Biblical Languages. Applicants to the MTh degree program must demonstrate advanced-level competence in either Greek or Hebrew as noted in the table above. The required competence may be demonstrated either by examination or by passing an advanced-level course in the chosen language with a grade of B or better.

Modern Languages. Applicants to the MTh degree program must demonstrate (either by examination or by class work—FREN505 or GRMN505) a reading ability in either French or German (unless the language is the student’s native and regularly used language).

Any language substitutions must be warranted by the student’s program. Such substitutions require the approval of both the department chair in the area of emphasis and the MTh Program Director.

Students should complete the language prerequisites before beginning the program. If the prerequisites are not completed before the beginning of the second semester, the student is not permitted to continue his/her work in the program.

Applicants must also complete and return the Sixteen Personality Factor Questionnaire as directed.

Admission Procedure. Applicants must submit those items specified in the Graduate Programs Admission section of this bulletin on p. 47, and the general Seminary admission requirements on p. 331. In addition, they should submit transcripts of MDiv course work.

Degree Requirements

In addition to the scholarship standards in the Graduate Programs Academic Information section of this bulletin (p. 51), students must fulfill the following requirements for the MTh degree program:

- Complete a minimum of 32 credits (including 8 credits for thesis but not including language prerequisites) with a cumulative GPA of 3.00 or above.
- Take GSEM620 (to be done the first time the course is offered after enrollment in the program if the student has not previously taken this course or its equivalent).
- Select a major area of emphasis from among those listed above and complete 16 credits in that area.
- Select a cognate area from those listed above and complete 6–8 credits in this area which supports the area of emphasis.
- Take sufficient electives, if needed, to complete the 32-credit program.
- Take a 5- to 8-hour written comprehensive examination either toward the end of the student's final semester of course work or during the semester immediately following completion of course work. Normally, this examination is prepared by two faculty members from the department offering the area of emphasis (two sections totaling 75% of the examination) and a faculty member from the department offering the cognate area (one section constituting 25% of the examination). These examiners are appointed by the emphasis-area department: notification of the appointment is sent to the Program Director.
- Complete a 8-credit thesis.

If the student fails to pass the comprehensive examination, he/she is allowed to rewrite the section or sections failed (with new questions) after adequate time for preparation as determined by the chair of the department offering the major area of emphasis in consultation with the examiners. A failed examination may be retaken once. If the student fails a second time, he/she is asked to withdraw from the program.

A report of the examination results (and of any retake results) is sent by the department chair in the major area of emphasis to the MTh Program Director who notifies the Dean of the School of Graduate Studies of these results.

Thesis Requirements. All students seeking an MTh degree must

- Complete a 8-credit thesis. The program director, upon recommendation of the department chair in the student’s major area of emphasis, appoints an MTh thesis committee consisting of two faculty members, normally from the department in the area of emphasis, to guide the student’s preparation of a thesis. One of the two committee members is designated as the student’s faculty adviser.
- Give evidence in the preparation of the thesis that he/she is capable of independent research using adequate sources. The thesis should demonstrate the student’s skill and maturity of judgment in the discovery, organization, and evaluation of evidence. Procedures for writing a thesis are outlined under requirements for the MDiv degree in the Thesis Option section (p. 340). However, MTh students should register for 3 or more credits each term for at least two terms.
- Conduct a successful thesis defense. The defense is conducted by an MTh thesis defense committee consisting of the two faculty members who guided the thesis and another faculty member appointed by the Program Director. The director presides without voting at the defense. If the thesis is found unacceptable, the department of the student’s major concentration decides whether the student may write another thesis.

The defense of the thesis occurs no later than four weeks before the degree is to be conferred. No defense is scheduled during the final two weeks of a term or when the university is not in session.

Students who have not finished the thesis after completing 8 thesis credits must register each semester for GSEM668 (no credit) until the thesis is defended successfully and final approval is received.

Transfer Credits. A maximum of 6 semester credits of post-MDiv academic work with grades of B (3.00) or above may be transferred from an approved seminary or university if applicable to the student’s program. Transfer is authorized by the department offering the student’s major area of emphasis with the approval of the MTh Program Director.

Time Limit. A student must complete the requirements for the MTh degree within six years of first enrolling in the program, regardless of admission classification. Transfer credits for which advanced standing is requested must have been taken within this time limit.

DMIN: DOCTOR OF MINISTRY

Skip Bell, Director

Purpose

The purpose of the Doctor of Ministry program is to provide structured, rigorous, advanced training in ministry by equipping participants with needed competencies and leadership skills. The program engages qualified people in an active learning environment so that they may reach advanced levels of ministry effectiveness.
Program Description
The Doctor of Ministry program offers a professional degree for people who seek advanced competencies in evangelism, ministry and mission. The program enables people to grow within the framework of a Biblical model of leadership and to develop an Adventist perspective of evangelism, ministry, and mission. The program is normally offered to professionals who are in active ministry.

Course modules include teaching intensives at various North American and international sites. Concentrations are offered in Chaplaincy, Evangelism and Church Growth, Family Ministry, Global Mission Leadership, Leadership, Preaching, Urban Ministries, and Youth Ministry. Cohorts may be formed periodically for participants who prefer Spanish as the language of instruction.

Doctor of Ministry modules include intensive sessions taught by faculty teams that include seminary professors with appropriate academic expertise and professionals from the field with experience in evangelism, ministry and mission. Teaching methodology combines appropriate methods and technology with collegial dialogue to encourage a creative learning environment. Faculty aim to facilitate balanced spiritual, professional, and theological formation that affects the individual, the family, and the ministry group. Participants develop a deeper personal experience, which leads to a strengthening of their family life as well as a greater commitment to ministry. They learn to evaluate ministerial practices through theological reflection, which helps them establish a Biblical model of servant leadership. Graduates from the program will be able to use appropriate tools to analyze the needs of their churches and communities and develop and implement appropriate and effective ministries.

Admission Requirements
To be considered for admission to the Doctor of Ministry program, applicants must meet the following requirements:

- Hold the Master of Divinity degree or its equivalent.
- Have a GPA of at least 3.25.
- Demonstrate high professional and personal potential for the gospel ministry.
- Have an equivalent of at least three years of experience in ministry subsequent to the first graduate theological degree.
- Supply satisfactory recommendations.
- Submit a 1500–2500 word double-spaced paper that discusses their personal spiritual journey and sets forth their purpose for seeking the Doctor of Ministry degree. The paper should manifest deep theological reflection and a familiarity with current literature in pastoral ministry.
- Applicants from other faiths may be accepted into the program, provided they meet admissions requirements and represent high moral integrity with a character, lifestyle, and spiritual commitment reflective of the ideals of the Seventh-day Adventist Church.
- Complete and return the Sixteen Personality Factor Questionnaire as directed.

Admission Procedure. Applicants must submit those items specified in the Graduate Program’s section of this bulletin on p. 47 and in the Seminary admission requirements on pp. 331–333.

Advanced Standing
Students who have done post-MDiv work in an accredited theological seminary or graduate institution may be eligible to receive advanced standing provided the work is appropriate to the DMin program. The DMin committee determines the appropriateness and relevancy of such credits. Credits accepted for advanced standing may not exceed 25 percent of the total credits required for the DMin degree. Credits earned toward an MA or an MDiv degree are not considered for advanced standing.

Degree Requirements
In addition to the requirements listed in the Academic Policies section on p. 333, students must fulfill the following requirements for the DMin degree:

General Requirements 16
GSEM730 (2 cr), GSEM790 (2 cr) and 796 (6 cr);
GSEM706 (6 cr)
Other modules 16
TOTAL CREDITS for the DMin Degree 32

Students must also complete a graduate-level research course prior to GSEM790. This requirement is waived if the student can give evidence of having taken such a course prior to beginning the DMin program. A research course is available by distance education for DMin students to meet this prerequisite. Participants in the Family Ministry concentration satisfy this requirement with RLED776-01 Topics: Program Evaluation.

Financial Plans
Financial plans are available to assist NAD employees, international students, cohort groups, and others. Contact the DMin office for further information.

Modes of Delivery
In order to make the program accessible to church professionals, the professor contact portions of course modules are offered as intensives on-campus and at off-campus locations.

Residency Requirements
In order to fulfill residency requirements, extension students must take GSEM706 (6 cr) and GSEM790 at the Andrews University campus or at any other Andrews ATS-Association of Theological Schools-approved site.

Project Requirements
- Students should take GSEM790 (2 cr) in preparation for their project. A statement explaining the philosophy of a Doctor of Ministry project, including guidelines for its development and preparation, is provided when GSEM790 is taken. A project proposal must be submitted and accepted.
- The project, which should address a problem or issue directly relevant to the ministry of the contemporary church, is developed and implemented in an in-ministry situation. The approach of the project is normally developmental with formative evaluation. The project should be developed in close consultation with the student's adviser. Regulations governing the style and format of project documents are found in Andrews University Standards for Written Work.
- During the third and fourth years of the curricular program, candidates must register for GSEM796. If the project is still in progress after this time, the student must register for GSEM788 DMin Project Continuation (0 cr) and pay the doctoral project continuation fee for each additional semester.
• When students are unable to demonstrate adequate writing abilities they will be required to hire an editor at their expense.
• Students must pass an oral defense of the project designed to test the candidate's ability to integrate learning and the practice of ministry. The defense must be successfully completed no later than four weeks prior to graduation.
• In certain cases, a dissertation may be substituted for a project with permission from the Doctor of Ministry office.

Time Limits. DMin students must complete all courses and modules and successfully defend the project within six years from the time they begin coursework. In special circumstances and upon written request, extensions may be granted for no more than an additional year. Tuition for continuation equal to one doctoral credit will be charged per semester in an extension year. When participants are dropped due to time limits course module credits are preserved, but project/dissertation courses must be retaken at cost should readmission be granted.

Project Process. For a detailed outline of the DMin project process, students should see the Guidelines for the Doctor of Ministry Project. A copy of this document is provided to students during the GSEM790 intensive. It can also be obtained from the Doctor of Ministry Web site: www.doctorofministry.com, or the DMin office.

Academic Supervision. The director of the DMin program acts as curriculum supervisor. The project adviser and a second reader are chosen by the student in consultation with the program director. Students should work closely with these persons to complete the project.

the program are regular graduate courses that are fully transferable

RELIGIOUS EDUCATION

Mission
The Religious Education Programs prepare men and women to fulfill 
the teaching and discipling mandates of the gospel commission.

Programs
The Religious Education programs offer studies leading to the 
Master of Arts: Religious Education degree and the Doctor of 
Philosophy: Religious Education degree. Each graduate will have 
a biblical knowledge base, an understanding of Christian spiritual 
formation and nurture, and pedagogical skills to serve in a 
specialized area of teaching ministry for either the formal (school) 
or non-formal (church and family) setting.

Religious Education prepares pastor-teachers for leadership 
roles in settings where religious, moral, and spiritual nurture 
and growth are primary concerns. Areas of emphasis in Religious 
Education include family life education, campus spiritual leadership, 
denominational certification for secondary religion teaching, and 
other options customized by the student in consultation with 
an advisor. The degrees are interdisciplinary and offer students 
considerable flexibility.

In addition to the area of emphasis, the core requirements 
focus on facilitating the development of the graduate as a

- Christian Apologist
- Pastor-Teacher
- Servant Leader
- Researcher-Evaluator
- Maturing Christian
- Lifelong Scholar

Each of these roles includes a number of competencies that 
serve as guides to students in designing their programs of 
study and choosing their courses. Students generally meet the 
competencies by satisfactorily completing the core courses 
and emphasis area electives in the curriculum. A course plan 
is prepared by each student in consultation with his or her 
Religious Education advisor. Well-planned choices help to ensure 
that competencies are met at levels appropriate for the degree 
pursued.

All course work is campus-based and supported by online 
resources. Where warranted, students may fulfill program 
competencies by portfolio presentation.
