Meet the cast after the performance in the theatre lobby.

On Thursday February 2nd, A group of young people went to see the "I Have A Dream" play. This play focused on the life and times of Martin Luther King, Jr. The excitement that these young people brought back to school was indescribable.

What a great way to kick-off Black History Month!

Summary of devotional by Jarrod:

When kids are little they get so excited about toys like “Teenage Mutant Ninja Turtles”, that they learn and remember everything about them and can’t wait to get home and have adventures with them. However, kids grow up and lose interest in such things and have new interests. God never ‘outgrows’ us and is always excited about knowing us and getting to spend time with us now and in heaven.

Summary of Annabelle:

I am reminded every time I drive, of Feb 1st, 2011 when my car flipped in an accident. I learned an important lesson that day. It’s easy to get caught up in life, school and relationships where we tend to forget what God did for us. But I invite you to never forget what is most important, that God’s gift was meant for each person.

Summary of Maxine:

Have you ever asked, “Where is God when bad things happen?” During my senior year of high school my car was broken into after I listened to a clear impression from God, to take my friends with me instead of dropping them off at the dorm before parking my car. God is watching when bad things happen. Even though there is sin He is always with us, even through the bad things.

Summary of Ray:

If you truly want to be successful, then trust the Lord like Job did, even when in opposition. Plug into God’s plan and let him take away the fear of trying and messing up while learning and practicing. Put forth your effort with all your might as if you were drowning and searching for that breath of air.

Summary of Debra

What is God calling you to give? It may be small like the Widow with two mites gift, It may be misunderstood by some like Mary Magdalene’s. Don’t let fear prevent you from giving for God. Will you give to this war torn world?
