The Urban Context as a Learning Environment

The city of Chicago provides the backdrop for the 2011 DMin Urban Ministry cohort that is currently in formation. A short distance from the Andrews campus, this thriving, dynamic and complex city offers the resources for the intended transformational learning experience. Participants will engage in an immersion in the life of the city including interaction with city administration, transportation system, hospitals, schools and universities, neighborhood restaurants, housing, shelters and entertainment options. The biannual conference of the Chicago-based Seminary Consortium for Urban Pastoral Education will provide enrichment to the intensive experience in 2011 and 2013.
