

Miracle on Ice

Can you believe that 33 years ago this weekend, one of the most “popularized miracles” happened here in the United States.? In one of the most dramatic upsets in Olympic history, the underdog U.S. Hockey Team, made up of college players, defeated the four-time defending gold-medal winning Soviet team at the XIII Olympic Winter Games in Lake Placid, NY. The Soviet giants fell to the youthful American team 4-3 before a frenzied crowd of 10,000 spectators. Two days later, the Americans defeated Finland 4-2 to clinch the hockey gold. This quickly became known as the Miracle on Ice.

mir·a·cle... *A surprising and welcome event that is not explicable by natural or scientific laws and is considered to be divine.*

Hmmmm... have you ever witnessed a miracle? As I've pondered this question myself, I can say the answer is yes! I remember several instances in my life where I completely saw Jesus at work. The birth of my daughters... Jesus transforming my life... Miracles happen everyday, but do I stop to recognize them?

In reading the Gospels, one could count 30 plus miracles that Jesus performed. What amazes me is the fact that not all miracles were even recorded. John 20:30 says, “Jesus did many other miraculous signs in the presence of His disciples, which are not recorded...” What an incredible statement! How many more were there? From “water to wine”, “nobleman’s son cured”, “invalid healed at Bethesda,” and so many more. But yet, the book of John specifically states that there were so many not recorded.

How about you? Have you stopped counting? Do you “record” those miracles in your life? If not, I challenge you to begin writing these miracles down lest we never forget. We might not be part of a miracle on ice, but if we examine our lives, most of us can see a multitude of miraculous events that God has done and is doing in our lives.

AA BLOOD DRIVE

A big thank you to all those who volunteered to give blood this past Thursday. There is so much symbolism as people gave blood in the chapel at the foot of the cross. It reminds us of Jesus' sacrifice he made for us.

Jr. Class Fundraiser

We served about 250-300 people Sunday. Everyone seemed to enjoy. Had great class participation. A special thanks to Mrs. Sherman, Mrs. Baxter, Mrs. Coleman and Mrs. Goodwin!

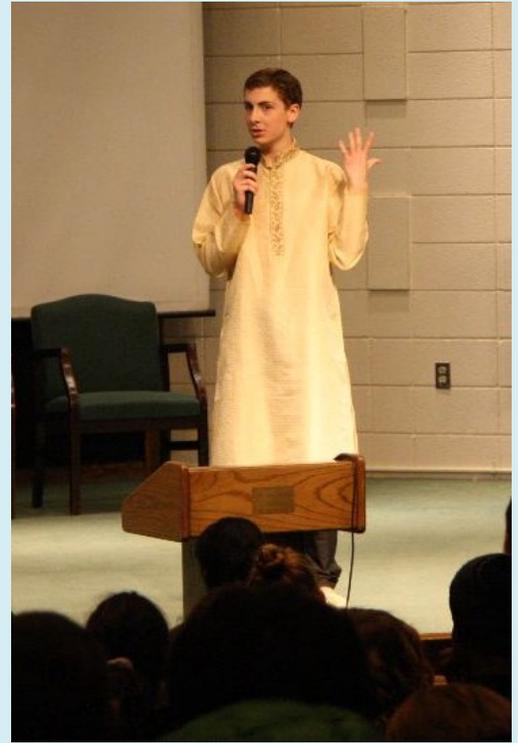

Physic's Class

Mr. Wright had some guest presenters from Cook Nuclear Power Plant during his physics class on Thursday. They talked about engineering and worked on an experiment with the students. One of the presenters was Mr. Greene (seen in picture), an AA alumnus of just a few years ago.

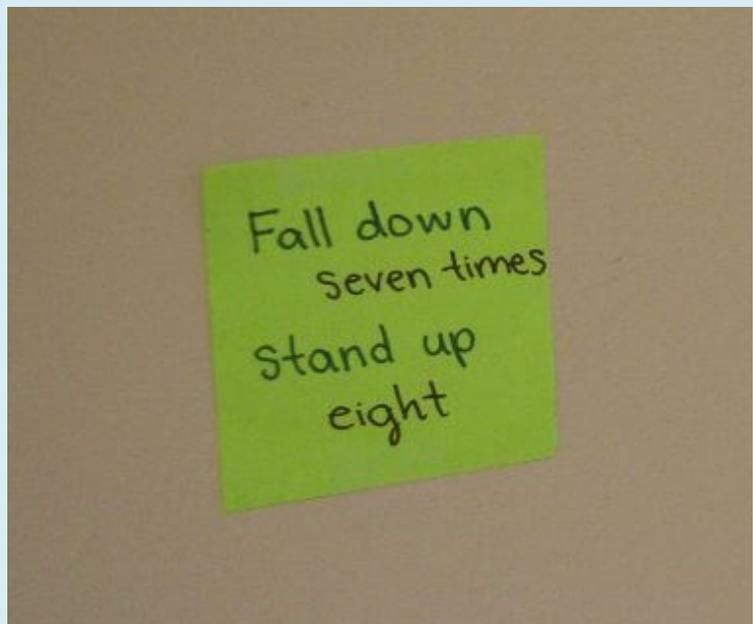

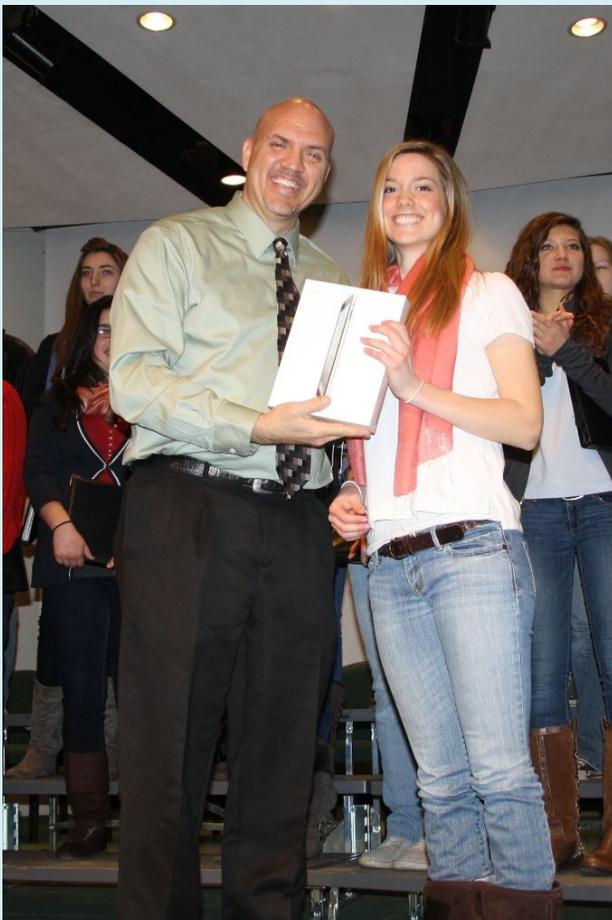

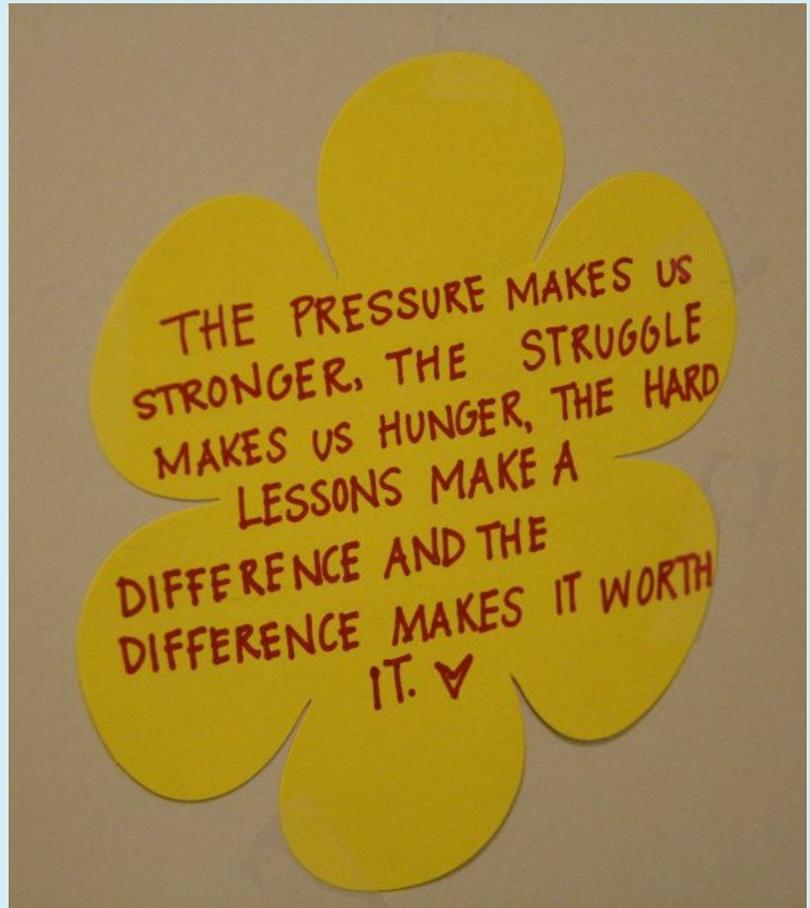

AA Chapel - SOW Safari

This week's morning devotions theme was to encourage students to make important Christ centered choices in life. One way to do this is to serve others. A number of SOW Safari participants shared what they were impressed by and what changed in their lives while serving in India. Pastor Jones, guest speaker from Winter Bible Camp, continued his theme during Thursday's devotions, "fighting the good fight".

AA Notes & Prizes

A few anonymous students worked hard creating hundreds of positive messages for students. Each student received a note. It was interesting to hear all the pleasant things students said as they discovered these notes throughout the school.

Shelly Grellmann was the proud winner of an Ipad this week during assembly for participating in a research study done by Andrews University. Congratulations!!!
