

CAEP Annual Report 2024

Measure 4 (Initial and Advanced): Ability of completers to be hired.

Initial Level

The TPP had 100% employment with 2022-2023 completers. One candidate is working in a K-12 school in an area other than which they were prepared for state licensure. The candidates earn both state certification as well as the Seventh-day Adventist (SDA) certification allowing them to teach in either the SDA educational system or the public system. All three completers in 2022-2023 are working in the SDA educational system.

Advanced Level

Educational Leadership

2/2 (100%) of EDAL completers in the data cycle for 2022-2023 reporting year were immediately employed after graduation as educational leaders.

School Psychology

100% (3 of 3) of 2022- 2023 School Psychology completers are employed in the field of school psychology. All were offered positions at the sites where their internships were completed suggesting employer satisfaction with the candidates' performance.
