The Printed Prophets - Lemuel Olán Jiménez

"I couldn't set this book down. And yet it is not for everyone.

It is not for the faint of heart, for the indifferent... It is a fast paced analysis of the mission of the Christian church in our time and what it needs in order to effectively evangelize across the exploding population...

...The author expertly primes the delivery of his message with trenchant and concise illustrations to climax in a tour de force
motivational impact. Some readers will be left wondering where they lost the charm and enthusiasm of sharing their faith. And I believe 9 of 10 readers will be reenergized to mobilize and regain that vitality and will take up the work the author has so ably marked out.

The book is meticulously researched and chock-full of relevant quotes by eminent thinkers of all theological persuasions.

This book shows that Adventism is uniquely and especially situated to spearhead the charge. In a special, unique and uplifting way, this book shows how, and why now.”
