No Limit to Jesus Love

“Jesus loves the little children-All the children of the world-Red, brown, yellow, black and white. They are precious in His sight. Jesus loves the little children of the world.”

This is certainly a melody I will never forget. Growing up in the Adventist church and singing this song while in Cradle Roll and Primary Sabbath School was certainly part of the Adventist kid experience. It may be that while singing this song, at this early age, for the first time I began to think of “differences” (ethnic group) in people. I remember sitting in the Sabbath school room in Statesboro, GA processing this song as it referenced the “different colors of children.” I even remember asking my Sabbath school teacher, Ms. Michael to provide examples of red, brown, yellow, black and white people. I was thoroughly impressed when Ms. Michael brought “show and tell-magazine and felts” to class the following Sabbath. It was really cool to see the many varieties of children whom we sang about so often. I remember thinking that they were all so different yet so beautiful.

This week, here at Andrews Academy, we have celebrated the different nationalities of students who attend this fine institution. In my opinion, this is what heaven will be like... filled with individuals who are of all different nationalities. I feel so blessed and honored to work in a place where we can celebrate our heritage and culture while remembering that we are all God’s children who will live with Him as brothers and sisters in heaven.

I still remember placing those felts on the felt board and hearing Ms. Michael tell me, “Bob, remember the Bible verse found in Mark? It states: ‘You shall love your neighbor as yourself.’ There is no other commandment greater than these.” I pray that all of us will never forget this commandment! Remember that God showed His creative genius in the way He created this world and the many different kinds of people. Celebrate this diversity today!

-Mr. O

In an effort to continue the safety of our students, we are joining the AU Alert system. The purpose of this system is to ensure multiple means of emergency communication to our parents and/or students. During emergencies, this system will send text messages, emails and voice calls to registered recipients. These emergencies may include severe weather alerts, winter weather class cancellations, hostile threats, utility failure, major road closings or fire, among others.

To help us in the set up of this system, we would like to encourage all parents to make sure we have the correct cell phone number, work number, & home number for them & their student here in the office. We will send what numbers we have in & they will be doing a test. Any invalid numbers will be sent back to us. We will let you know what we receive back & when you hear from us, please make any corrections necessary as soon as possible. Thank You!
