Adequate Internet access during the duration of the course is critical for your participation. To be successful, plan to spend time daily on the course.

Assessment Descriptions
WileyPLUS Quizzes
These are 30-point quizzes. Students can take these up to two times and will receive the best score of the two.

WileyPLUS Exercises & Problems
Selected exercise and problems from the end of each chapter have been assigned through the WileyPLUS online portal. They are graded instantly when you complete each assignment and will be reflected in your LearningHub gradebook.

Exercises and problems consist of multiple choice/fill-in-the-blank/matching question types.
WileyPLUS Continuing Case: Cookie Creations
At the end of each chapter you will find a continuing case that follows Natalie Koebel as she starts her business, named Cookie Creations. This assignment is woven through the entire course as an opportunity to synthesize everything covered within a single, life-like story.

Question types include making various accounting entries, completing financial statements, and writing short answer responses to questions. Some answers are graded immediately by WileyPLUS, while others are graded later by the instructor.

The case begins in Chapter 1 and continues until Chapter 11, where ACCT 121 ends.

Fraud Paper
During week 15 you will research the rise and fall of the Enron company in preparation for your writing assignment. In this 2–3-page paper you will provide a summary of the scandal, the impacted parties, and what ethical mistakes were made. You also need to hypothesize how you would handle a situation of fraud in your workplace. The paper should reference specific topics and terms learned throughout this course. Use Chicago Style, single spaced, size 12 Times New Roman font, 1-inch margins. Be sure to cite your sources and proofread for spelling, grammar, and typos.

Discussions
During this course, you have an opportunity to express what you’re learning as responses to various prompts provided in LearningHub as discussions posts. This exercise proves you are able to put accounting lessons into your own words, which prepares you for the work environment, where you will frequently communicate to co-workers and supervisors.

Discussion forums are opportunities for you, the course instructor and your classmates to engage in robust online conversations. In some instances, where one student is enrolled in a course, discussions will be with the instructor. Those conversations are most often based on academic topics and questions. They are integral to the course and provide avenues for enriching knowledge as well as constructing knowledge through thoughtful dialogue with peers and instructors.

Some discussions are formal in nature and call for thorough scholarship. They hold to the same academic standards for originality and honesty as other academic work (e.g. papers, essays, quizzes and exams). Whenever appropriate, any idea or statement in a discussion forum that is not your own original work should be referenced, according to the style guide adopted by your academic discipline (e.g. APA, MLA, Chicago, etc.).

There may also be forums in the course in which the discussions are informal. Such discussions may include personal introductions and opportunities to know more about other participants in the course as well as academic topics. Informal forums are great for sharing interests, observations and encouragements with classmates.

For each forum in this course you will be required, unless otherwise instructed, to create an initial post and, at least, two replies to classmates. Course weeks [after the first week] begin on Friday and end on Thursday. The initial post is due by 11:55 pm on Sunday of the week the discussion is assigned. Replies to classmates are due by 11:55 pm on Thursday of the week the discussion is assigned. More details regarding each of these assignments are available in LearningHub.

Part 5: Course Policies

Withdrawal and Incomplete Policies
The current withdrawal policy can be found online at https://www.andrews.edu/distance/students/gradplus/withdrawal.html. The incomplete policy is found online at http://www.andrews.edu/weblmsc/moodle/public/incompletes.html.

Late Work
Due dates are listed both in the LearningHub course space and in the syllabus. Late work will have 10% of the earned points deducted.

Maintain Professional Conduct Both in the Classroom and Online
The classroom is a professional environment where academic debate and learning take place. Your instructor will make every effort to make this environment safe for you to share your opinions, ideas, and beliefs. In return, you are expected to respect the opinions, ideas, and beliefs of other students—both in the face-to-face classroom and online communication. Students have the right and privilege to learn in the class, free from harassment and disruption.

Netiquette
In this course you will communicate with your classmates and instructor primarily in writing through the discussion forum and e-mail.

"Online manners" are generally known as "netiquette." As a general rule, you should adhere to the same classroom conduct that you would "off-line" in a face-to-face course. Some examples of proper netiquette are:

1. Avoid writing messages in all capital letters. THIS IS GENERALLY UNDERSTOOD AS SHOUTING.
2. Be careful what you put in writing. Even if you are writing an e-mail message to one person, assume that anyone could read it. Though you may send an e-mail to a single person, it is very easy to forward your message to hundreds or thousands of people.
3. Grammar and spelling matter. Online courses demand the same standard of academic communication and use of grammar as face-to-face courses.

4. Never use profanity in any area of an online course. The transcripts of online course discussion forums, e-mail, and chat sessions are savable.

5. When responding to messages, only use "Reply to All" when you really intend to reply to all.

6. Avoid unkindly public criticism of others. Publicly criticizing others in an inappropriate way is known as "flaming." Consider this course a practice forum for selecting your verbiage thoughtfully and professionally.

7. Use sarcasm cautiously. In the absence of nonverbal cues such as facial expressions and voice inflections, the context for your sarcasm may be lost, and your message may thus be misinterpreted.

8. In a face-to-face setting, our tone of voice and facial expressions may convey as much of our meaning as the words we use. In a written message, the subtext of your meaning may be confused or misinterpreted. Write clearly. Use active verbs.

**Academic Accommodations**

Students who require accommodations may request an academic adjustment as follows:

1. Read the Andrews University Disability Accommodation information at [https://www.andrews.edu/services/sscenter/disability/](https://www.andrews.edu/services/sscenter/disability/)

2. Download and fill in the disability form at [http://www.andrews.edu/services/sscenter/disability/accommodationsreqform.pdf](http://www.andrews.edu/services/sscenter/disability/accommodationsreqform.pdf). Preferably type answers. To save a digital copy, 1) print to file and save or 2) print and scan. Email the completed form and disability documentation (if any) to success@andrews.edu or fax it to (269) 471-8407.

3. Email sdestudents@andrews.edu to inform the School of Distance Education that a disability has been reported to Student Success.

**Commitment to Integrity**

As a student in this course, and at the university, you are expected to maintain high degrees of professionalism, commitment to active learning, participation in this course, and integrity in your behavior in and out of this online classroom.

**Commitment to Excellence**

You deserve a standing ovation based on your decision to enroll in, and effectively complete this course. Along with your pledge of “commitment to Integrity” you are expected to adhere to a “commitment to excellence.” Andrews University has established high academic standards that will truly enhance your writing and communication skills across the disciplines and in diverse milieu with many discourse communities in the workplace.

**Honesty**

Using the work of another student or allowing work to be used by another student jeopardizes not only the teacher-student relationship but also the student’s academic standing. Lessons may be discussed with other students, tutors may help to guide a student’s work, and textbooks, encyclopedias and other resource materials may be used for additional assistance, but the actual response must be the student’s own work. A student who gives information to another student to be used in a dishonest way is equally guilty of dishonesty.

Any violation of this policy will be taken before the Higher Education Academic and Curriculum Committee for appropriate punitive action.
