**Book Review:**

*Heather Thompson-Day’s book* Cracked Glasses *is a cogent, pithy, and refreshing view of how we as sinful human beings simply need Christ. The personal touch she gives this book by allowing the reader a few small windows into her own life gives the book a beautiful and home-spun depth that makes you yearn even more for a life in Christ. I fully recommend this devotional to anyone, teen, young adult, adult, who wants to revisit or even see for the first time a fresh and intimate view on the human race’s need for God and steps we can take to get there.*
