What was the first book you read? The one that had the most impact as a child? What was your favorite? Books teach us new things, show us new places and help us formulate what we choose to do with our life. April 2nd is International Children's Book Day so in addition to the fine reading we have for adults, we've included some of our great children's books. Take a moment to encourage that special child you know with a book.
