Dear Center for,

Danny and I are writing this letter to you together. Many ministries send you a letter every month concerning their ministry needs, but that isn't true of 3ABN. We place our needs before the Lord and pray that the Holy Spirit will touch the hearts of the people to give. However, sometimes things grow very difficult and we feel we must let you know when that happens. Summertime is difficult for all ministries financially, but this year summer not only came early weather-wise, it also came at least two months early for our ministry's finances. We often are out of money to pay our bills by early July, but this year that condition has come in early May!

My favorite author has instructed us that it is good "to let the people know the needs of a ministry". That is certainly not begging. The economy plays a big part in the economic crises that we now face, but also, our decision to push forward by faith in these "last days" of earth's history with the message of the Three Angels and our decision to not cut back has had an impact as well. These were collective decisions of our leadership team and we were praying that contributions would increase sufficiently to meet the added expense.

Our viewers and listeners are all so faithful in their support and the giving has been very strong, but not quite strong enough to meet the need. We don't want to cut back on our worldwide satellites or any of our outreach around the world, but we must, if a miracle doesn't take place in this next month.

How can this miracle take place?
If those who have never contributed anything would send a contribution of any size, $10, $20, $50 or whatever you can
If those who regularly send a monthly contribution would increase or double that contribution for the next two or three months
If someone would give a large, one-time gift, that they had planned to give someday. This is the day!
If more people would sign up for regular credit card gifts each month that are charged to their credit card account
If all would pray at least twice a day (7:00 am and 7:00 pm) for 3ABN and for the outpouring of the Holy Spirit with Power on this ministry

A miracle would take place! Remember, no gift is too big or too small!

Will you join us right now in giving? Danny and I are both going to give a sacrificial gift ourselves, and we hope you will also, right now. Please don't put it off.

Your brothers in Christ,

Jim                        and            Danny
