Welcome
During a long winter, do you long for spring to come? Maybe you look for your favorite bird to return, the snow to melt, or the first flowers of spring? As Christians, we should also be longing for Christ to return. We look for the signs, sure as the crocus in springtime. Two of our books this month, The Delay and Waiting and Longing help us balance the tension between living in the present and wanting to be with Jesus.

Pictures of Jesus presents a fresh look at the stories Jesus told. And if you want to look at the Great Controversy in a new way, start reading the new illustrated version shown below. New and wholesome ideas in the kitchen can be found in Ernestine Finley’s new cookbook, Natural Lifestyle Cooking, which is our Deal of the Month. Favorite Hymns of Billy Graham, Redeemed, and the Pillars Hymns CD and DVD give your well-loved hymns a new sound.
