**Schedule**

In Learning Hub, you will access online lessons, course materials, and resources. This course is self-paced. You must complete the course within 180 days. This is the Consortium policy. You may have a stricter deadline imposed by graduation, financial aid, or other restrictions.

Start by creating a schedule for completion of the course.

- Determine your deadline. Do you need a transcript sent to your home institution?
- Working from your deadline, count backwards. Allow 2 weeks after you take your final exam for your final grade to be calculated. Allow another 2 weeks for the transcript to be processed and sent.
- Now use the suggested schedules to create a schedule for yourself that ensures completion 4 weeks before your deadline.

Submit your course plan to your instructor within Learning Hub AND discipline yourself to make regular progress.

**Assessment Descriptions**

1. **Weekly Reading and Assignments**
   
   Students are expected to read the assigned textbook chapters prior to completing assignments and be prepared to discuss and raise questions about them in related blogs.

2. **Blogs**

   There will be 6 Discussion/Reaction Blogs throughout the course. The purpose of Blogs is to reflect and share your insights/feelings about relevant course topics. Students should pay attention to specific requirements for each post (e.g. Word count limit, references, etc.) Post should demonstrate understanding of the topic and an application of the learned knowledge.

3. **Lessons and Map Quiz**

   Complete each lesson assigned along with any questions asked in a lesson. These questions will enable you to track your learning. If you answer any question incorrectly in a lesson, it is recommended that you review the information before proceeding.

   The Map quiz is review of the countries of the world. Review the location of these countries as it is beneficial to your learning in this course.

4. **Exams**

   There will be one exam in this course that will include multiple choice, short answer, true and false questions. Responses should demonstrate understanding of lectures, assigned readings and other instructional materials related to course’s principal themes/topics up to the Midterm.

5. **Assignments**
The purpose of the assignment/activities is to allow the student time to apply or process the information from each lesson. Therefore, responses should show your understanding of the topic and your application of the learned knowledge.

- **Final project Assignments:** There will be a number of assignments in this course related to each topic. Three assignments (Project Steps 1-3) are related to your final project. It is advised that you use the feedback after each one is graded to improve your final project.

### Part 5: Course Policies

#### Withdrawal and Incomplete Policies

The current withdrawal policy can be found online at [http://www.andrews.edu/distance/students/withdrawal.html](http://www.andrews.edu/distance/students/withdrawal.html). The incomplete policy is found online at [http://www.andrews.edu/weblmsc/moodle/public/incompletes.html](http://www.andrews.edu/weblmsc/moodle/public/incompletes.html).

#### Maintain Professional Conduct Both in the Classroom and Online

The classroom is a professional environment where academic debate and learning take place. Your instructor will make every effort to make this environment safe for you to share your opinions, ideas, and beliefs. In return, you are expected to respect the opinions, ideas, and beliefs of other students—both in the face-to-face classroom and online communication.

Students have the right and privilege to learn in the class, free from harassment and disruption.

#### Academic Accommodations

Students who require accommodations may request an academic adjustment as follows:

1. Read the Andrews University Disability Accommodation information at [https://www.andrews.edu/services/sscenter/disability/](https://www.andrews.edu/services/sscenter/disability/)
2. Download and fill in the disability form at [http://www.andrews.edu/services/sscenter/disability/accommodationsreqform.pdf](http://www.andrews.edu/services/sscenter/disability/accommodationsreqform.pdf). Preferably type answers. To save a digital copy, 1) print to file and save or 2) print and scan. Email the completed form and disability documentation (if any) to [success@andrews.edu](mailto:success@andrews.edu) or fax it to 269-471-8407.
3. Email [sdestudents@andrews.edu](mailto:sdestudents@andrews.edu) to inform the School of Distance Education that a disability has been reported to Student Success.

#### Commitment to Integrity

As a student in this course, and at the university, you are expected to maintain high degrees of professionalism, commitment to active learning, participation in this course, and integrity in your behavior in and out of this online classroom.
Honesty
Using the work of another student or allowing work to be used by another student jeopardizes not only the teacher-student relationship but also the student’s academic standing. Lessons may be discussed with other students, tutors may help to guide a student’s work, and textbooks, encyclopedias and other resource materials may be used for additional assistance, but the actual response must be the student’s own work.

Exams must be completed in the presence of an approved supervisor without the assistance of books, notes, devices or outside help unless otherwise specified in the exam directions. The student should have no access to the exam either before or after it is taken. A student who gives information to another student to be used in a dishonest way is equally guilty of dishonesty.

Any violation of this policy will be taken before the Higher Education Academic and Curriculum Committee for appropriate punitive action.
