Doctorate in Higher Education—EdD & PhD

Designed to prepare experienced practitioners for senior administrative and policy-making positions. The EdD program primarily serves those seeking administrative and executive positions, while the PhD program serves those who wish to pursue careers in research and teaching. Graduates typically work in the following professional areas:

- Research
- University teaching
- Policy leadership
- College administration at all levels
- Community college leadership and management
- Student personnel administration
- Corporate and post secondary policy analysis

Take a look at your degree choices:

Masters in Higher Education & Student Affairs Administration—MA

Prepares students for entry-level and mid-management level positions at public and private colleges or universities and community colleges, in different areas of student affairs, such as:

- Enrollment and Admissions
- Financial services management
- Residence halls administration
- Religious and social activities coordination
- Athletics and recreation administration
- Health services
- International Student Services

Educational Specialist in Higher Education—EdS

Designed for mid-level administrators seeking career advancement, and service to institutions of higher education. Appropriate for positions such as:

- Deans and assistant deans
- Assistant to the president
- Director and in-service directors
- Department chairperson in selected areas
- Program manager

The School of Education offers other programs in the areas of Leadership, K–12 Educational Administration, Curriculum and Instruction, and Education and Counseling Psychology.
