We have noted the provisions of the school's attendance policy and realize that excessive unexcused absences and tardies make the student ineligible to hold leadership positions or participate in overnight school trips.

Pre-registration of a student's classes for next school year takes place in the order of accumulated, retained attendance points for the two semesters of this school year. Those with the highest total points pre-register first.

*Our signatures here are our good faith commitments to a school year experience planned and carried out successfully. It is further realized the above selections are tentative and can be adjusted at any time. **Trips that are part of a class requirement—once agreed upon—are a firm commitment.***

Payment for a trip will be due with the Permission Form for each particular trip and/or at the time of the school activity.

_____ Approximate # of days to be missed

\$ _____ Approximate total cost

Parent _____ Date _____

Student _____ Date _____

STUDENT CHOICE
