Roy Allan Anderson Papers (Collection 152)

Scope and Content:

The Roy Allan Anderson papers are a wide ranging group of records collected over the years by Elder Anderson. He was a successful evangelist, administrator, and teacher. Through the years he accumulated a large collection touching on most of the major areas of church interest and controversy. These include preaching, worship, music in the church, studies in the books of Daniel and Revelation, *Questions on Doctrine*, and the Desmond Ford controversy.

The collection contains published and unpublished records in the following categories: correspondence, personal documents, writings, class materials, sermon and lecture notes, topical files, and photographs.

Arrangement:

The present arrangement of the collection was totally imposed by the Adventist Heritage Center. When it arrived there was no order to be found. Therefore, the staff had to do their best to arrange the collection into a useable order.

The series are arranged either chronologically or alphabetically, first by folders and sometimes within folders. The arrangement is as follows:

Correspondence--chronological by folder and within folder.

Personal Documents--alphabetical by folder. Contents not necessarily in any order.

Writings--alphabetical by folder.

Topical Files--alphabetical by folder. Contents not necessarily in any order.

Photographs--alphabetical by subject.

Oversize--alphabetical by type.

Provenance:

Soon after Roy Allan Anderson died in December 1985, the Adventist Heritage Center curator was invited, by Mrs. Anderson, to come to Loma Linda, California, to go through the personal papers of Elder Anderson. This collection is what was brought to Andrews University.

Use:

All users of this collection will be required to complete the "Application to Use Unpublished Record," and to observe the regulations specified in the "Patron's Agreement" and "Researcher's Code of Conduct." All records in this collection are open and available for research.
