Health & Fitness Expo

The Health & Fitness Expo is a new part of the Homecoming events this year. This event is a way to provide health and fitness information in a fun and interactive way for alumni, students, faculty, staff, community members and families.

There will be something for everyone at the Health & Fitness Expo. We will be offering mini workouts, cooking demos, nutrition information, games, local health service information, opportunities on the Andrews University campus and more.

The first 300 participants will receive a reusable shopping bag with goodies from our participating sponsors.

All participants who complete a sheet of participation (given at the start point in Johnson Gym) will be able to enter into a drawing for a home elliptical trainer.
