

**CALLING ALL K-12...**

**INVENTORS**

**DESIGNERS**

**BUILDERS**

**THINKERS**

**LEARNERS**

JOIN US FOR

**MISSION:**

**invent**

Generate excitement for STEM, creativity and problem-solving with an in-class engineering activity. Join us on **July 10, 2023**, for **Mission: Invent** at Andrews University! Adventist students, parents and educators from across North America will come together to celebrate these amazing projects. Mark your calendars and start participating now with ready-to-print materials, videos and assessments available for FREE on our website. Empower your students to design the future!
