

UNNATURAL CAUSES: A DOCUMENTARY

Part of a three-year series featuring local and nationally-recognized speakers, Community Grand Rounds is designed for professionals in medicine, allied health fields, and social work as well as government leaders and community members.

Unnatural Causes is an acclaimed documentary series broadcast by PBS that addresses the root causes of our alarming socio-economic and racial inequities in health.

The series uncovers startling new findings which suggest there is much more to our health than bad habits or unlucky genes. The social circumstances into which we are born, live, and work can actually disrupt our physiology as much as sickness and disease.

After the screening, participate in a guided conversation on how these topics are related to our community and discuss concrete actions items to help improve community health.
