ANDREWS UNIVERSITY DOCTORATE OF PHYSICAL THERAPY – BERRIEN SPRINGS

STUDENT NAME	

PTH881 Clinical Internship I Experience Record PTH882 Clinical Internship II Experience Record

INSTRUCTIONS: Use this form to keep a weekly record of your clinical experience. It will provide an individual reference and will assist in the planning of future internships. Each day record the number of times that you have performed a procedure, the number of hours of observation, and the number of patients treated. At the end of each week, record the totals on this form. After the completion of the internship, transfer the information from this form to your master record.

A. TI	ESTS & MEASURES	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Totals
1.	Aerobic capacity									
2.	Anthropometric characteristics									
3.	Arousal, mentation, and cognition									
4.	Assistive and adaptive devices									
5.	Community and work (job, school, or play) reintegration									
6.	Cranial nerve integrity									
7.	Environmental, home, and work barriers									
8.	Ergonomics and body mechanics									
9.	Gait, assisted locomotion, and balance									

	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Totals
10. Integumentary integrity									
11. Joint integrity and mobility									
12. Motor function									
13. Muscle performance (including strength, power, and endurance)									
14. Neuromotor development and sensory integration									
15. Orthotic, protective, and supportive devices									
16. Pain									
17. Posture									
18. Prosthetic requirements									
19. Range of motion									
20. Reflex integrity									
21. Self-care and home management (including activities of daily living and instrumental activities of daily living)									
22. Sensory integration (including proprioception and kinesthesia)									
23. Ventilation, respiration, and circulation									

B. IN	TERVENTIONS	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Totals
1.	Airway clearance techniques									
2.	Debridement and wound care									
3.	Electrotherapeutic modalities									
4.	Functional training in community and work (job, school, play) reintegration (including instrumental activities of daily living, work hardening, and work conditioning)									
5.										
6.	Manual therapy techniques									
7.	Patient-related instruction									
8.	Physical agents and mechanical modalities									
9.	Prescription, application, and as appropriate fabrication of adaptive, assistive, orthotic, protective, and supportive devices and equipment									
10	Therapeutic exercise (including aerobic conditioning)
