Part 1: Course Information

Course Descriptions
A study of the basic principles of nutrition science, the biochemical functions of various nutrients, the changes in physiological needs with age, and the relationship between nutrition and health. Students needing life science general education credit must also register for the lab, FDNT240.

Required Text/Material
Note: Textbooks for online courses may be purchased from any supplier. For financial aid in payment, contact your financial advisor at the university where you are completing your degree. Andrews University degree students who have confirmed that funds are available will then purchase the books themselves and send receipts to their financial advisor for reimbursement.

Credit Hours and Commitment
This course is offered for 3 semester credits; therefore it is expected that you will spend 135 hours total on this course. This course has 16 modules with 15 lessons, 2 exams, 6 assignments, and 15 quizzes. Each module represents a week of a typical semester course. It is recommended that you budget 9 hours for studying and completing the activities for each module. Many of the readings in this course may require an hour or more to read, and many of the writing assignments will require you to devote significant time to thinking, planning, and researching, so plan your time accordingly. Suggested schedules to accomplish this work are included in this syllabus.

Student Learning Outcomes
- The recommended nutrient intakes and nutrition assessment
- The major sources and the functions of the different categories of nutrients
- Meal planning that is balanced and meets recommended nutrient intakes
- The mechanisms of digestion, absorption, and conversion to energy
- The concepts of energy balance and weight gain/loss
- Special nutrition needs of people in different life stages
- Dietary risk factors
- Principles of food safety and security
- The characteristics of reliable nutrition information

Part 2: Course Methods and Delivery

Methods of Instruction
Methods of instruction include assigned readings from the textbook and the course material, short essays and reflections on the reading, short open book quizzes on the readings, interaction with the instructor via discussion forums and two exams. Regular participation in the course is essential to good performance.

Technical Requirements
- Computer: PC (Win 10 or newer) or MAC (10.14 or better)
- A webcam with microphone, and speakers (or plug in headset)
- Internet: 2.4 Mbps or faster DSL, cable or Wi-Fi connection
- Browser: Current version of Chrome or Firefox
- Software: Office 2013 or newer (Office 365 available here)

LearningHub Access
This course is delivered online through LearningHub at http://learninghub.andrews.edu

Your username and password are your Andrews username and password. You need to activate your username and password to access LearningHub. Please do this online here: https://vault.andrews.edu/vault/pages/activation/information.jsp if you haven’t already. If you need assistance, call or email us: (296) 471-6016 ormailto: helpdesk@andrews.edu.

If you need technical assistance at any time during the course, or to report a problem with LearningHub, please email dlit@andrews.edu or call (269) 471-3960.
Part 3: Course Requirements

Important Note: Activity and assignment details will be explained in detail within each learning module. If you have any questions, please contact your instructor.

Your Schedule
In Learning Hub, you will access online lessons, course materials, and resources. This course is self-paced. You must complete the course within 180 days. This is the Consortium policy. You may have a stricter deadline imposed by graduation, financial aid, or other restrictions.

Start by creating a schedule for completion of the course.
- Determine your deadline. Do you need a transcript sent to your home institution?
- Working from your deadline, count backwards. Allow 2 weeks after you take your final exam for your final grade to be calculated. Allow another 2 weeks for the transcript to be processed and sent.
- Now use the suggested schedules to create a schedule for yourself that ensures completion 4 weeks before your deadline.

Submit your course plan to your instructor within Learning Hub AND discipline yourself to make regular progress.

Assessment Descriptions

Blogs 1-12
For each lesson, you will be expected to respond to select topics in the discussion forum blog. After you have read the content material for a lesson, click on the blog link and post a thoughtful answer to all topics listed. Feel free to comment on other students’ posts. Participation in the blogs is worth 15% of your course grade.

Quizzes 1-15
There are 15 quizzes that go with each chapter. These are open book and you will be allowed 2 attempts to take the quiz.

Assignments 1-6 consist of three parts:
1) Knowledge Check 1-6 (multiple choice, true-false questions)
2) Short Answers 1-6
3) Short Essays 1-6

Midterm Exam
The exam includes 20 true/false questions, 80 multiple choice questions, a section on food labels worth 5 points, and three essay questions worth 5 points each. The exam will be proctored, with no books or notes allowed. You will have two and a half hours to take it. Follow the Midterm exam review in LearningHub to prepare for the exam. The midterm exam is worth 20% of your grade. You are allowed 150 minutes to complete this exam.

Final Exam
The exam includes 20 true/false questions, 80 multiple-choice questions, and four essay questions worth 5 points each. The exam will be proctored, with no books or notes allowed. You will have two and a half hours to take it. Follow the Final exam review in LearningHub to prepare for the exam. The final exam is worth 20% of your grade. You are allowed 150 minutes to complete this exam.
Rubrics
Your response to each topic in a forum will be graded according to the rubric that you can find below.

### Depth/Analysis
- In-depth discussion of all points; Evident that much thought has been put into the subject matter and writing. Conflicting perspectives are known, considered, and discussed. Counter-arguments are consistently anticipated and refuted.
- In-depth discussion of most points; Evident that some thought has been put into the writing. Most conflicting perspectives are known and are usually considered and discussed. Some counter-arguments are anticipated and refuted.
- Writing has been thrown together, lack of evidence of thoughtfulness. Much Fluff and Fillers. Many Platitudes. Main points stand alone with no consideration or fair treatment of alternative perspectives.

### Grammar/Language Usage
- Writing is clear and precise, not vague or ambiguous. Uses accurate grammar, syntax, spelling, capitals, and punctuation. No text abbreviations.
- The writing is usually clear. There may be a few grammatical or syntactical mistakes.
- Poor and inaccurate English grammar, syntax, spelling, capitals, and/or punctuation are pervasive. Major errors in editing, use of slang, non-conversational contractions, or texting abbreviations.

### Sentences
- Every sentence counts. All sentences have subjects and verbs. No run-on or incomplete sentences.
- Most sentences count and have subjects and verbs. No more than one run-on or incomplete sentence present.
- Sentences are sloppy. Several incomplete, run-on, or rambling sentences present.

### Paragraphs
- Paragraphs are neat and separated with no more than one main point per paragraph.
- Paragraphs are separated, usually with only one main point per paragraph.
- Paragraphs run together without regard to individual points being made. Structure is random.

### Exams
All exams in this course require proctoring. Follow prompts in the course space to set up your exam session. In each module that contains an exam, you will find what to review and what materials are allowed (if any) during the exam.

Please read the important information about taking exams and how online proctoring works at [www.andrews.edu/distance/students/exams.html](http://www.andrews.edu/distance/students/exams.html). The follow the instructions that apply to your situation on the [exam request form](http://www.andrews.edu/distance/students/exams.html) to set up your exam session.

Please note that an exam code is never released to the student. All students must present photo identification before each exam session. Exams can only be proctored after a deadline with approval directly from the instructor to the Testing Center (sdeexams@andrews.edu or 269-471-6566). No exam is returned to the student for review. The instructor, to aid studying for future exams can provide feedback on exams.

Part 5: Course Policies

Withdrawal and Incomplete Policies
The current withdrawal policy can be found online at https://www.andrews.edu/distance/students/gradplus/withdrawal.html. The incomplete policy is found online at http://www.andrews.edu/weblmsc/moodle/public/incompletes.html.

Maintain Professional Conduct Both in the Classroom and Online
The classroom is a professional environment where academic debate and learning take place. Your instructor will make every effort to make this environment safe for you to share your opinions, ideas, and beliefs. In return, you are expected to respect the opinions, ideas, and beliefs of other students—both in the face-to-face classroom and online communication. Students have the right and privilege to learn in the class, free from harassment and disruption.

Academic Accommodations
Students who require accommodations may request an academic adjustment as follows:

1. Read the Andrews University Disability Accommodation information at https://www.andrews.edu/services/sscenter/disability/
2. Download and fill in the disability form at http://www.andrews.edu/services/sscenter/disability/accommodationsreqform.pdf. Preferably type answers. To save a digital copy, 1) print to file and save or 2) print and scan. Email the completed form and disability documentation (if any) to success@andrews.edu or fax it to (269) 471-8407.
3. Email sdestudents@andrews.edu to inform the School of Distance Education that a disability has been reported to Student Success.

Commitment to Integrity
As a student in this course, and at the university, you are expected to maintain high degrees of professionalism, commitment to active learning, participation in this course, and integrity in your behavior in and out of this online classroom.

Commitment to Excellence
You deserve a standing ovation based on your decision to enroll in, and effectively complete this course. Along with your pledge of “commitment to Integrity” you are expected to adhere to a “commitment to excellence.” Andrews University has established high academic standards that will truly enhance your writing and communication skills across the disciplines and in diverse milieu with many discourse communities in the workplace.

Honesty
Using the work of another student or allowing work to be used by another student jeopardizes not only the teacher-student relationship but also the student’s academic standing. Lessons may be discussed with other students, tutors may help to guide a student’s work, and textbooks, encyclopedias and other resource materials may be used for additional assistance, but the actual response must be the student’s own work. A student who gives information to another student to be used in a dishonest way is equally guilty of dishonesty.

Any violation of this policy will be taken before the Higher Education Academic and Curriculum Committee for appropriate punitive action.
