TRUTH, RACIAL HEALING & TRANSFORMATION
A BRIEF INTRODUCTION TO THE ANDREWS UNIVERSITY TRHT CAMPUS INITIATIVE
TRHT OVERVIEW

• AAC&U is partnering with the W.K. Kellogg Foundation’s Truth, Racial Healing & Transformation (TRHT) enterprise to help communities embrace racial healing and uproot conscious and unconscious beliefs in the hierarchy of human value.

• The TRHT enterprise prioritizes inclusive, community-based healing activities and policy designs that seek to change collective community narratives and broaden the understanding that Americans have of their diverse experiences.
TRHT OVERVIEW - FRAMEWORK PILLARS

- **Narrative Change** – examining how to create and distribute new complex and complete narratives in entertainment, journalism, digital and social media, school curricula, museums, monuments and parks and in the way we communicate that can influence people’s perspectives, perceptions and behaviors about and toward one another so that we can work more effectively and productively toward community-based change.

- **Racial Healing and Relationship Building** – focusing on ways for all of us to heal from the wounds of the past, to build mutually respectful relationships across racial and ethnic lines that honor and value each person’s humanity, and to build trusting intergenerational and diverse community relationships that better reflect our common humanity.

- **Separation** – examining and finding ways to address segregation, colonization and concentrated poverty in neighborhoods to ultimately ensure equitable access to health, education and jobs.

- **Law** – reviewing discriminatory civil and criminal laws and the public policies that come from them and recommending solutions that will produce a just application of the law.

- **Economy** – studying structured inequality and barriers to economic opportunities and recommending approaches that can create an equitable society.
TRHT CAMPUS CENTERS

• AAC&U is partnering with higher education institutions to develop Truth, Racial Healing & Transformation (TRHT) Campus Centers to prepare the next generation of strategic leaders and thinkers to break down racial hierarchies and dismantle the belief in the hierarchy of human value.

• The TRHT Campus Centers have developed and are implementing visionary action plans with the aim of moving the needle on the transformative goal of erasing structural barriers to equal treatment and opportunity on campuses, in our communities, and for our nation around the pillars of the TRHT Framework.

• The first ten campuses included: Austin Community College (TX), Brown University (RI), Duke University (NC), Hamline University (MN), Millsaps College (MS), Rutgers University (NJ), Spelman College (GA), The Citadel, The Military College of South Carolina (SC), University of Hawai‘i at Mānoa (HI), University of Maryland Baltimore County (MD).

• AAC&U will announce that Andrews University has been selected as one of twelve newly selected TRHT Campus Centers at their Annual Meeting from January 22nd-25th.
ANDREWS UNIVERSITY ACTION PLAN

- OUR PLAN FOCUSED ON THE TWO TRHT PILLARS OF NARRATIVE CHANGE & RACIAL HEALING & RELATIONSHIP BUILDING
- WE ARE THE ONLY CAMPUS THUS FAR TO EXAMINE HOW THE TRHT PILLARS COULD INFORM THIS DIALOGUE ON A CHRISTIAN CAMPUS.
ACTION STEPS

• THE TIMELINES ON SOME OF THESE MAY NEED TO BE ADJUSTED.

• COMMUNITY PARTNERS INCLUDE LAKE UNION & SPECTRUM HEALTH LAKELAND THUS FAR - WORKING TO GROW THIS GROUP AND GET MATCHING FUNDING.
OUTCOMES, EVALUATION, ENGAGEMENT, ETC.

• WE SEE THIS AS MORE THAN JUST A SHORT-TERM INITIATIVE, BUT RATHER A NEW WAY OF ENGAGING WITH ONE ANOTHER THAT WE HOPE TO SUSTAIN LONG-TERM.

• FUNDING, TIME/SCHEDULING, AND CAMPUS/COMMUNITY/DENOMINATIONAL BUY-IN WILL BE KEY TO DETERMINING HOW FAR THIS GOES.
RACIAL HEALING CIRCLES DEFINED

• “A racial healing circle is not just a conversation and is more than just a ‘safe space.’ It is an experience that engages the heart and requires the heart to be open and expansive. It re-affirms the humanity in all of us. It is a commitment to acknowledging that unconscious bias lives in all of us, and it is the spiritual work of affirming and loving ourselves.” - Dr. Gail Christopher.

• “Racial Healing circles are designed to focus on stories that affirm our common humanity - rather than on solving a problem. They are designed to go much deeper into the heart space by encouraging people to tell their stories, to listen deeply to the stories of others, find common ground and enable us to see our common humanity to help us to see ourselves in the perceived other. When this occurs, we build the trust that is necessary for courageous dialogue, and the transformation of hearts and minds that shows up in what we say and do.” - American Library Association.
