	Electives**	5 credits

PROGRAM SYNOPSIS: t-DPT

YEAR 1: Two 4-6 day sessions on campus
One Home Study Session

YEAR 2: Three Home Study Sessions
Capstone Project Completion

PROGRAM SYNOPSIS: DScPT - Master's or Bachelor's trained candidates

YEAR 1: Three 4-6 day sessions on campus
One Home Study Session

YEAR 2: Two 6 day sessions on campus
Two Home Study Sessions

YEAR 3: Three 6 day sessions on campus
NAIOMT Supervised Practice Hours
Capstone Project Completion

PROGRAM SYNOPSIS: DScPT - DPT trained candidates

YEAR 1: Three 6 day sessions on campus
One Home Study Session

YEAR 2: Three 6 day sessions on campus
One Home Study Session

**Denoted distance learning courses*

*** Supervised clinical practice is flexible and can occur whenever the student is able to fit it in. The Capstone Experience will be worked on throughout the program. Elective offerings are determined by the program plans of each individual student. By the end of year 3 or sometime in year 4 students must complete all their elective requirements. The clinical practice and the Capstone Experience must be completed within 6 years from the beginning of the degree program.*
