Some books may change your thinking; Natural Lifestyle Cooking Workbook may change your life.

This companion workbook to Natural Lifestyle Cooking is especially designed for attendees of a cooking school.

Praying Like Crazy For Your Husband reminds us that prayer changes things. Our prayers impact our husbands and their lives. We can pray for them like no one else can, because we know them like no one else does. Our prayers for our husbands also change us. They enable our love to deepen and grow.

“Parents and teachers will love how Hyacinth learns her lessons almost as much as they love hearing their children laugh out loud while they read. Patty’s kind of storytelling helps turn reluctant readers into kids with a life long love of reading.” —Jerry D. Thomas, author of the Detective Zack and Shoebox Kids series
