Part 1: Course Information

Course Description
Andrews University

This course includes basic English syntax for students and future teachers, grammatical terminology, a brief history of English grammar and grammatical models, and goals and approaches to teaching grammar.

Course Prerequisites
ENGL 115

Course Learning Outcomes
B.A. English applicable Program Learning Outcomes (PO)
1. Students will demonstrate knowledge in literature, rhetoric, and language using sound academic technique in core English studies curricula.
2. Students will demonstrate competence in their chosen emphasis.

Student Learning Outcomes (SLO)
The students who have completed this class should have acquired:
1. the jargon – that is, the labels – of English grammar that will allow them to talk professionally and specifically about grammar;
2. an understanding and a working knowledge of English grammar and how the parts all fit together so that they can better help their students understand it;
3. some goals and approaches for teaching grammar in the classroom; and an appreciation of the miraculous nature of the brain we have been given that allows us to produce and understand the sentences we (and our students) create with grammar.

**Required Text/Material**

**Credit Hour and Commitment**
An undergraduate 3-credit course taken at Andrews University requires a total of 135 hours for course lectures, reading requirements and written assignments. For this course, the instructor estimates that this total of 135 hours will be distributed as follows:

- Viewing Lectures: 35 hours
- Readings: 55 hours
- Assignments: 45 hours

**Part 2: Course Methods and Delivery**

**Methods of Instruction**
Methods of instruction include assigned readings, video lectures, reflections and notes on the reading & lectures, quizzes, tests and two exams. Regular participation in the course is essential to good performance.

**Course/Technical Requirements**
- Internet connection (DSL, LAN, or cable connection desirable).

**LearningHub Access**
This course is delivered online through LearningHub at [http://learninghub.andrews.edu](http://learninghub.andrews.edu).

Your username and password are your Andrews username and password. You need to activate your username and password to access LearningHub.

Please do this online here: [https://vault.andrews.edu/vault/pages/activation/information.jsp](https://vault.andrews.edu/vault/pages/activation/information.jsp) if you haven’t already. If you need assistance, call or email us: (296) 471-6016 or [helpdesk@andrews.edu](mailto:helpdesk@andrews.edu).

If you need technical assistance at any time during the course, or to report a problem with LearningHub, please email [dlit@andrews.edu](mailto:dlit@andrews.edu) or call (269) 471-3960.
Part 3: Course Requirements

Important Note: Activity and assignment details will be explained in detail within each learning module. If you have any questions, please contact your instructor.

Your Schedule
In LearningHub, you will access online lessons, course materials, and resources. This course is self-paced. You must complete the course within 180 days. This is the Consortium policy. You may have a stricter deadline imposed by graduation, financial aid, or other restrictions.

Start by creating a schedule for completion of the course.
- Determine your deadline. Do you need a transcript sent to your home institution?
- Working from your deadline, count backwards. Allow 2 weeks after you take your final exam for your final grade to be calculated. Allow another 2 weeks for the transcript to be processed and sent.
- Now use the suggested schedules to create a schedule for yourself that ensures completion 4 weeks before your deadline.

Submit your course plan to your instructor within LearningHub, AND discipline yourself to make regular progress.

Assessment Descriptions
Lecture Video and Additional Online Resources Notes
You are required to watch and take notes on the video lectures and the additional online resources associated with each Module. Your notes should follow a sequential outline of the information presented in the lecture or website in order to receive full credit. Post your notes to the drop-box on LearningHub. You can expect exam questions to employ information from the video lectures, so your notes should be helpful in your studying.

Notes must include information from the entire video or online resource. In other words, they must show evidence of your having viewed the video lecture or read the online resource from beginning to end. Notes need not be exhaustive, but they should be thorough. Examples to illustrate main points need only be included if they are important to aid your thorough understanding. You should respond to your instructor’s comments/questions on your notes.

Video/Film Assignments
There are several video assignments in this course. You are expected to watch the listed videos. After watching the video you will write a one-page reflection paper sharing your thoughts about the video and post it to the drop-box on LearningHub. Use the guideline questions provided in the Module listing the assignment to prepare your paper.

Test/Quizzes
Students are required to complete the practice exercise quizzes and the tests on LearningHub.

Rubrics
Grading scale rubric for video lecture and online extra resource note-taking
9-10 points: Notes include main points of the lecture.
7-8 points: Notes include most main points of the lecture.
5-6 points: Notes are missing some important information.
0-4 points: Notes are nearly incomplete or were not taken.

**Grading scale rubric for video/film viewing reflection papers**

10 points  Paper is well organized, includes most of the information from the study questions, and shows thoughtful engagement with the topic of the video.

8-9 points  Paper may lack organization, may include only some information from the study questions, or may only partially engage with the topic of the video.

6-7 points  Paper lacks organization, doesn’t include much information from the study questions, and fails to engage thoughtfully with the topic of the video.

0-5 points  Paper doesn’t show that the student has watched the entire film, thought about the study questions, or engaged with the topic of the video.

**Exams**

You are allowed two hours (120 minutes) for the midterm exam and the final exam. You must bring your photo ID, and you are allowed no notes or materials for the tests or exams.

All exams must be supervised by a school or community official, such as a teacher, librarian, registrar, or pastor, who is not related to you.

The exam request form will available in LearningHub after you have completed the assignments prior to the exam. Each student must state clearly on the exam request form the professional status, job title, or any other qualifications of the supervisor that will aid the testing department in the approval process. If you are attending a college or university, you must use the testing center at that institution. A student living near the Andrews University School of Distance Education main office in Michigan must have the exams supervised at the School of Distance Education testing office. It is important that the exam request should be sent in ahead of time.

An online exam code cannot be sent to a supervisor who has the same address as the student unless the address is known to be that of a school, mission facility, etc.

All college students must present photo identification to their supervisor’s before taking exams.

If you cannot take your exam by the deadline date, email sdeexams@andrews.edu.

No exam is returned to the student or supervisor. Test grades are sent to the student as soon as the exam is graded. Feedback from the instructor for midterm exams will provide information for studying for future exams.

**Suggested schedule for completion in 16 weeks**

## Part 5: Course Policies

### Withdrawal and Incomplete Policies
The current withdrawal policy can be found online at [https://www.andrews.edu/distance/students/gradplus/withdrawal.html](https://www.andrews.edu/distance/students/gradplus/withdrawal.html). The incomplete policy is found online at [http://www.andrews.edu/weblmsc/moodle/public/incompletes.html](http://www.andrews.edu/weblmsc/moodle/public/incompletes.html).

### Maintain Professional Conduct Both in the Classroom and Online
The classroom is a professional environment where academic debate and learning take place. Your instructor will make every effort to make this environment safe for you to share your opinions, ideas, and beliefs. In return, you are expected to respect the opinions, ideas, and beliefs of other students—both in the face-to-face classroom and online communication. Students have the right and privilege to learn in the class, free from harassment and disruption.

### Academic Accommodations
Students who require accommodations may request an academic adjustment as follows:

1. Read the Andrews University Disability Accommodation information at [https://www.andrews.edu/services/sscenter/disability/](https://www.andrews.edu/services/sscenter/disability/)
   Preferably type answers. To save a digital copy, 1) print to file and save or 2) print and scan. Email the completed form and disability documentation (if any) to [success@andrews.edu](mailto:success@andrews.edu) or fax it to (269) 471-8407.
3. Email [sdestudents@andrews.edu](mailto:sdestudents@andrews.edu) to inform the School of Distance Education that a disability has been reported to Student Success.

### Commit to Integrity
As a student in this course (and at this university) you are expected to maintain high degrees of professionalism, commitment to active learning and participation in this class, and integrity in your behavior in and out of the classroom.

### Commit to Excellence
You deserve a standing ovation based on your decision to enroll in, and effectively complete this course. Along with your pledge of “commitment to Integrity” you are expected to adhere to a “commitment to excellence.” Andrews University has established high academic standards that will truly enhance your writing and communication skills across the disciplines and in diverse milieu with many discourse communities in the workplace.

**Honesty**
Using the work of another student or allowing work to be used by another student jeopardizes not only the teacher-student relationship but also the student’s academic standing. Lessons may be discussed with other students, tutors may help to guide a student’s work, and textbooks, encyclopedias and other resource materials may be used for additional assistance, but the actual response must be the student’s own work.

Exams must be completed in the presence of an approved supervisor without the assistance of books, notes, devices or outside help unless otherwise specified in the exam directions. The student should have no access to the exam either before or after it is taken. A student who gives information to another student to be used in a dishonest way is equally guilty of dishonesty.

Any violation of this policy will be taken before the Higher Education Academic and Curriculum Committee for appropriate punitive action.

**Part 6: Bibliography**

The plan for this course and the video lectures were prepared and presented by Asta Sakala LaBianca, M.A., Assistant Professor of English in the Department of English and the Center for Intensive English at Andrews University.
