

## Tuberculosis (TB) Screening

### Information

Every year Andrews University holds a tuberculosis (TB) screening event on campus. Since the results are only valid for one year this would be the ideal time to have the testing done.

This coming school year (2012 – 2013) the event will be held the week of August 20<sup>th</sup> – 24<sup>th</sup>. The site of the testing is the Administration Building Rm. 306, between the hours of 9:00am and 5:00pm. The cost is \$16 and is payable in cash, money order or check only – **It cannot be billed to your student account!** If you need to use a credit card for this test, please go to the University Medical Center located next to Apple Valley on the main highway. (Please ask for directions if unsure of the location.) They are equipped to handle credit/debit card payments.

Once you have the results, please be sure to bring them to the department administrative assistant so that your file can be updated. Without that information you cannot enroll in practicum.
