

HE RESTORES MY SOUL **AA**

ANDREWS ACADEMY

“As a Seventh-day Adventist secondary school, Andrews Academy seeks to inspire its students to think deeply, live fully, serve unselfishly, and honor God completely.”

Future Projects

We continue to strive to be the flagship school that Andrews University has envisioned us to be. With that in mind, we aim to provide a balanced co-curricular program in an appealing environment. This year's projects are as follows:

- Finish phase 1 of the Chapel Renovation (back wall of the stage)
- Renovate our gym locker rooms

In 2020, we will focus on Phase 2 of the Chapel Renovation, which will include new pews, carpet, and the stage.

By developing these projects into reality, we can better obtain the ideal environment for learning, as well as create students that will continue to excel in all that they do. As we work toward these goals, we keep in mind our vision statement above.

Finished Projects

With your help, we have recently completed the following projects:

- New higher quality video wiring in the chapel projection system and TV monitors used by the song leaders
- New audio system and LED lighting in the chapel
- New carpet, furniture, paint, lighting, and ceiling tiles in the front offices; restrooms in front office refreshed with paint, flooring, and fixtures
- Dehumidifiers for each classroom
- Dust filtration system installed in the workshop
- Created a teacher workroom in the front office
- Refurbished handbells, bought instruments, and updated instrument storage room

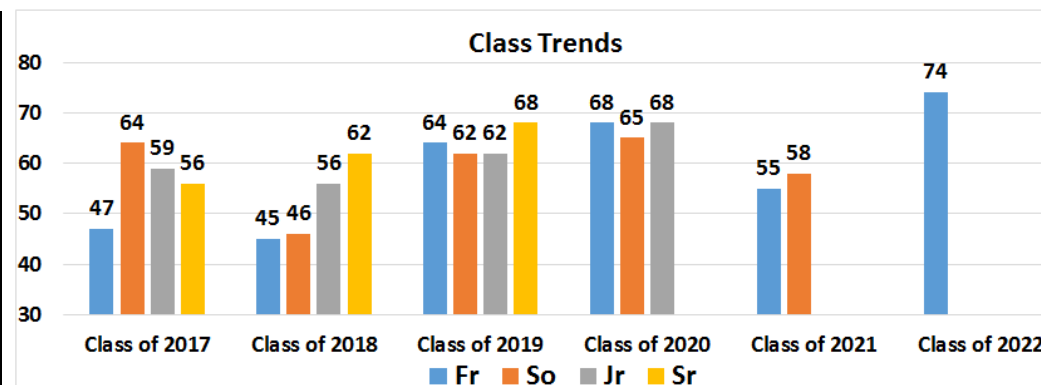

Test Scores

Each year Andrews Academy helps students evaluate their progress using standardized tests. This process allows a student to see which areas they excel in and which areas may need more attention. For students who took the ACTs, the following data shows how we compare against school, state, and national results. (Values shown are the Mean Score Percentile.)

	2014-2015			2015-2016			2016-2017

AA Family 2018-19

Current girls locker room that needs to be renovated.

Dear Friends,

God has been good to Andrews Academy. We have been blessed to see our enrollment numbers growing from year to year (up by 24 from last year). We are committed to providing an excellent curriculum from top-notch educators! We continue to partner with Andrews University, not only to provide free tuition for dual enrollment, but to offer new “introductory” courses in the areas of nursing and computer programming.

Over the summer, our front offices received a makeover with new paint, carpeting, furniture, and re-freshed restrooms. We’re also continuing to work on

Phase 1 of our Chapel Renovation.

We thank you for your partnership with Andrews Academy and for making it possible for many families to attend AA. We look forward to continuing our Andrews legacy this 2018-19 school year. And with your help, we can do it!

Please keep the students, faculty/staff, and each component of our school in your prayers so that each will have a blessed year at AA, and that each will have a deeper relationship with Jesus as a result of our time here at Andrews Academy.
