**Assessment Descriptions**

**Chapter Quizzes:**
Chapter quizzes are assessments that would help the students identify the major concepts of the chapter and familiarize them with marketing concepts. This will assess the students’ knowledge of the major concepts of each chapter. Each quiz will be completed each week. These are closed book quizzes. These will consist of 10 questions, multiple choice type questions that will be relative to what is covered in the chapters, PowerPoints, and Online lectures. This is a timed exam. You have 15 minutes to complete each quiz. Per to [Andrews University’s Honesty Policy](#): “A student who gives information to another student to be used in a dishonest way is equally guilty of dishonesty. Any violation of this policy will be taken before the Higher Education Academic and Curriculum Committee for appropriate punitive action”.

**Critical Thinking Assignments:**
There are 10 Critical Thinking assignments in this course. Each assignment will give you the opportunity to reinforce the chapter’s concepts and apply the knowledge in a real marketing situation. Double-check spelling, grammar, and typos, and submit work through the course dropbox. Assignments will be visible at the start of class. You should work to familiarize yourself with the requirements and necessary knowledge before working on each chapter. Knowing the expected outcome will help to better prepare you for reading, listening, and working through the concepts. Assignments type range from short written responses, PowerPoint presentations, and Infographies. You should work to consolidate each assignment into one file. Assignments must be completed by the due date. There are no assignment resubmissions. If you are confused by the course assignment or you have questions concerning how to accomplish the required work, please seek help prior to the due date of the assignment.

**Discussion Blogs:**
Students will participate in discussion blogs addressing questions related to the topics of each week. This exercise will allow participants to consider significant questions raised by the teacher pertaining to their personal lives, spiritual welfare, and place in the world. There is a total of 10 discussion forums in this course. Responses should be sufficient to answer the questions. Think of the discussion blog exercise as an opportunity to think critically about the world of marketing. A chance to record your thoughts and in the process have your perspective broadened. This assignment is worth 25 points.

**Marketing Plan (Major Project):**
Working independently, develop a Marketing Plan Presentation for a local business. This major project assesses your comprehension of the different marketing concepts studied in this course.
You should focus on quality over quantity. Adhere to the elements required by the assignment and address key marketing topics conveyed in throughout the course.

In your market plan, identify a local business that you believe could use some help with marketing.

1. Provide a summary of the business.
2. Identify competitors.
3. Develop a customer analysis (overview of Segmentation variables of the target consumer).

Paper should include at least four cites and references using the “American Psychology Association” for both bibliography and citations within the paper, double spaced, size 12 font, 1 inch margins. This does not include cover, table of contents, charts, tables, and references. Three points will be deducted for any additional page. Only one cite may be from the web (i.e., can be an online reference). Information received from the business during conversations are not cites. Be sure to go back and check your web address to make sure that you can find your information given the stated html that you are assigning to your cite. I do check and if I can’t get to where you found the information, it will not count as one of the four cites required. This cite should contain information that enhances your paper and/or your suggestions. To help you through this process, I would recommend you connect with the James White library cite and click on “Research Helps”. Then step through “Endnote software” and “How to Search Databases” specifically using EBSCO which is your best database source for finding articles for this paper.

All promotional ideas should include examples, prices, and contact information. The pricing section should include comparing competitor’s prices and prices of the company. A paper outline is due by the 3rd week of class, via LearningHub. Each section should be bulleted listing problems and solutions. A first draft of the paper is due by week 6. This draft should have a clear structure and plan of the final paper. A second and more developed draft of the paper is due by week 11. Feedback from the professor should be present in the second draft with a clearer and more cohesive plan. The final paper is due in the 15th week of class. To ensure originality of work, the paper must be submitted through TurnItIn in the LearningHub. TurnItIn® automatically checks assignments for plagiarism or lack of proper citation.

Exams

All exams in this course require proctoring. To ensure the registered student is taking the exam, a photo ID must be shown at the start of each exam session.

If living near Berrien Springs, exams must be taken in the School of Distance Education Testing Center, on the Andrews University main campus. If you live anywhere outside of the United States, exams are proctored online through this Center. Students living in the United States may choose online or local proctoring. Appointments for proctoring in or online through the Testing Center are set up using our online calendar, using the link provided in the exam request form.

Approved local proctors include university, college or school faculty and teachers, student service workers, advisors, counselors and librarians, as well as educational, military, and workplace testing centers. The proctor’s full name, position/title, employer name, phone and email, must be filled in on the exam request form when arranging local proctoring, so gather this information before clicking into the exam request form.

The exam request form, link in your course space, should be completed two weeks before each exam deadline to allow adequate time for proctor approval and scheduling proctored exam sessions.

Note that an exam code is never released to the student, and cannot be sent to a proctor who has the same address as the student unless the address is known to be that of a school or mission
facility. All students must present photo identification at the start of each exam session.

If you cannot take your exam by the deadline date, email specific reasons and your recovery plan to your instructor before the deadline.

No exam is returned to the student. Instructor feedback on exams prior to the final exam will be provided to aid studying for future exams.

For more details on taking exams and how online proctoring works, please see [www.andrews.edu/distance/students/exams.html](https://www.andrews.edu/distance/students/exams.html)

The four online exams are worth 30% of your grade. You are allowed 2 hours to complete this exam.

#### Maintain Professional Conduct Both in the Classroom and Online
The classroom is a professional environment where academic debate and learning take place. Your instructor will make every effort to make this environment safe for you to share your opinions, ideas, and beliefs. In return, you are expected to respect the opinions, ideas, and beliefs of other students—both in the face-to-face classroom and online communication. Students have the right and privilege to learn in the class, free from harassment and disruption.

#### Academic Accommodations
Students who require accommodations may request an academic adjustment as follows:

1. Read the Andrews University Disability Accommodation information at https://www.andrews.edu/services/sscenter/disability/
2. Download and fill in the disability form at http://www.andrews.edu/services/sscenter/disability/accommodationsreqform.pdf. Preferably type answers. To save a digital copy, 1) print to file and save or 2) print and scan. Email the completed form and disability documentation (if any) to success@andrews.edu or fax it to (269) 471-8407.

#### Commitment to Integrity
As a student in this course (and at this university) you are expected to maintain high degrees of professionalism, commitment to active learning and participation in this class, and integrity in your behavior in and out of the classroom.

#### Commitment to Excellence
You deserve a standing ovation based on your decision to enroll in, and effectively complete this course. Along with your pledge of “commitment to Integrity” you are expected to adhere to a “commitment to excellence.” Andrews University has established high academic standards that will truly enhance your writing and communication skills across the disciplines and in diverse milieu with many discourse communities in the workplace.
**Honesty**

Using the work of another student or allowing work to be used by another student jeopardizes not only the teacher-student relationship but also the student’s academic standing. Lessons may be discussed with other students, tutors may help to guide a student’s work, and textbooks, encyclopedias and other resource materials may be used for additional assistance, but the actual response must be the student’s own work.

Exams must be completed in the presence of an approved supervisor without the assistance of books, notes, devices or outside help unless otherwise specified in the exam directions. The student should have no access to the exam either before or after it is taken. A student who gives information to another student to be used in a dishonest way is equally guilty of dishonesty.

Any violation of this policy will be taken before the Higher Education Academic and Curriculum Committee for appropriate punitive action.
