RESOLUTIONS

In this issue:

Well, have you done it? Have you jotted down those determinations for the year 2013 yet? If so, do you have any of these on your list: *Help others, get organized, spend more time with family and friends, get fit, tame the bulge, enjoy life more, get out of debt, learn something new*, etc. This is a list of some of the top New Year's resolutions for the year 2013. Studies show that approximately 40% of people make New Year's resolutions. I found this statistic to be surprising low. For some odd reason, my New Year's resolutions were made 4 weeks before the start of the 2013. Typically, I determine what they will be on the first of January and go from there. I like setting goals and have found, for me, the secret to reaching those goals is to be realistic when developing them, write them down, and refer to them often. This year is no different than some. I hope to read 13 books (outside of my normal repertoire) in honor of 2013, I aim to memorize more Bible verses, I intend to journal regularly, and yes, like most, I want to become more fit. Many of us struggle to make resolutions, looking at failures from the previous year or simply refusing to

do so in order to not be held accountable. Some may think, if there is no resolution, then there will be no struggle and even no regret. I would urge you to set some goals, as an attempt at growth will have its own benefits, even if the goal is not reached in its original form.

If you've not set your 2013 goals or resolution, it's not to late to do so. I challenge each of you to recommit yourself intellectually, physically, and spiritually.

Philippians 3:14 - I press toward the mark for the prize of the high calling of God in Christ Jesus.

-Mr. O

FLU SHOT

Have you considered getting your child a flu shot? With all the reports on the news of the large numbers of the sick, & in talking to our local physicians, we recommend you giving consideration to having them immunized. Our local pharmacy Rite Aid has them & you can talk to your physician as well. Thank you!

AU ALERT

In an effort to continue the safety of our students, we are joining the AU Alert system. The purpose of this system is to ensure multiple means of emergency communication to our parents and/or students. During emergencies, this system will send text messages, emails and voice calls to registered recipients. These emergencies may include severe weather alerts, winter weather class cancellations, hostile threats, utility failure, major road closings or fire, among others.

To help us in the set up of this system, we would like to encourage all parents to make sure we have the correct cell phone number, work number, & home number for them & their student here in the office. We will send what numbers we have in & they will be doing a test. Any invalid numbers will be sent back to us. We will let you know what we receive back & when you hear from us, please make any corrections necessary as soon as possible. Thank You!
