- 1. Complete
 - All necessary information is included.
- 2. Accessible
 - Can be found, in proper format, not cluttered with extraneous material.
- 3. Clear
 - Neat, clear, readable, organized, ...
 - READ THE TEXT'S PARAGRAPH AND TAKE IT TO HEART!
- 4. Specific
 - Absolutely clear on what, when, by whom, & cost.
- 5. Precise
 - Level of granularity or detail of the measure compared with the total magnitude of measurement.
- 6. Accurate
 - Amount of over- / under-estimation. Reliability over multiple people & projects. Chapters 5-6 focus on this.
