Our English Language and Cultural Experience Program is designed for young adults seeking to improve their English skills while immersing themselves in a vibrant cultural setting. Participants will engage in intensive English language classes led by experienced instructors, focusing on communication, fluency, and real-world application. Outside the classroom, the program offers a variety of exciting excursions and faith-based activities—from museum visits and cultural festivals to outdoor adventures and Adventist Heritage tours—ensuring a well-rounded and memorable experience. This dynamic blend of education and exploration helps participants build language confidence, enrich faith, make new friends, and gain a deeper appreciation for diverse cultures.

For more information, contact the Department of Intensive English (diep@andrews.edu) or ACA (aca@nadadventist.org).
