Nonprofit Leadership Certification Program (NLCP) is designed to equip pastors, church administration and nonprofit leaders with strategies and professional skills to successfully lead. NLCP focuses on three major learning outcomes; a) leadership skills, b) improvement of management knowledge, and c) changes in attitude of social dimensions of evangelism.

This intensive two session program is taught by a group of professionals who teach participants how to operate and minister effectively.

This training is provided by North American Division (NAD) Adventist Community Services, in partnership with Washington Adventist University Center for Metropolitan Ministry, Andrews University, Philanthropic Services for Institutions, General Conference Sabbath School/Personal Ministries, Adventist World Radio and Adventist Risk Management.

Participants will learn:

Leadership:
Mangement:

- To improve participants' abilities to effectively handle the administrative responsibilities of nonprofit management.

Social Dimensions of Evangelism:

- To improve participants' abilities through biblical concepts of holistic ministry to minister in dynamic environments.

"It was a pleasure to be involved in such a meaningful, useful and well planned training. I found that the Non-Profit Leadership Training is essential to church leaders and organizers and could be beneficial to many more in our congregations. I believe there are many who sit in the pews who are not motivated to use their leadership gifts from God. This is the type of preparation that will bump us up a few notches preparing us for more effective ministry. My plan is to use this in conjunction with my formal training to be a more effective servant leader. Again, thank you for your ministry.” - Michele Gamble
