University program admissions policies allow students to enter with credit for prior graduate work. The impact these transfer credits have on program completion is dependent on the number of credits considered comparable to program courses and are eligible for transfer.

Transfer Credit requirements are listed in two locations. The course sequence for each incoming student is evaluated for possible transfer credits which may shorten the length of time needed to complete required coursework.

Under the Academic Bulletin "Awarding Degrees" section (https://bulletin.andrews.edu/content.php?catoid=10&navoid=799#Awarding_Degrees_for_Graduate_Programs) students must follow the published guidelines relating to age of prior coursework, number of credits, and type of credits completed.
