Lori Copsey has trained over 2,500 school psychologists, teachers, administrators, nurses, cafeteria and janitorial workers, over the past ten years. Her training is through the Crisis Prevention Institute. The cornerstone of CPI is the *Nonviolent Crisis Intervention*<sup>®</sup> program, which is considered the worldwide standard for crisis prevention and intervention training. With a core philosophy of providing for the *Care, Welfare, Safety, and Security*<sup>SM</sup> of everyone involved in a crisis situation, the program's proven strategies provide the skills to safely and effectively respond to anxious, hostile, or violent behavior while balancing the responsibilities of care.
