Teaching English to Speakers of Other Languages—MA

The MA in TESOL (Teaching English to Speakers of Other Languages) prepares students for one of the fastest growing global careers as English language teachers and program administrators. It equips students with the knowledge and strategies they need to be highly effective English teachers and prepares mission-minded educators to reach out to the world with knowledge, skills, and confidence.

- A curriculum which effectively integrates theory, pedagogy, research, and practice
- Highly interactive classes taught by faculty with years of ESL/EFL teaching experience
- Opportunities to observe/teach at the Center for Intensive English Programs

**PROGRAM LENGTH**
- Full-time students can complete the program in two years. A minimum of 33 credits required.

**ADMISSION REQUIREMENTS**
- A four-year Baccalaureate degree (or non-U.S equivalent) from an accredited institution
- Minimum undergraduate GPA of 2.6 (Applicants with lower GPA may be admitted upon consideration of the composite profile)
- Transcripts of post-secondary coursework
- Two Recommendations from professors
- Resume describing employment, research or special projects
- GRE General test from exam taken within five years. Go to ets.org/gre
- Statement of Purpose reflecting your philosophical perspective, personal, professional, and academic goals, and reasons for seeking the graduate program
- TOEFL, IELTS or PTE (academic): Students whose language of education is not English must submit English proficiency test scores

**ADDITIONAL REQUIREMENTS FOR INTERNATIONAL STUDENTS**
- I-20 form: After academic acceptance and financial approval, Andrews University issues an I-20, which is required for obtaining a visa.

_The Office of Graduate Enrollment Management reserves the right to request additional documents._

ABOUT ANDREWS

Andrews University is located in beautiful southwest Michigan on a 2,400-acre campus along the St. Joseph River. What started as 12 students in 1874 has grown to over 3,300 on-campus students and approximately 2,500 studying around the world. Today, Andrews is the best-known Adventist educational institution in the world.

At Andrews we are serious about giving you choices, offering many options of graduate studies. Whatever you decide, we aim to make sure you achieve balance between theory and practice, and experience growth on your personal spiritual journey.

When you become an Andrews University graduate student, you position yourself for enrichment in your intellectual, spiritual and everyday life.

Explore the Graduate Experience at Andrews University.

Be Part of a Multicultural Environment
Andrews University is ranked #1 in campus ethnic diversity in the U.S. by the 2018 U.S. News Best Colleges edition. Students represent more than 92 countries.

Stay Spiritually Connected
Campus Ministries encourages participation in diverse opportunities to help you feel inspired and connected with God.

Let’s Celebrate the Arts Together
Music is all around our campus. The Howard Performing Arts Center features renowned classical performers and leading Christian artists.

Research and Scholarship
Research and academic excellence are celebrated in every area of our campus and permeate daily academic life.

Message from the Dean

Graduate programs in the College of Arts and Sciences are designed to provide the best possible preparation for careers in Biology, Communication, English, International Development, Music, Social Work and TESOL. You will find that these graduate programs are forward focused, providing you opportunity to study and work directly with faculty creating a path to your future that is full of innovative and exciting possibilities.

Our students are why we are here. It is our responsibility to provide you with a sound education, offering both breadth and depth of knowledge that prepares you to become an independent and intellectual leader in an ever-changing global economy. As a student here, you will not just be a face in a crowd but a part of a world-class team of faith-based researchers and educators working on important, world-changing problems.

I invite you to be a part of our life-changing experience.

Keith Mattingly, PhD
Dean, College of Arts & Sciences
