The university is concerned with educating the whole person—mentally, physically, spiritually, and socially—based on the philosophy of Adventist education. It recognizes that one’s career can neither be complete nor balanced without ample provision for spiritual, cultural, and social needs. Therefore, many activities not directly related to the instructional program are available. Each student has an opportunity to take part in those of his/her special interest.

STUDENT HOUSING

Andrews University offers several choices of living quarters to meet students’ needs.

Residence Halls. The university maintains two men’s residence halls (Meier Hall and Burman Hall) and one women’s residence hall (Lamson Hall). Double-occupancy rooms are standard. Private occupancy is permitted by special request if space allows, with a supplemental fee.

Apartments and Houses for Rent. The university owns approximately 300 apartments and 25 small unfurnished houses which are available to married students and single-parent students. Only the efficiency apartments in the Garland complex are available to graduate singles, or undergraduates who are 22 years of age or older. Accommodations are available only to those who have been officially accepted as university students. Since apartments are limited, applicants are advised to apply six to nine months before their first semester of studies.

Most apartments are furnished, with both stove and refrigerator. Tenants must supply their own linen, draperies, and culinary utensils. Unfurnished apartments have a stove and refrigerator. Heavy furniture and pianos may be moved into the apartments only by prior arrangement with the housing manager. Pianos may be used on ground floors only. Pets are not allowed in university apartments or houses. The Housing Office provides apartment descriptions, rental rates, and application forms upon request. Further information on university housing may be obtained through the University Housing Handbook available from the Housing Office.

Other Accommodations. Many area landlords have their names and phone numbers on record at the Housing Office which students may consult or copy.

MOTOR VEHICLES

Any student who is not on citizenship probation and who meets the requirements for vehicle registration, licensing, and insurance as outlined below and as specified in the motor-vehicle regulations is allowed to own and operate a motor vehicle.

Vehicle Registration. All motor vehicles must be registered with the Campus Safety Department within two weeks after the vehicle is brought to the campus or after it is acquired. Decals, issued when a vehicle is registered, must be affixed within 24 hours after being issued. Failure to register a motor vehicle within the specified two weeks and failure to display properly the decal after it has been issued may result in a fine.

Auto Licensing. An understanding exists between most state governments to the effect that bona fide students, not locally employed, attending an out-of-state accredited or recognized school may use their home state license plates and operating license during the period of their attendance at such an institution. State license plates and operating licenses may be renewed during attendance if necessary.

Auto Insurance. All vehicles must be covered with public liability and property damage insurance. The insurance must remain in effect as long as the vehicle is in the university community. Expiration or cancellation of insurance automatically revokes motor-vehicle registration and privileges. All vehicles must be maintained in legal operating condition at all times. Regulations governing the use of motor vehicles are described in a brochure, Student Right-to-know Report, available from the Campus Safety Office.

Any compensation received by a student through local employment is interpreted as sufficient to render him/her liable for registration of his/her motor vehicle and the securing of an operator’s license in the state of Michigan.
FOOD SERVICE

Food service facilities are housed in the Student Center. The Terrace Café (cafe) on the upper level has three dining rooms—Badger, Lincoln, and Wolverine—which seat approximately 600 people. The Gazebo grill service at the lower level provides faculty staff meals. All entrees in the Gazebo and Terrace Café are vegetarian.

MEDICAL SERVICES

Available Medical Care. Students may direct their health needs to the University Medical Specialties, located next to the Apple Valley Plaza. Phone 473-2222 during regular office hours (8:00 am–5:00 pm, Monday–Thursday, and 8:00 am–12:00 noon, Friday) to schedule appointments. Physician appointments and nurse visits, as well as dental care, are available to residence-hall students. These services are included in the rent/health plan and are not charged separately to the student. However, charges are made for lab work, X-rays, and accident cases involving third-party liability.

FOOD SERVICE

Counseling and Testing Center. Psychological counseling and testing services for personal, social, spiritual, educational, and vocational concerns are available to all university students. Understanding oneself, sorting out one's feelings, learning new skills, assessing realities, exploring alternative courses of action, making one's own decisions—all are a part of the psychotherapeutic process. Psychometric instruments and vocational guidance tests are available at the Counseling Center. The services of the Counseling Center are available without charge to all Andrews University students. (There is a minimal fee if tests are taken.) The center is accredited by the National Association of Counseling Services, Inc.

SPIRITUAL CONCERNS

Campus Ministry. As a church-operated university, Andrews University emphasizes personal religious and, as enrollment status and all other students classified as non-resident in the Quality Housing, are required to provide comparable insurance coverage elsewhere. Students who participate in dormitory and residence-hall housing are covered by the university plan. Students who have proof of comparable insurance coverage may purchase coverage through their own insurance policies. Students may contact the Student Services Office for information on comparable insurance coverage.

Student Records. Enrolled students of Andrews University may inspect their official records upon request at the following offices: Academic Records, Human Resources, Student Financial Services, Counseling and Testing Center, departments of instruction, and the University School. The full policy statement governing student records and access to them is available in the Student Handbook. Certain limitations imposed on the inspection of student records are described in this policy.

Directory Information. Andrews University supports the provisions of the Family Educational Rights and Privacy Act of 1974, sometimes referred to as the Buckley Amendment. It is the policy of the university that students may inspect and review their educational records and may, if they believe the records are incorrect, seek to have the records corrected through appropriate procedures. Students who wish to review their academic records should set up an appointment through the Academic Records Office. Students wishing to review their student life records should make an appointment with the Student Services Office.

Releases to Third Parties. In accordance with the Family Educational Rights and Privacy Act, Andrews University limits disclosure of educational records or personally identifiable information without the student's written consent, except to agencies having a recognized legal need for the information.

The Family Educational Rights and Privacy Act grants institutions the prerogative of defining certain classes of information as directory information for which the institution does not have to obtain prior consent of the student for its release. In harmony with this provision, Andrews University has classified the following classes of information as directory information: name, local address, local phone number, major field of study, year in college, E-mail address, dates of attendance, degrees or certificates (with dates), scholarships, honors received, awards received.

Students may restrict the release of any or all items of directory information at the beginning of each quarter. This must be accomplished by Friday during the first week of classes. A form for requesting such restriction is available at the Academic Records Office.

Andrews University reserves the right to determine the manner in which directory information may be released or to whom it may be released without the consent of the student.

Safety Regulations. Andrews University expects students to develop positive attitudes toward safe working habits. Students who participate in classes, laboratories, or activities involving situations considered hazardous, as stipulated by the state or national standards, are required to provide and wear any such specified personal safety equipment.

Employment. The university (an equal opportunity employer) provides work opportunities for students and, when available, their spouses. Work for academy students is limited. Andrews University currently supplies more than 40,000 hours of student-related employment annually. Rates start with the minimum wage rate of the Wage and Hour Law. The university allows students to work, as work is available, up to 20 hours per week during the academic year. Several regional hospitals and a number of schools offer employment to qualified persons.

There are also commercial and manufacturing firms located within 12 to 15 miles of the campus. Residence-hall students may not take off-campus employment without permission from the vice president for student services.

Students should schedule regular daily blocks of time (half days Monday through Friday) to maximize work opportunities. **ACTIVITIES AND ORGANIZATIONS**

The university encourages students to participate in as many extracurricular activities and organizations as their study-work loads permit. Experience gained in working with others in the achievement of common goals provides invaluable training. Some of the more prominent campus organizations and activities are described below. A complete list of campus organizations is available from the Student Services office.

Andrews University Student Association (AUSA) and Publications. The Student Association, serving all undergraduate students enrolled at Andrews University for 5 or more credits, coordinates activities that include the publishing of the Cast (student directory), the Cardinal (university yearbook), and the Student Movement (university paper). The editors and managers of these publications are approved by the Student Senate and elected by the members of AUSA. The Senate, composed of about 30 student leaders, exercises legislative and management powers as delegated by the constitution of the association.

Student committees—BRANCH, Educational Standards, Student Services, Social Recreation, and Student Life—further discharge the functions of AUSA. The detailed organization of AUSA and its sub-organizations is outlined in the Andrews University Student Association Constitution and Bylaws.

Andrews University Graduate Student Association. All graduate students enrolled with regular or provisional status in degree programs in all schools and colleges at the Berrien Springs campus of Andrews University are automatically members of the Andrews University Graduate Student Association (AUGSA). The AUGSA assembly consists of all AUGSA members and is governed by duly elected executive officers that meet regularly and report to the assembly.

The AUGSA sponsors social, spiritual, and scholarly activities during the school year. Important management functions include involvement in university policy development affecting graduate students, contributions to campus publications, and the day-to-day operations of the AUGSA. Details of the functions and organization of the AUGSA are found in the Constitution of the Andrews University Graduate Student Association.

Bringing Andrews to Christ (BRANCH). BRANCH is the official youth organization of Andrews University Student Association and Pioneer Memorial Church. It sponsors religious programming for all students throughout the school year. BRANCH plans a number of activities each Sabbath afternoon, involving Christian service and fellowship.

Residence Hall Clubs. Kappa Phi Gamma and Sigma Delta Phi include all women and men, respectively, who reside in college residence halls. In addition, numerous other clubs on campus represent special interests such as departmental organizations and ethnic groups.

Seminary Student Forum. The Seminary Student Forum (SSF) serves as a student association for the Seventh-day Adventist Theological Seminary and includes every seminary student. It represents the student body to the seminary administration and supplies student representation on seminary committees. It organizes and coordinates activities for the seminary student community and assists other official seminary student organizations including the Black Student Association of the Seminary, the Daughters of the Lord seminary women’s organization, the Hispanic Association of the Seminary Student Forum, and other formally organized associations. It exercises powers as delegated by its constitution. The SSF is funded by a quarterly activity fee charged to all seminary students.
**Black Student Association of the Seminary.**

The Black Student Association of the Seminary (BSAS) welcomes all seminarians. The mission of BSAS is to provide ministerial support, nurture, inspiration and training that will equip the spiritual leaders of the future to become gifted ministers in the home, church and community. This organization fosters a Christ-centered atmosphere that constrains one into a deep personal devotion with our Lord and Savior Jesus Christ. BSAS creates a worship climate of caring, unity and joy which satisfies the spiritual needs of the family and community.

**Daughters of the Lord.** The Daughters of the Lord (DOTL) is primarily an organization for the wives of seminary men. Its purpose is to enrich the lives of the women and help them prepare for ministry in partnership with their husbands according to their talents, gifts, and desires. Although the organization focuses on seminary wives, it also encourages participation by faculty women, faculty wives, and students.

**OTHER CAMPUS SERVICES**

Other campus services include a barber shop, a beauty shop, and the university-branch post office.

**DISABLED STUDENT SERVICES**

Reasonable accommodation is made for students with a diagnosed physical or mental impairment which substantially limits their academic activities. The offices of Academic Support, Student Services and the University Center for Reading, Learning and Assessment work together to provide academic adjustments and auxiliary aids for students diagnosed with these impairments. Students who need this assistance must advise Student Services prior to enrollment.
