Mission
We, the Andrews University Departments of Art & Design and Digital Media & Photography, mentor students to be Christ-centered, socially responsible creative individuals by developing their artistic gifts in a nurturing spiritual environment.
Department Goal
It is the goal of the Departments of Art & Design and Digital Media & Photography to help each student achieve the traditional and digital skills necessary to achieve entrance into a graduate program, begin work as a professional artist or craftsman or achieve a professional portfolio that will allow them to directly pursue a career in their chosen track after graduation. Through dedicated faculty, quality education and active community involvement, we seek to empower students to honor God in their visual communication.

Multiple Majors & Degrees. The department of Art & Design allows students to graduate with a double BFA major or a BFA and a BA in Art History. Credits cannot be duplicated within the 36 credit emphasis track.

Computer Policy. The Departments of Art & Design and Digital Media & Photography regard the computer as a tool integral to the success of the visual communicator in their professional development. All students are required to purchase a laptop computer and software meeting the department guidelines. Because computer technology is continually changing, a revised policy is drafted in the fall semester, outlining the specific requirements for each year. Laptop purchases should be made by mid-fall semester of the student’s freshman year. Use of the computer in the curriculum varies by course.

Undergraduate Programs

Bachelor of Fine Arts (BFA)
The three closely related departments of Art & Design, Communication, and Digital Media & Photography offer students an exciting opportunity to earn a collaborative Bachelor of Fine Arts degree (BFA). The BFA degree encompasses three areas: Photography, Visual Communication and Visual Art.

Each of the BFA degree emphases has a 4–part curriculum:
(1) Art History
(2) Studio Core
(3) Foundation Courses, and
(4) Portfolio Track.

Additional cognates along with the General Education requirements complete the specifications for graduation for the BFA degrees.

Upon completion of the Studio Core and Foundation Courses the student must arrange for a BFA review. The BFA review should happen no later than the end of the sophomore year. The BFA review is a critique of the student’s portfolio by the combined faculty of the Department of Art & Design. All work created in the Studio Core and Foundation program should be available for review. Once accepted into the BFA program students must maintain a 2.75 GPA in all BFA coursework. No BFA courses with a final grade below a B- will be accepted toward the completion of the BFA. The completion of the BFA includes a senior exhibition and portfolio of the student’s work.

Service: fulfilled through professional components of the program
Social Sciences: professional degree requirements
Fitness Education: HLED120 and two additional courses from personal fitness, outdoor skills or team activity

Emphasis Areas

VISUAL ART EMPHASIS
The Visual Art Emphasis is recommended for students who wish to become professional artists, illustrators, craftsmen, or art teachers on a college level. It is the first step toward acceptance into an MFA program, which is the necessary degree for pursuing a teaching position at the college level. It is also the first step toward acceptance in an MA program in Art Therapy. After an
exploratory period students will be encouraged to concentrate the majority of their credits in a single area: painting, ceramics, or printmaking. At least 18 credits in one area are recommended in order to achieve a professional portfolio of work and senior exhibition.

**Fine Art Portfolio Track**
The Fine Art track cultivates the individual voice and vision of the Fine Arts student and prepares them to sustain their professional lives as practicing artists.

**36 Total Credits:** Required to take ART304 Drawing (3), ART485 BFA Thesis Project (3), ART497 BFA Exhibition (1) and MDIA496 Portfolio Development (2); with 18 credits of the 36 total chosen from ART305 Painting (3), ART306 Printmaking (3), ART307 Ceramics (3), ART308 Sculpture (3) and ART310 Typography (3) (ART300 level classes are repeatable). With the 9 remaining elective credits to be chosen from ART, ARTH, ARCH, PHTO, DGME, VDEO, MDIA, JOUR or MKTG courses.

**Illustration Portfolio Track**
The Illustration track prepares students to enter a career in professional illustration. The successful illustrator is able to convey emotions, interpret events, tell a story or market a product or idea through the use of artistic concepts and images. Illustrators must master a wide range of drawing media and techniques to meet the objectives of a wide range of employers and projects.

**36 Total Credits:** Required to take ART304 Drawing (3), ART305 Painting (12), ART306 Printmaking (3), ART310 Typography (3), ART485 BFA Thesis Project (3), ART497 BFA Exhibition (1) and MDIA496 Portfolio Development (2). With 9 remaining elective credits to be chosen from ART, ARTH, ARCH, PHTO, DGME, VDEO, MDIA, JOUR or MKTG courses.

**Pre-Art Therapy Portfolio Track**
The Pre-Art Therapy Emphasis is recommended for those planning to do graduate work in art therapy and to enter that profession. Work as an art therapist requires a master’s degree in Art Therapy. The Pre-Art Therapy Emphasis may require additional semesters of course work. The Pre-Art Therapy Emphasis is the Bachelor of Fine Arts Degree with a concentration in Fine Arts. In addition to the BFA degree most graduate programs require up to 15 credits of Psychology course work. We recommend PSYC101, 301, 410, 454 and 460. Because course requirements vary, the Pre-Art Therapy student should check the prerequisite requirements of the schools to which they intend to apply. Most art-therapy master’s programs also require up to one year of work experience with mentally or physically disadvantaged people prior to acceptance.

**VISUAL COMMUNICATION EMPHASIS**
The Visual Communication Emphasis is recommended for those wishing to work in the design professions. There are three portfolio tracks available: Art Direction & Advertising, Graphic Design and Web Design. The degree program combines the study of art, communication, design, and technology as mediums for visual communication and/or personal artistic expression. Our students join the Visual Communication program because they possess the ability to think, speak, draw, write and design. They graduate as design leaders, having learned to inform, guide, clarify, promote and empower through visual form. The BFA Thesis Project and Senior Exhibition, as well as internships, bring students face-to-face with the design community. At the same time, students acquire valuable experience in problem solving and the application of design principles, making them cultural catalysts and sought-after design professionals.

**Art Direction/Advertising Portfolio Track**
The Art Direction/Advertising track prepares students for work in the advertising professions. It combines both tools for visual dialogue and tools for written communication. The Art Direction/Advertising student will become prepared to understand visual dialogue and to communicate effectively and creatively

**36 Total Credits:** Required to take ART304 Drawing (3); remaining credits chosen from ART310 Typography (3), ART433 Advertising & Package Design (3), JOUR140 Introduction to Mass Communication (3), JOUR230 Beginning Media Writing (3), MKTG368 Advertising and Promotion (3), COMM405 Persuasion (3), COMM456 Group Dynamics and Leadership (3), ART485 BFA Thesis Project (3), ART497 BFA Exhibition (1), MDIA496 Portfolio Development (2), ART487 Internship (1). With an additional 5 credits to be chosen with your advisor from ARTH, ARCH, VDEO, MDIA, JOUR or MKTG courses. Suggested electives include: JOUR465 Topics: Scriptwriting, COMM425 Media Literacy, COMM454 Topics: Organizational Communication.

**Graphic Design Portfolio Track**
Graphic Design is a multifaceted discipline, which encompasses many types of content and media. Projects include book design, poster design, identity design, packaging, exhibit design, magazine design, interface design, and advertising design. The Graphic Design track provides a comprehensive education within this ever-expanding discipline and strives to prepare accomplished, resourceful graphic designers with critical minds to evaluate their own work, its place in the professional and in the larger community it is meant to serve.

**36 Total Credits:** Required to take ART304 Drawing (3); remaining credits chosen from ART310 Typography (3), ART430 Corporate Identity (3), ART431 Editorial Design (3), ART432 Brand Design (3), ART433 Advertising and Package Design (3), PHOTO300 Media Ethics (3), ART485 BFA Thesis Project (3), ART497 BFA Exhibition (1), MDIA496 Portfolio Development (2), ART487 Internship (1). With an additional 8 credits to be chosen with your advisor from ART, ARTH, ARCH, PHTO, DGME, COMM, JOUR, MDIA, VDEO or MKTG courses.

**Web Design Portfolio Track**
(Resides in the College of Technology)
Interested in creating visually stunning and interactive layouts for Web and other Interactive applications? The successful Web Design student will be able to discuss underlying technology— its possibilities and limitations as well as related issues—with clients and team members; layout accessible web pages and sites using XHTML and other web development languages; develop dynamic effects and animations; translate client needs, content, and branding into structured website concepts and project visitor needs into structured website concepts.

The student will develop strong design skills to gain an excellent grasp of visual, interaction and usability design principles through typography, graphics, color, layout, and other factors in a web-specific way. Projects will range from in-class projects to month-long projects for non-profit and for-profit organizations.
PHOTO300 Media Ethics (3), PHOTO385 Advanced Studio (4), PHOTO220 Color Photography I (4), PHOTO285 Studio (4), sustain their professional lives as practicing artists.

Fine Art Photography Portfolio Track

The photography student will study the methods used to create effective and aesthetically pleasing imagery.

Art History—12

Photography Emphasis must take:

ARTH345 History of Graphic Design 3
ARTH326 Renaissance to Modern Art 3
ARTH440 Art Since 1945 3
PHOTO210 History of Photography 3

Commercial Photography Portfolio Track

The Commercial Photography track specializes in teaching students to run their own commercial studio or work as a photographer's assistant.

36 Total Credits:

PHOTO200 Advanced Photography I (4), PHOTO220 Color Photography I (4), PHOTO285 Studio (4), PHOTO300 Media Ethics (3), PHOTO385 Advanced Studio (4), MDIA496 Portfolio Development (2), ART485 BFA Thesis Project (3), ART497 BFA Exhibition (1). With an additional 9 credits to be chosen with your advisor from ART, ARTH, ARCH, PHOTO, DGME, COMM, JOUR, MDIA, VDEO or MKTG courses.

PHOTOGRAPHY EMPHASIS

(Resides in the College of Technology)

The Photography Emphasis is recommended for those wishing to work in the creation of still or moving visual images. There are three portfolio tracks available: Commercial Photography, Documentary Video and Fine Art Photography. The degree encompasses elements of digital, commercial, and fine arts imaging, focusing on individual creativity and photojournalism. The photography student will study the methods used to create effective and aesthetically pleasing imagery.

Documentary Video Portfolio Track

Students learn to design and integrate digital video and 3-D animation to produce creative advertising, documentary, promotional products, and TV graphics.

36 Total Credits:

JOUR230 Media Writing (3), VDEO210 Digital Video Editing (3), VDEO320 Video Compositing (3), VDEO340 Video Shooting (3), VDEO465 Video Documentary (3), PHOTO300 Media Ethics (3), MDIA390 Internship (1) PHOTO200 Advanced Photography I (4), ART485 BFA Thesis Project (3), ART497 BFA Exhibition (1), MDIA496 Portfolio Development (2). With an additional 7 credits to be chosen with your advisor from ART, ARTH, ARCH, PHOTO, DGME, COMM, JOUR, MDIA, VDEO or MKTG courses.

Fine Art Photography Portfolio Track

The Fine Art Photography track cultivates the individual voice and vision of the photography student and prepares them to sustain their professional lives as practicing artists.

36 Total Credits:

PHOTO200 Advanced Photography I (4), PHOTO220 Color Photography I (4), PHOTO285 Studio (4), PHOTO300 Media Ethics (3), PHOTO385 Advanced Studio (4), MDIA496 Portfolio Development (2), ART485 BFA Thesis Project (3), ART497 BFA Exhibition (1). With an additional 11 credits to be chosen with your advisor from ART, ARTH, ARCH, PHOTO, DGME, COMM, JOUR, MDIA, VDEO or MKTG courses.

36 Total Credits:

JOUR230 Media Writing (3), VDEO210 Digital Video Editing (3), VDEO320 Video Compositing (3), VDEO340 Video Shooting (3), VDEO465 Video Documentary (3), PHOTO300 Media Ethics (3), MDIA390 Internship (1) PHOTO200 Advanced Photography I (4), ART485 BFA Thesis Project (3), ART497 BFA Exhibition (1). With an additional 9 credits to be chosen with your advisor from ART, ARTH, ARCH, PHOTO, DGME, COMM, JOUR, MDIA, VDEO or MKTG courses.

BA: Art

(40–43)

The BA: Art is a liberal arts degree that relates broad intellectual knowledge to material, spiritual, and emotional awareness. The degree requires 40 credits in visual art and art history courses, a minor in a non-art second area, and the General Education requirements including a foreign language. Each of the BA emphases listed below require the following art history courses:

Art History Foundation—9

ARTH325, 326, 440.

Emphasis Areas

Art History Emphasis—42

Art history explores the historical meaning of art, architecture, and visual culture in all parts of the world from antiquity to the present. It analyzes visual objects through their form, technique, design, historical context, and ideological function. It also studies individual artists or makers, cultural institutions, audiences, and intercultural exchanges. It is inherently interdisciplinary, often requiring theoretical engagement with fields such as anthropology, philosophy, critical theory, political science, history, literature, film, performance, theater, and area studies.

The study of art history develops skills of informed and critical looking, reading, speaking, and writing. Thus, while it offers specialized knowledge of the visual world for those who want to pursue careers in the art world, academia, and the practice of art and design, the major is also excellent for any student seeking a solid foundation in the liberal arts. With its broad historical, cultural, geographic, and methodological spectrum, it offers an excellent background for students who want to specialize in areas such as law, medicine, business, international relations, politics, and education.

The Art History degree requires 42 credits in art history, visual art, and cognates; a minor in a non-art secondary area, and the General Education requirements including a foreign language (French or German recommended). A BA in Art History is recommended for those planning to do graduate work in the humanities or enter professions that require a broad overview of visual culture. Careers in museums generally require at least a master’s degree. Careers in college and university teaching and research require a PhD.

Majors continuing on to graduate school are encouraged to do the following over and above the basic requirements for the major:

• Maintain a GPA of 3.0 or above.
• Confer with your advisor early on to discuss academic plan.
• Develop a greater depth in a given area, beyond what is required.
• Attain reading competence in at least one foreign language.
• Spend a year abroad.
• Remember that in any graduate school application, you will be expected to produce evidence of strong research and writing skills, as in a paper from an upper level course or an Honors thesis/project.
• Be aware that the components of a serious application to graduate school include not only your transcript and GRE scores, but also three letters of recommendation from faculty members, a writing sample, a well-informed statement of purpose, and indication of foreign language skills.
Recommended Minors for Art History Majors

Selected in consultation with the advisor from advanced drawing, painting, printmaking, and ceramics courses.

BS: Visual Arts Education
Secondary (K–12)
(No minor required)
This degree, offered in cooperation with the Department of Teaching and Learning, prepares students to teach art on both the elementary and secondary levels. The Visual Arts Education degree is a K–12 endorsement for secondary certificates. This degree should only be taken by those seeking teacher certification. Majors must complete the requirements for denominational and/or Michigan state teacher certification until they have been accepted into the School of Education’s Teacher Preparation Program and have completed the Foundation courses. The BS in Visual Arts Education requirement includes the successful completion of a senior exhibition and a portfolio of the student’s work given to the Department of Art & Design.

Art History—12
ARTH325, 326, 440

Choose one course from:
ARCH424: Topics in: Islamic Art & Architecture (3)
ARCH425: Topics in: Ancient Americas’ Art & Architecture (3)
ARCH426: Topics in: Far Eastern Art & Architecture (3)

Art Methods—12
ART457: Art Methods: Elementary (4)
ART459: Art Methods: Secondary (4)
ART480: Visual Art Education Practicum (4)

Visual Art Foundation—18
ART104, 105, 106, 107, 207, 209

Senior Exhibition—3
ART497 (BFA Exhibition)

Advanced Visual Art Requirements—8
In consultation with the advisor, choose 8 elective credits in one studio area from the following: ART304, 305, 306, 307, 310, 430, 431, 432, 433.

Minor in Art History
Recommended for students of literature, history, and sociology as a complementary area of study. The minor concentration in art history responds to the needs of those students pursuing a major in another field who would like to expand their knowledge of the art of various cultures and of art-historical research methods. The minor offers flexibility in the selection of courses to suit the interests of students in other fields of the humanities or sciences seeking the broad cultural perspective that art history provides.
Required courses: ARTH325, 326, 440, 450 and 6 elective credits
in Art History chosen from ARTH328, 329, 380 (special topics
in art history classes only) or 495, and one course from the
following:
ARTH424 Topics in: Islamic Art & Architecture (3)
ARTH425 Topics in: Ancient Americas’ Art & Architecture (3)
ARTH426 Topics in: Far Eastern Art & Architecture (3)

Minor in Digital Media
Recommended for students interested in communication,
technology and the design areas.

Required courses: DGME130 Intro to Digital Media (3), ART207
Basic Design (3), PHOTO115 Intro to Photography (4), DGME175
Digital Imaging (4), DGME225 Digital Vector Graphics (4),
DGME250 Intermediate Web Design (3)

Courses
See inside front cover for symbol code.

Art History, Theory and Issues

ARTH220 Language of Art
Presents the elements of visual language and studies them in
relationship to images of famous paintings, sculptures, and
contemporary advertisements. Does not duplicate an art history
course.

ARTH325
Prehistoric to Medieval Art
Examines the ancient images of non-Western and Western
cultures as they are manifested in famous works of art and
architecture.

ARTH326
Renaissance to Modern Art
A survey of selected Western and non-Western artists, techniques,
and cultural eras from 1300 to 1945.

ARTH328
Artists of the Renaissance
A chronology and analysis of Italian masters from Giotto to Raphael,
and northern masters from van Eyck to Rembrandt. A study of the
importance of social and cultural influences impacting these artists
and the contributions made through their art.

ARTH329
Nineteenth Century and Impressionism
A chronological study of the major artists influencing culture,
primarily in France, from David to Cezanne in the movements of
Neo-classicism, romanticism, realism, impressionism, and post-
impressionism.

ARTH345
History of Graphic Design
This course surveys the pivotal events and achievements that led
to the current state of graphic communication. The unceasing
quest to give form to ideas is traced from the pictographs painted
on cave walls to the latest imaginative designs. Through lectures,
videotapes, discussions, presentations and research, students
are introduced to the creative thinkers, important innovations
and breakthrough technologies that have shaped the evolution of
visual communication. Prerequisites: ART207, DGME130.

ARTH440
Art Since 1945
A study of selected artists associated with post-WWII Western
culture, the critical schools they are associated with, and the
major influences upon their work.

ARTH450
Study Tour:
Travel to destinations relevant to individual programs of study.
Classes will be selected from department(s) offerings. Fee may be
required.
Visual Art
The department reserves the right to hold some student work until the termination of the spring student show. Students leaving the campus at the end of the semester must take their work with them. Because of minimal storage space, work and supplies remaining in the department after the close of the spring semester are removed and discarded.

ART104 SA $ (3)
Introduction to Drawing
A foundational course where basic drawing principles are introduced and observational abilities are developed. Standards of drawing, such as line, value, composition and perspective are explored using a variety of approaches, tools and media.

ART105 SA $ (3)
Introduction to Painting
An introduction to various painting techniques, principles of color, composition and materials. Objective subject matter is emphasized and the development of a basic visual vocabulary.

ART106 SA $ (3)
Introduction to Printmaking
Explores printmaking methods such as monoprint, wood cut, linoleum cut, etching and engraving, lithography, and screen printing. Emphasis on technical-skills development and personal images.

ART107 SA $ (3)
Introduction to Ceramics
An introduction to working with clay and glazes for the creation of hand-built ceramic objects.

ART207 SA $ (3)
Basic Design
A study of the elements and organizational principles of 2-dimensional design.

ART209 SA $ (3)
3-D Design
An introduction to the principles of three dimensional design and sculpture media. Introduces students to a variety of tools and materials which help to develop 3-D expression.

ART214 SA $ (3)
Introduction to Graphic Design
A transition from design theory to design application as it relates to visual communication. A series of projects develops basic skills and familiarity with design process and the graphic design profession. Prerequisite: ART207.

ART304 SA $ (2–6)
Drawing
Students use many media and concentrate on individual methods of expression through drawing. Repeatable. Prerequisite: ART104.

ART305 SA $ (2–6)
Painting
Repeatable, advanced level painting course, with an in-depth study in the art and craft of painting, designed to expand one's visual vocabulary. Exploration in an area of painting practice; illustration, portrait, figurative, still life, landscape or conceptual. Prerequisite: ART105.

ART306 SA $ (2–6)
Printmaking
One of the major methods (relief, planographic, intaglio, stencil) may be selected for semester-long exploration. Anything over 3 credits in one semester needs permission of instructor. Repeatable. Prerequisite: ART106.

ART307 SA $ (2–6)
Ceramics
A systematic exploration of a particular area of ceramic practice. Subjects may include: wheel throwing, glaze formulation, various firing practices, raku, ceramic sculpture, exploring a form, or other assignments chosen by the professor. Repeatable. Prerequisite: ART107.

ART308 SA $ (2–6)
Sculpture
The expressive use of a range of materials through the skills of modeling, carving, and construction. Usually one medium is studied during the semester. Repeatable.

ART310 SA $ (3)
Typography
An exploration of typographic structures terminology, methods, and visual problem solving. This studio course addresses typographic design as a practical form of visual communication. Prerequisites: ART207, DGME130.

ART380 AH $ (1–3)
Topics in Art
Courses cover specific topic areas in Art and Art History such as: African Arts, Asian Arts, Design, Egyptian Arts, Near Eastern Art, Mesopotamian Art, Mixed Methods, Methods in Art Historical Research, Watercolor. Studio courses are also eligible. Prerequisites for advanced studio courses apply to Topics course.

ART430 S (3)
Corporate Identity
This course focuses on the creation of effective corporate trademarks and logotypes. Prerequisites: ART207, 214.

ART431 S (3)
Editorial Design
This course is concerned with the design of the page and the page sequence of books, periodicals and magazines through editorial concept, content, format, image and audience. Prerequisites: ART207, 214, DGME185.

ART432 S (3)
Brand Design
This course is concerned with creating a brand and provides a basis for deciding the procedures and practices for corporate communication goals. Prerequisites: ART207, 214.

ART433 S (3)
Advertising and Package Design
This course explores the many facets of print advertising and package design. Prerequisites: ART207, 214.

ART457 (4)
Art Methods: Elementary
Covers the process of teaching creativity and artistic expression to students at the elementary level. The focus is on understanding the developmental levels of creativity in children. Art is also
integrated in the rest of the curriculum. Art projects are part of this course.

**ART459**  
*Art Methods: Secondary*  
Deals with teaching creativity and artistic expression to students at the secondary level. It covers the developmental levels of students and gives practical ideas for developing individual creativity. Project ideas are part of the course.

**ART480**  
*Practicum in Visual Art Education*  
Application of principles of art in education, and integrating various subjects into the art curriculum. An introduction to the curriculum of K-12 schools, including unique SDA curricular materials and Michigan Content Standards and Benchmarks. Field experience included in class meeting time. Prerequisites: ART457, 459.

**ART485**  
*BFA Thesis Project*  
This capstone course allows for the synthesis of the students’ academic and studio work, developing an individual project proposal and culminating in a thoughtful presentation that demonstrates knowledge of specific issues, methods, and materials. Prerequisites: minimum of 24 credits in a portfolio track and permission of the instructor.

**ART487**  
*Internship*  
Supervised work experience with a design firm. 120 hours of work is required for each credit. Students must be a junior and have at least a 3.00 GPA in all BFA coursework. May be repeated up to 3 credits. Prerequisites: ART207, 214.

**ART495**  
*Independent Reading/Project*  
Independent study or senior exhibition and portfolio creation. Repeatable. Requirements vary.

**MDIA496**  
*Portfolio Development*  
This course focuses on students’ job-seeking portfolios through lectures, demonstrations and studio work. Existing projects are refined and gaps are filled in new projects. All projects must meet the most professional standards, with emphasis on quality and job-related subject matter. Prerequisites: minimum of 24 credits in a portfolio track and permission of the instructor. Repeatable to 4 credits.

**ART497**  
*BFA Exhibition*  
Presentation of the capstone BFA thesis project in a gallery exhibition. May also include preparation for graduate school.

**Digital Media and Photography**

**DGME130**  
*Introduction to Digital Media*  
An introductory survey of the discipline of digital media. Students are introduced to electronic publishing, basic printing principles, sound digitizing, vector and raster graphics, interactive multimedia, image acquisition and output, web publishing and e-mail. Understanding the Macintosh computer is also covered. Lab required.

**DGME150**  
*Introduction to Web Design*  
This introductory course is designed to familiarize students with the design and creation of web pages and web sites. Students will learn basic HTML and XHTML structure along with basic styling with CSS (Cascading Style Sheets). Prerequisite: DGME130.

**DGME165**  
*Principles of Print Production*  
A study of print production that includes prepress concepts, digital printing, digital image capture, color management, and page imposition.

**DGME175**  
*Digital Imaging*  
In this foundation course the student will begin to learn how to apply their creative vision within the boundaries of Adobe Photoshop. Emphasis is on creative and technical issues as they relate to the creation of visual work. Layers, adjustment layers, compositing methods, and restoration are explored. Technical proficiency, creative expression, and attention to detail are stressed. Prerequisites: ART 207, DGME 130, (PHTO 115 recommended).

**DGME185**  
*Digital Publishing*  
Students will learn to produce a variety of publications using basic and advanced functions with Adobe InDesign. Emphasis will be on designing, pre-flighting and publishing documents for print, online and mobile devices. Adding interactivity to layouts using animation, video and sound in page layouts is also covered. Lab required.

**DGME215**  
*Digital Sound*  
An introduction to digital sound acquisition, manipulation and storage techniques. Students learn fundamentals of sound terminology, audio digitizing and nonlinear editing. Students will then apply this knowledge to various video, interactive and web applications. Lab required. Prerequisite: DGME130.

**DGME225**  
*Digital Vector Graphics*  
A study of digital vector graphic imaging emphasizing graphic production for print, digital multimedia, and web publishing. Lab required. Prerequisite: DGME130 or equivalent.

**DGME250**  
*Intermediate Web Design*  
This intermediate course expands a knowledge of XHTML and CSS to include basic DOM, Javascript and PHP. Students learn through a series of projects designed to advance not only their technical knowledge, but also their design skills. Prerequisite: DGME150.

**DGME335**  
*Flash & Actionscripting*  
Flash is a proprietary, robust graphics animation/application development program used to create and deliver dynamic content, media (such as sound and video), and interactive applications over the web via the browser. Actionscript programming incorporates usability features, such as respecting the browser’s font size and allowing blind users to use screen readers. Actionscript 2.0 is an Object-Oriented language, allowing the use of CSS, XML, and the design of class-based web applications. Prerequisite: ART104; DMGE130 or equivalent.
DGME350  $ (3)

Advanced Web Design
Students in Advanced Web Design will use their knowledge in CSS, XHTML, Javascript, and PHP to set up an Open Source Content Management System for a client and will begin working with databases, XML, and web servers. Emphasis is placed on using technology to design visually stunning and highly effective web sites. Prerequisites: DGME 250 (DGME335 is also encouraged).

GRPH345  $ (4)

Advanced Screen Graphics
An in-depth study on making process, simulated process, index and spot separations for screen printing. Other decorating methods will be explored such as transfers, foil, athletic numbering, glow-in-the-dark, puff and UV. Non-textile applications will also be explored such as decorating substrates like plastics (binders, CDs, etc.) and glass (simulated etch, etc.) and many other substrates. Prerequisite: DGME165.

MDIA194/494  (1–4)

Project Course/Independent Study
Development of a skill or independent study in a given area by working independently under the supervision of an instructor. Repeatable to 12 credits. Prerequisite: Permission of instructor.

MDIA390  (1–4)

Internship
On-the-job internship experience for students seeking industrial experience which cannot be simulated in a classroom setting. A range of 120–150 clock hours of work are required for each credit. Selected in consultation with the advisor. May be repeated.

MDIA275/485  (1–4)

Topics in:____________
Repeatable in various areas.

MDIA496  $ (1–3)

Portfolio Development
This course focuses on students’ job-seeking portfolios through lectures, demonstrations and studio work. Existing projects are refined and gaps are filled in new projects. All projects must meet the most professional standards, with emphasis on quality and job-related subject matter. Prerequisites: minimum of 24 credits in a portfolio track and permission of the instructor. Repeatable to 4 credits.

MDIA597  (1–3)

Independent Study
Individual study or research under the direction of an instructor. Repeatable to 6 credits. Prerequisite: Permission of department chair.

PHTO115  SA $ (3–4)

Introduction to Photography
Basic introduction to the principles of the camera and darkroom techniques with consideration toward composition, psychological, and aesthetic attitudes in black-and-white photography. Lab required.

PHTO116  SA $ (3–4)

Introduction to Digital Photography
Students are introduced to photography through the use of digital tools. Digital SLRs and Quadtone printers are used to explore the technical and aesthetic issues involved in the process of making images. Consideration will be given to digital workflow, managing data, and creating visually appealing photographs. Lab required.

PHTO200  SA $ (4)

Advanced Photography I
Develops the art of photographic perception and use of photography as a visual language. Emphasizes craftsmanship and awareness of tools available, as well as aesthetics, and the art of seeing creatively. Developing skills beyond introductory camera usage is emphasized. Lab required. Prerequisite: PHTO115.

PHTO210  SA $ (4)

History of Photography
Historical study of significant contributors in the development of photography, and their influence on art and society.

PHTO220  SA $ (4)

Color Photography I
Designed to acquaint students with color materials, their handling and exposure. Aesthetic and communicative aspects of color photography are stressed in producing visually effective color transparencies. Lab required. Prerequisite: PHTO115 or by permission of instructor.

PHTO285  $ (4)

Studio
Study of lighting techniques in standard-equipped studio, emphasizing portraiture, commercial illustration, and experimental techniques in black-and-white and color mediums. Lab required. Prerequisite: PHTO200.

PHTO300  (3)

Media Ethics
An exploration and discussion of the media and its effect on society, covering such issues as body image, violence, politics, etc. Students study how to recognize the way moral values of media professionals influence themselves and society.

PHTO305  SA $ (4)

Alternative Photographic Processes
This course is designed to provide the advanced student with additional methods of creative expression. The Cyanotype and VanDyke Brown processes will be learned as well as various methods of image transfer. Creative expression and technical proficiency in these techniques will be emphasized. The creation of a portfolio with strong visual unity will be a significant part of the class. Prerequisites: DGME175, PHTO285.

PHTO320  SA $ (4)

Color Photography II
An image-oriented course, drawing on the student background in the use of color comprehension, photographic technical and aesthetic understanding, and working knowledge of emulsion and digital photography. Information in this class is for the sole purpose of comprehensive color image. Lab required. Prerequisites: DGME175, PHTO220.

PHTO326  (3)

Business of Photography
After taking most of our photo classes many ask, “Now how do I make a living as a photographer?” The purpose of this course is to teach you how to get paid fairly for the photography you love doing. You will learn that charging for photography is much different than most businesses because it is based on usage and not time and materials.
**PHTO115 recommended. Lab required.**

Introduction to Video Techniques, Aesthetics, and Methods of Video Production.

An introductory course in videography emphasizing the terminology, aesthetics, and methods of video production. Lab required. Prerequisite: PHTO115.

**VDEO130 $ (3)**

Video Shooting

An advanced study in digital video, exploring professional level cameras, lighting, sound and other equipment necessary to make good video, aesthetic issues of creating visual and audio stories, and developing skills and knowledge beyond an introductory level. Lab required. Prerequisites: ART207, DGME175, PHTO115.

**VDEO320 $ (3)**

Video Compositing

An introductory course covering the essential components in video compositing. Students learn how to create innovative visual effects and motion graphics for video. Emphasis on text animation, keyframing, masks, alpha channels, 3-D compositing, rendering, application integration, advanced visual and artistic effects. Lab required. Prerequisites: DGME215, VDEO210.

**VDEO210 $ (3)**

**3-D Imaging**

A study of basic 3-D modeling principles and techniques. Students learn 3-D modeling terminology and how to create 3-dimensional models using polygonal, nurbs, and subdivision techniques. Students also learn basic lighting and surfacing. Lab required. Prerequisites: ART104; DGME175.

**VDEO210 $ (3)**

**Video Shooting**

An advanced study in digital video, exploring professional level cameras, lighting, sound and other equipment necessary to make good video, aesthetic issues of creating visual and audio stories, and developing skills and knowledge beyond an introductory level. Lab required. Prerequisites: ART207, DGME175.

**VDEO360 $ (3)**

3-D Animation

A study of basic 3-D modeling principles and techniques. Students learn 3-D modeling terminology and how to create 3-dimensional models using polygonal, nurbs, and subdivision techniques. Students also learn basic lighting and surfacing. Lab required. Prerequisites: ART104; DGME175.

**VDEO340 $ (3)**

Video Compositing

An introductory course covering the essential components in video compositing. Students learn how to create innovative visual effects and motion graphics for video. Emphasis on text animation, keyframing, masks, alpha channels, 3-D compositing, rendering, application integration, advanced visual and artistic effects. Lab required. Prerequisites: DGME215, VDEO210.

**VDEO360 $ (4)**

**3-D Animation**

A study of basic 3-D animation techniques implementing key frame, forward and inverse kinematics, dynamics, lighting, paint effects, rendering and more. Lab required. Prerequisites: DGME215; VDEO210, 360.

**VDEO330 $ (3)**

DVD Authoring/Design

A course emphasizing production of interactive DVD-Video, DVD authoring, workflow, story boarding, navigation, menu design, bit budgeting, video and audio encoding, DVD video navigational structures, web linking, proofing, pre-mastering, and recording to DVD-R. Lab required. Prerequisite: DGME347.

**VDEO465 $ (3)**

Video Documentary

Study and application of documentary storytelling techniques. Students will explore the technical and creative use of digital video cameras in documentary filmmaking. Emphasis on interview techniques, story selection and structure. One lab required. Prerequisites: VDEO130, 210, 340.

**PHTO365 $ (4)**

Advanced Digital Imaging

In this course the student will build a deeper understanding of how to use software to create compelling visual work. Emphasis is on learning how to finely control the variables available within Adobe Photoshop and other related software. The student will learn how to use alpha channels, master complex masking, and understand critical color theory as they create a body of work that further defines a unique personal vision. Repeatable to 8 credits. Lab required. Prerequisites: ART207, DGME175, PHTO115.

**PHTO385 $ (4)**

Advanced Studio

An individual approach to an advanced level of studio photography. Students choose a concentration in the following areas: Portraiture, People/Fashion, Still-Life, Advertising/ Illustration, and Location Photography. This course is designed specifically to learn visual concepts and solve visual problems of the commercial photo industry. Repeatable to 12 credits. Lab required. Prerequisite: PHTO285.

**PHTO400 $ (4)**

Digital Photographic Processes

This class explores methods of digital photographic manipulation while emulating traditional technique. A high level of photographic output and the art of seeing will be stressed. Digital capture, processing RAW files and fine manipulation of the digital file will also be highlighted. Lab required. Prerequisites: PHTO220, 365.

**PHTO410 SA $ (4)**

Advanced Photography II

A course designed for the advanced photographer to investigate personal potential in visual exploration, experimentation, and technical excellence. Discussion involves expanding personal vision and exploring new techniques to achieve goals. Repeatable to 8 credits. Prerequisite: PHTO285.

**PHTO420 SA $ (1–4)**

Documentary Photography

Documentary photography provides students with a unique opportunity to grapple with documenting images that tell a story about a particular endeavor. Students will be encouraged to go much further in-depth with a specific project then they have ever done before. The class hours will be devoted to lectures, and critiquing of assignments. Labs will consist of carrying out the semester-long project, photographing assignments, developing film/digital, printing for critiques, and mounting images for the final project.

**PHTO425 SA $ (4)**

Travel Photography

Designed to be done in conjunction with on-location photography, and provides a background in the specific needs related to travel. Photographing people and their land in foreign environments is emphasized. Unique materials and equipment are discussed as they relate to travel photography. Repeatable to 8 credits. Prerequisite: PHTO115.

**VDEO130 $ (3)**

Introduction to Video

An introductory course in videography emphasizing the terminology, aesthetics, and methods of video production. PHTO115 recommended. Lab required.
