ADVISORS

Students are assigned academic advisors through the Student Success Center based on their chosen major. Advisors function as academic guidance counselors to help students schedule their courses, be aware of academic rules and regulations, and make decisions regarding their future. Although advisors assist students, the responsibility for meeting degree requirements and knowing the rules which govern academic policies always rests with the individual student. Please visit the Office of Student Success in Nethery Hall Suite 100 for questions about tutoring and academic advising.

ATTENDANCE REGULATIONS

1. Regular attendance at all classes, laboratories, and other academic appointments is required of all students. Whenever the number of absences exceeds 20 percent (10 percent for graduate classes) of the total course appointments, the teacher may give a failing grade.
2. Merely being absent from campus does not exempt students from this policy.
3. Absences recorded because of late registration, suspension, and early/late vacation leaves are not excused.
4. Class work missed may be made up only if the teacher allows.
5. Three tardies are equal to one absence.
