

□ How can I change My Home view so I can only see my current courses

How to:

1. Click on My home in the Navigation block

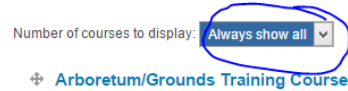

2. Click on Customize this page – upper right

3. Choose the number of courses to show on the page – the maximum is 7

4. Click on the double arrows to drag and drop the courses into the order you desire

Course overview

✚ Arboretum/Grounds Training Course

✚ Moodle Testing

 You have assignments that need attention

5. Once you select the number of courses to display the page will automatically refresh
