

General Staff Meeting

Chan Shun Hall, Room 108

April 18, 2012

No. 44

The meeting was called to order at 4:03 p.m. by Rozenia Marinho.

Robson Marinho had an open discussion about leadership and love. What does leadership have to do with love? Some of the staff brought out the fact that love generates respect and it is the forefront of compassion. Leadership is proportional to his/her followers. He used Mother Theresa as an example of love for the people she served. Her legacy lives on even today. "We cannot all do great things, but we can all do small things with love." ~ Mother Theresa
Jesus also left us with His leadership motivation. God loved all of us. "He loved his own in the world and he loved them to the end." John 13:1 To be a leader you must, like Jesus, "Love one another."

Robson Marinho

Silmara Ferreira worked with Campus Safety to provide a training video to ensure what we should already have in mind in case there is a random act of shooting on our campus. The video, entitled "Shots Fired on Campus," explained that the odds of a shooting are like the odds of getting struck by lightning. Yet we are cautioned to be mindful since shootings on campus have been happening more frequently over the years. The video was designed as a training tool for staff, faculty and students and should you ever happen to be in this situation there are key things that will aid in your survival.

Survival Mindset:

- Awareness
- Preparation
- Rehearsal

Four people from Campus Safety were there to provide answers and discuss Rave Alert and the importance of signing up.

David Faehner spoke about the vision for the proposed Wellness Center. It will have three components: (1) recreation component, (2) socialization part-juice bar, (3) exercise and academic/fitness. The project is a \$15 million investment; one donation of \$1,000 has already been given. Where will we find the money? Faehner proceeded to share the story of the Howard donation as a means of encouragement. Where would the Wellness Center be located? (Behind the Bookstore and attached to Johnson Gym, where IMC is located or across from the Howard Center). David Faehner left us hopeful as he challenged us to pray and believe.

Questions and answers were allowed throughout the meeting in regards to Campus Safety and the vision for the Wellness Center.

The meeting ended at 5:05 p.m.
