

# Learning Hub Quick Reference Guide: Create Groups

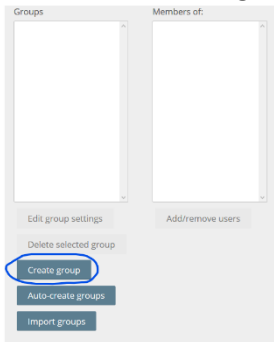

Can I assign groups in Moodle

**How to:**

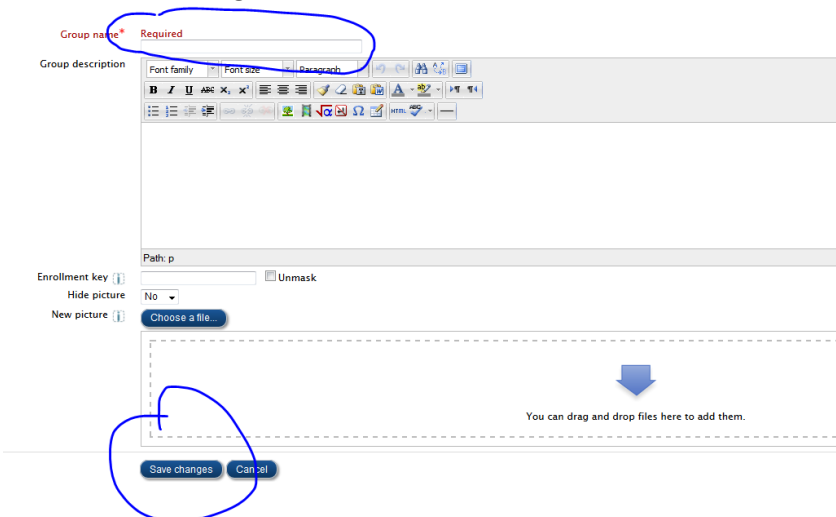

1. Click into the course
2. Click on Users in the settings block
3. Then click on Groups

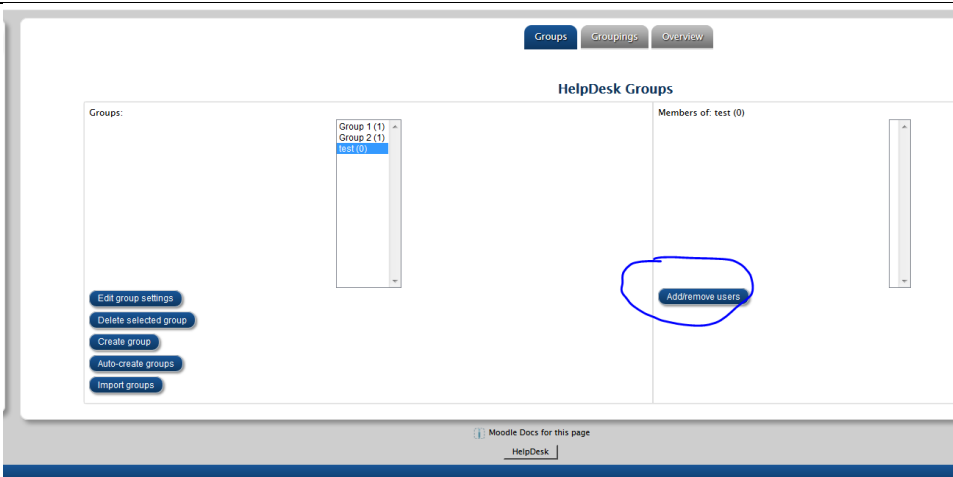

4. Click on Create group

5. Give the group a name
6. Click Save changes

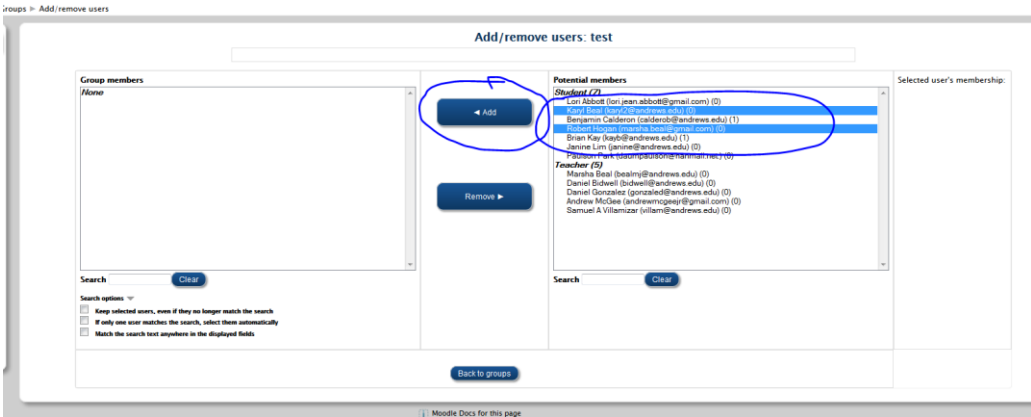

7. Click on Add/Remove users

8. Select the students you want to add, you can use the control key to add more than one at a time

9. Click Add

10. Click back to groups to add more groups and group members
