The Bachelor of Social Work (BSW) is a professional degree which prepares graduates for generalist professional practice and/or the opportunity to be admitted to a Master of Social Work (MSW) program with advanced standing within appropriate advanced standing GPA guidelines. In addition to the on-campus BSW program, the BSW program is offered as an off-campus program at Washington Adventist University, Takoma Park, Md. The off-campus BSW program is administered and delivered by the AU Department of Social Work and upon completion the BSW is conferred by Andrews University. The AU baccalaureate program is accredited by the Council on Social Work Education through the year 2011.

Throughout the curriculum, the program integrates concepts of professional ethics and values, critical thinking, and sensitivity to diversity, oppression, social and economic justice, and populations-at-risk. Field education is an integral component of the program.

Although students may declare themselves as social work majors in their freshman or sophomore year, they must apply for acceptance into the social work program. Application is made in January of the sophomore year for formal acceptance into the program by the end of March. Applications are available from social work academic advisors of both the on-campus and off-campus sites.

Admission Criteria
Students qualify for entry into the BSW program when they:
- Earn a minimum GPA of 2.00.
- Receive grades of C- or better in all required program prerequisite and cognate courses.
- Complete SOWK100, 101, 315, 320, 325. Maintain a GPA of at least 2.50 in these courses.
- Complete and submit BSW Program Application Packet.
- Receive an acceptance letter from the Undergraduate Program Director.

Continued Enrollment and Professional Expectations
Continued enrollment is conditional upon the following:
- Acceptable academic performance
- Ethical conduct in compliance with the National Association of Social Workers (NASW) Code of Ethics
- Adequate knowledge and practice performance in the practicum setting.
- Appropriate demonstration of Professional Expectations. Students in the BSW and MSW Social Work programs are expected to read, know, and integrate the professional expectations listed in the Andrews University Department of Social Work Handbook. Consequences for violations of these expectations could include but are not limited to verbal or written warnings, denial of admission, suspension, dismissal, or expulsion from a course or the program. Students may obtain copies of the Student Handbook in the Social Work Department office or on the departmental website at www.andrews.edu/sowk/.

MSW/MDiv Dual Degree

Andrews University has formed a collaborative between the Seventh-day Adventist Theological Seminary and the Department of Social Work in the College of Arts & Sciences to prepare students for service in occupations where social work and the pastoral mission of the church intersect.

The objectives of this program are to prepare students for various forms of ministry in which clinical and administrative skills in social work and theology are needed; to enable students to integrate both theological and social work knowledge, values and skills into a multifaceted approach to Christian service, thereby enhancing their usefulness as instruments of the Holy Spirit; and to sensitize students to nontraditional ministry opportunities by exposing them to theories and practice skills related to counseling approaches, person-in-environment, social and economic justice, human rights, and global perspectives from a Christian worldview.

The program is designed to give students an integrated approach to both theology and social work. Students can choose either a dual degree or an emphasis in either social work or theology. For those eligible for the dual degree in Track 1, the focus of instruction alternates between theology and social work from year to year so that students can best integrate and assimilate the content from one discipline to the other. Track 2 students will focus on seminary courses first to be followed by social work courses. For further explanation of Tracks, see p. 357 in the Seminary section.

Requirements for Admission

Applicants for the MDiv/MSW dual degree program typically will have received a bachelor’s degree (BA, BS, BSW) from a four-year college or university accredited by one of the nationally recognized accrediting agencies in the United States, or hold an equivalent educational credential from another country. Application must be made separately to both the Theological Seminary and the Department of Social Work. Acceptance into one of the programs does not guarantee acceptance into the other.

Applicants must meet the admissions requirements for each program, including all required prerequisites for each degree program.

MDiv: Track 1 MDiv students must fulfill one of the biblical language requirements before being granted regular admission into the dual program.

MSW: 1) Applicants to the social work program must complete the Graduate Record Exam prior to admission into the program; 2) Students must maintain a minimum cumulative GPA of 3.0 in social work program courses; 3) No grade of D or F (or U) may count toward the MSW degree.

Credits for Each Program

MDiv: Track 1: Graduation requirements consist of the satisfactory completion of 113 semester credits with an overall grade point average of C (2.5) or better. Sixty eight credits are MDiv credits, 31.5 credits are Social Work credits, and 13.5 credits are shared between the two curricula.

Track 2: Graduation requirements consist of satisfactory completion of 140 semester hours with an overall grade point average of C (2.5) or better. Ninety five credits are MDiv credits, 31.5 credits are Social Work credits, and 13.5 credits are shared between the two curricula.

MSW: MDiv students are required to complete 65 core credit hours for the two-year regular MSW program. Due to the strict requirements of the Council on Social Work Education’s accrediting mandates, these core courses must all be taught or co-taught within the department by faculty holding an MSW degree. However, these courses could be co-taught with faculty from the seminary. Occasionally, a student who has already earned a BSW from an accredited program may apply to this program. In this case, the student would be placed in the Advanced Standing program, and take either 33 credits (Advanced Standing) or 39 credits (Advanced Standing Plus). Students with an undergraduate GPA of 3.0 or higher are eligible to complete the Advanced Standing Program while those with a lower GPA must complete the Advanced Standing Plus requirements.

Since both the MDiv and MSW programs reduce total credits in order to reduce costs and achieve a more streamlined and efficient program, it is recommended that both degrees must be received simultaneously in order to fulfill the requirements of either degree. Students who have already completed the MDiv will be considered for the program. Although MDiv students can transfer 11 electives into the MSW program, they can only receive a tuition reduction if they are simultaneously enrolled in the MDiv Program. Seminary students who are accepted into the MDiv/MSW collaborative program will receive a 33% tuition discount on all core social work credits.

Program Options:

1. MDiv/MSW Dual Degree: In this option, students are able to complete both the MDiv and the MSW in four years. Both degrees are conferred by Andrews University. Completion of the dual degree requires strict adherence to course sequence and curriculum design. The program will require students to take courses in summer sessions. The four-year completion plan also assumes that the student has satisfactorily completed one of the biblical language requirements, and has a bachelor’s degree in theology or religion. The four-year plan is designed to take Track 1 students 11 semesters and Track 2 students 12 semesters.

2. Social Work Emphasis: In this option, MDiv students choose 12 hours of elective credit in social work courses. Students may choose any master’s-level social work course, either foundation or elective that would best equip them for pastoral ministry. These courses can fulfill the general elective requirement for Track 1 MDiv students.

3. Christian Ministry Emphases: There are two Christian Ministry emphases offered. The first is the emphasis in Pastoral Care. Eight elective credits can be taken from the following courses: CHMN503 (Marriage, Family & Interpersonal Relationships), CHMN508 (Tools for the Pastor’s Spouse), CHMN526 (Conflict Management in the Church), CHMN540
(Church and Urban Community), or CHMN553 (The Church and Social Issues). The second emphasis is in Youth Ministry. Eight elective credits can be earned from the following courses: CHMN619 (Religious Experience in Adolescence), CHMN626 (Ministry to At-Risk Youth), CHMN636 (Seminar in Youth Ministry) or DSRE656 (Counseling Youth and Young Adults).

For an in-depth description of the MDiv/MSW dual degree, see the Master of Divinity section of the bulletin, p. 357.

MSW/MAYYAM Dual Degree
Andrews University has formed a collaborative between the Department of Christian Ministry in the Seminary and the Department of Social Work in the College of Arts & Sciences to prepare students for youth and young adult ministry and social work. Students choosing this program would receive both a master’s in Youth and Young Adult Ministry and a master’s in Social Work.

The objectives of this program are to equip students for various forms of ministry in which cultural and social-scientific insights and skills are required; to enable students to integrate both ministry and social work knowledge, values, and skills into a multifaceted approach to Christian service, thereby enhancing their usefulness as instruments of the Holy Spirit; and to sensitize them to nontraditional ministry opportunities by opening them to theories and practice skills related to counseling approaches, person-in-environment, social and economic justice, and human rights and global perspectives from a Christian worldview.

The program is designed to give students both master’s degrees within three years.

The details of the program are as follows:

- The dual degree will consist of 78 credits.
- The student will need to be accepted into both programs.
- There will be shared electives between the two programs:
  - Eight credits for the MA in Youth & Young Adult Ministry; and
  - Ten credits for the Master of Social Work.
- Fieldwork will also be a shared experience, being cross-listed as CHMN660 Field Practicum/SOWK35 Field Experience/ SOWK635 Advanced Field Experience. Nine credit hours will be required for a total of 900 clock hours.
- One course will be cross-listed and be taken in the Department of Social Work:
  - CHMN503 Marriage, Family & Interpersonal Relations with SOWK501 Foundations of Practice I
  - GSEM525 Bible and Biblical History will be considered a prerequisite course. If the student passes the Biblical Literacy Exam, that will satisfy the prerequisite. If the student does not pass the exam, they will need to take the one-credit GSEM525 in addition to the 78 credits for the dual degree.

See the Seminary section of this bulletin for a complete description of the dual degree.

Mission  
The Andrews University Department of Speech-Language Pathology & Audiology provides faith-affirming Christian education focusing on the knowledge and practice of speech-language pathology and audiology. Majors are expected to become knowledgeable about a variety of communication disorders, their etiology, and treatment; develop professional skills and demeanor; treat all patients with respect regardless of age, gender or ethnicity; provide effective clinical services; and successfully prepare for graduate education and service to the world.

Speech-language pathology and audiology are two disciplines that focus on communication problems. Speech-language pathologists work with individuals who have difficulties speaking fluently and clearly, understanding speech, using their voices, formulating language, and feeding and/or swallowing. Audiologists work with individuals who have difficulty with hearing, central auditory processing, dizziness, and tinnitus. Speech-language pathologists and audiologists work in a variety of settings including hospitals, schools, rehabilitation centers, and private practice.

The major in speech-language pathology and audiology at Andrews University offers pre-professional (undergraduate) education for those interested in becoming speech-language pathologists or audiologists. The undergraduate curriculum not only provides students with the prerequisite coursework for graduate school admission, but also with opportunities for clinical experience in the department and community. Individuals desiring to become speech-language pathologists must obtain a master’s degree. Individuals desiring to become audiologists must obtain a clinical doctorate (AuD). Details of graduate programs are available through the department office.
