

Daniel 11 Conference

October 20-23, 2021

The seminar for today's world based on Daniel 11's "Time of the End" prophecy.

Adventist scholars share three main interpretations of Daniel 11 in Adventism today. In 2021, we are digging deeper still, seeking to gain understanding in light of events surrounding us today.

Listen, learn, ask questions, and grow in understanding! May God fill your heart with His peace - a peace the world can never give.
