

Financial Assistance

Mission: Invent is an opportunity for students to engage with each other and share their inventions in a collaborative and encouraging environment. It is our goal that any participating student who wants to attend be able to do so. Food and lodging will be provided to all participants, but it is the family's responsibility to arrange and cover the cost of transportation. If your family requires assistance with travel expenses, please fill out this form to apply for financial assistance. Return the completed form and W-2's by email to stemconnect@andrews.edu or by mail to the following address.
