

ALL IN THE FAMILY: CANCER GENETICS

Judith Hiemenga, MD

Clinical Geneticist

Spectrum Health Cancer Genetics Clinic

Grand Rapids, MI

<https://health.usnews.com/doctors/judith-hiemenga-457747>

Are you genetically at risk for certain types of cancers? Come, listen and talk with an expert in the field. All are invited.

Judy Hiemenga attended Calvin College and Grand Valley University, graduating with a BS in Nursing. She is an MD, graduating from Michigan State University's College of Human Medicine. She did an Obstetric and Gynecologic residency in Grand Rapids, Michigan and went on to practice in that specialty for almost 24 years. She completed a 2 year fellowship/residency in Clinical Genetics and now sees patients and families affected by cancer in the Spectrum Health Cancer Genetics Clinic.
