

Congratulations to SHP faculty members who were awarded research grants from Andrews University Grants Application (2013-14) for the following projects:

1. "Music Relaxation Video and Biophysical Measurement", by Dr. Grace Chi (Nursing).
2. "Development and Validation of an Educational Kinesiology Tutorial", by Dr. David Village (Physical Therapy)
3. "The Effect of Hippotherapy on Hypertonicity as Measured by the Hypertonia Assessment Tool, Modified Ashworth Scale, and Gait Speed", by Dr. Betty Oakley (Physical Therapy)
4. "Effects of Exercise and Nutrition Education Program on Health Related Quality of Life (SF-36), Pelvic Pain and Incontinence (PFDI), and Nutritional Intake (FFQ) for Postpartum Women", by Dr. Lori Walton, Professor Maggie Hernandez, and Professor Gretchen Krivak (Physical Therapy & Public Health & Wellness).
