“Serving Communities in Christ’s Name”

Dorothy Jones, a teacher and counselor, has spent her professional life trying to meet the needs of people who have felt neglected. That something so simple as a birthday card could mean so much was a revelation to her. READ MORE...

Help ACS make a Difference!

With your generous donation you help Adventist Community Services assist people affected by natural disasters, provide care for survivors of traumatic events, coordinate services for senior adults, involve young people in service, and more.

Electronic Reporting Data Base

Does your church or educational institution serve your community? Do you visit or assist the sick or hurting, clothe the poor, feed the homeless, mentor the young, assist the elderly, or share our health message? All ministries at every Adventist church and school in the North American Division may document their community service activities with state-of-the-art software free of charge. Adventist Community Services (ACS) is hosting a web based tool to assist you in documenting the valuable services you provide, who you assist and more. The E-Reporting software can make reporting your good works to your church members or constituency easier. Regular reports may bring more volunteer support and increased donations to your ministries. This software may also assist you with documentation for grant opportunities.

To learn more, visit the ACS website at www.communityservices.org and click E-Reporting, email us at acssupport@nad.adventist.org or give us a call at 301-680-6438. ACS is happy to serve you as you share God’s love with communities near and far.
