Frank Fournier re-elected president

By mid-afternoon yesterday, 1,400 of the 2,000 registered convention attendees had checked in. During the evening session, the announcement was made that Frank Fournier had been re-elected for another two-year term as president of ASI. The election process will continue over the next day or so.

After a slate of interviews with ASI members and project representatives, Fournier delivered a message of hope to those in attendance at the evening program. North American Division president Dan Jackson also participated, and the Thursday seminar presenters highlighted reasons to attend their seminars. The Exhibit Hall opened immediately afterward, allowing convention attendees to familiarize themselves with the Exhibit Hall layout, as well as to greet other ASI members and supporters in attendance.

3ABN broadcasts of convention sessions, along with other network programs, can be viewed on Channel 21 in the Rosen Shingle Creek Resort hotel rooms. To see pictures from yesterday, visit Flickr.com/asiministriesphotos. Photos will be updated daily.

Translation of the materials has already been completed, and production will begin shortly after the studios are relocated. Visit the Better Living (Mieux Vivre) website.

Its mission is to bring a message of hope and salvation to the war-torn Democratic Republic of Congo (DRC) through preaching, teaching, and medical missionary work. Congo Frontline Missions’ FM radio station is now the most listened to radio station among the 3.5 million people who can receive the signal. In the Gathering

In the scattering, Israel was smitten and torn, but now in the gathering time God will heal and bind up His people. In the scattering, efforts made to spread the truth had but little effect, accomplished but little or nothing; but in the gathering, when God has set His hand to gather His people, efforts to spread the truth will have their designed effect. All should be united and zealous in the work.

**Fountainview Academy**, located in rural British Columbia, is an Adventist boarding school for grades 10 through 12. Its goal is to lead students to Christ using biblical methods, and to train them in academic excellence and practical work experience. The school is partly supported by an organic carrot farm. Over the past several years, Fountainview has endeavored to share the gospel through music and testimonies based on books like Steps to Christ and Help in Daily Living. Project funds will be used toward The Great Controversy Project, filmed with host John Bradshaw at key Reformation sites in Europe. Sacred music, historical nuggets, and applicable testimonies will portray the march of truth, from the entrance of Paul into the City of Rome, to some of the key reformers in central Europe, to signs of Christ's soon coming. Welcome to the 2013 ASI International Convention, where blessings are stacked upon blessings, from Wednesday evening to the close of the Sabbath.

Our theme, carried over from last year, is, “It’s Time ... To Be About Our Father’s Business.” This timeless directive is even more urgent now that another year has passed into eternity and we are one year closer to the coming of our Lord. Are we ready for His appearing? Have we made the necessary preparations? Or are we, like Laodicea, lukewarm and indifferent to the demands of the times in which we live?

I am never more convicted of my lack of preparedness than when I read “The Shaking,” a chapter in the book Early Writings. It portrays Christ’s Sabbath-keeping followers as divided into two factions in the not-too-distant future.

“I saw some with strong faith and agonizing cries, pleading with God,” writes Ellen White, “Their countenances were pale, and marked with deep anxiety, expressive of their internal struggle” (p. 269).

Bear in mind that these are God’s people—born again, converted, yet experiencing inner turmoil. Yet not every Seventh-day Adventist experiences such turmoil.

“Some, I saw, did not participate in this work of agonizing and pleading. They seemed indifferent and careless. They were not resisting the darkness around them, and it shut them in like a thick cloud.” (p. 270).

How irrational, how careless, how negligent! It reminds me of the wise and foolish virgins of Matthew 25. All slumber and sleep until they are startled awake by a proclamation given at midnight, “Behold the bridegroom cometh!” While asleep, none are ready, though half are prepared.

Likewise, at some future time, we will wake up to the fact that we are not ready, and some, like the prudent virgins, will turn to God with agony in their voices expressive of their need. Of these, Ellen White declares, “They had obtained the victory, and it called forth from them the deepest gratitude and holy, sacred joy” (p. 271).

For this convention week, we have chosen to explore what it means to be “about our Father’s business,” in light of unerring prophetic utterances. Oh, I hope that something in us is stimulated. “Besides this you know the time, that the hour has come for you to wake from sleep. For salvation is nearer to us now than when we first believed” (Romans 13:11, ESV).

**WEDNESDAY, AUGUST 7**

**6:40 PM OPENING SESSION — “Look a Little Higher”** (Sebastian J)

In Ellen White's first vision, she rose higher and higher toward heaven. When she tried to locate God's people, she couldn't find them anywhere. God said, “Look again, and look a little higher.” It was natural for her to look down, but God’s followers had risen high above the world. That is our destiny—to rise physically, mentally, and spiritually higher than any human thoughts can reach.

**Frank Fournier** is French Canadian and was born into a Roman Catholic home. He joined the Seventh-day Adventist Church when he was 27 years old, and started working with supporting ministries in March of 1975. For five years, he served as president of Woodland Park Foundation, a supporting ministry in South River, Ontario, Canada. Next, he taught Bible for two years at Fountainview Academy in British Columbia. In 1987, he and his family moved to Zambia, Africa, where he served as director of Riverside Farm Institute for six years. In 1997, he and his wife, Janet, began working with Outpost Centers International, where Frank served for five years as executive vice-president. He has been president of Eden Valley Institute since 2003 and has led ASI as president since 2011.

**7:00 AM MORNING DEVOTIONAL — “The Power”** (Sebastian J)

God is up to something, and you are at the center of His agenda. He’s about to empower you in a whole new way, if you’re willing to move to the next level with Him.

**Ty Gibson** is co-director/speaker of Light Bearers, an international publishing and media ministry that provides shipments of truth-filled literature to the church in developing countries. Light Bearers has put into circulation more than 400 million gospel publications in over 30 languages. Ty is seen weekly on 3ABN, leading viewers through the prophecies of Daniel and Revelation, as well as other biblical books. He has authored eight books, including the bestsellers *See With New Eyes, An Endless Falling in Love*, and his newest release, *A God Named Desire*. Ty lives in Oregon with his wife, Sue.

**7:45 AM BREAKFAST —** (Panzacola G) | New Members & First-Time Attendees (Sand Lake Level 2 – By Invitation Only)

**9:00 AM MORNING SESSION — “Blessed Beyond Basketball”** (Sebastian J)

Be blessed by Grace Daley’s personal testimony about why she left professional basketball and how she has developed a winning strategy for spiritual and physical fitness.

**Grace Daley** was a leading scorer at Tulane University in basketball (male or female) and was inducted into the Hall of Fame in 2005. She played in the WNBA and on various professional teams in Spain, France, Italy, and the Czech Republic. She led the Italian professional league in scoring, was named the French league’s Most Valuable Player, and was a Euroleague All-Star selection. In 2007, she walked away from professional basketball to observe the Sabbath.

**FEATURED MUSICIANS:** Aubrey Seiler, Emily Beth & Chelsea Bond (trio), Sheldon Lee, Christine Martins.
### 10:45 AM MORNING SEMINARS (cont.)

**SEARCH PARTY: Reclaiming Prodigal Brothers and Sisters** (Panzacola F-1)

Edgar Williams will present his personal conversion testimony, sharing the miracles that led him into ministry. He will also discuss practical do’s and don’ts for reconnecting with those who no longer attend the Adventist church.

*Edgar M. Williams* is the owner/operator of a home inspection company and radon testing lab. He drifted away from the church for 42 years, but through tragedy God’s hand led him home. In 2008, he founded FARM (Former Adventist Recovery Ministries) to fill a ministry void in the church. He is married, with three children and four grandchildren.

**THE ADVENTIST HEALTH MESSAGE: A Key to Optimal Witness & Spiritual Health** (Suwannee 15)

While mainstream media has become preoccupied with the physical and mental health benefits of an optimal lifestyle, few are looking at the impact of lifestyle on spiritual life and witness. However, a growing body of evidence testifies to the fact that the Adventist health message transcends mere health benefits, providing the foundation for the most powerful witness and the most unobstructed communion with our loving Creator and Savior. Don’t miss this life-changing look at the growing relevance of the Adventist health message.

*David Derose, MD,* is a board-certified internal medicine and preventive medicine specialist. He works with Weimar’s NEWSTART program and is a faculty member at both Weimar College and the new H.E.A.L.T.H. program (Health Evangelism and Leadership Training for Him). Dr. DeRose’s passion is connecting health ministry with the gospel—revealing God’s loving health instruction to bless His children, as opposed to presenting restrictive health rules or dictums.

**ADVENTISM’S PROPHETIC ROLE IN THE GREAT CONTROVERSY** (Panzacola F-2)

The 2,300-day prophecy of Daniel 8:14 identifies the second advent movement. Attend this seminar and take a closer look at how the cross and the advent movement are inseparably linked through the longest time prophecy of Scripture. Learn important connections between the 70-week prophecy as it relates to the Messiah and the 2,300 days, and see how Christ’s work on the cross and in the sanctuary in heaven are integrally connected.

*Norman Mcnulty, MD,* is a board-certified neurologist practicing in Lawrenceburg, Tennessee. Prior to starting his neurology practice, he served for two years as a missionary at the Adventist hospital in Trinidad. He trained at Loma Linda University. He enjoys studying and speaking about prophecy in his free time. He has also been involved in several young adult ministries in the United States. He is married to Joelle, and they have one daughter, Saralyn.

**WITNESSING MADE SIMPLE** (Suwannee 16)

Today’s technology gives nearly everyone an extended circle of influence. Christian leaders desperately need to learn skills of sound leadership and effective use of influence. Learn how to lead with courage, intentionality, and passion. Discover timeless insights from the leadership treasure-trove of God’s Word that will help you lead with purpose, wisdom, and stability in very unstable times—over the long haul.

*Barbara Taylor* attended the University of Denver and has been in sales and marketing for the past 30 years. Her sales and marketing experience has covered the hotel industry, General Mills, Lord Jeff Sportswear, Barlo Inc., Preco, and Between U.N.Me, Inc. She taught a course at the University of Colorado in Professional Women in Sales and Marketing. She was selected by Corporate Connection magazine as one of “Six Women to Watch in the 90s.” Barbara resides in Copper Mountain, Colorado, where she is helping to plant a church.

**HOW MAINSTREAM MEDIA DESTROYS FAMILIES** (Panzacola F-3)

This presentation will address why God designed the family to be a parallel of the triune God. The greatest witness and evidence of the power of Christianity is a well-ordered, well-disciplined family. This commends the truth as nothing else can, for it is a living witness of the gospel’s practical power upon the heart. Some of Hollywood’s biggest movies undermine key family roles, making wholesome family values seem undesirable. This seminar addresses how Hollywood attacks marriages and incites rebellion among the youth.

*Scott Mayer* was raised in an Adventist home in Paradise, California. He attended film school in college with high hopes of working in the film and television business. After college, he headed to tinsel town and quickly found a job working as a television cameraman. Before long, the lures of the Hollywood lifestyle led Scott completely away from God. He lived his life in the fast lane until God sent the right people at the right time to call him away from his destructive path. As a result of speaking at a youth rally about his experiences in Hollywood, “Battlefield Hollywood” was born—a presentation that takes an in-depth look at the effects media has on our minds and at how the devil is using the entertainment business to deceive many.
THURSDAY, AUGUST 8 (cont.)

NOON    LUNCH — (On Your Own)

3:30 PM    AFTERNOON SEMINARS

**ONE-ON-ONE WITNESSING** (Panzacola F-1)
Most people do not lead others to Jesus by preaching to a multitude, but rather through loving and patient
one-on-one interaction. In this seminar, Pastor Batchelor will examine the techniques and approach of the
great master evangelist, Jesus. Through exploring Christ’s exchanges with Nicodemus and the Samaritan
woman at the well, volumes can be learned regarding practical one-on-one witnessing in our daily lives.

Doug Batchelor is the president and speaker for Amazing Facts Ministries and the senior pastor of the Sacramento
Central Church in Sacramento, California. His biblical teaching programs can be seen daily on national television cable
networks and globally by satellite. He also hosts Bible Answers Live call-in radio program, heard every Sunday night across
North America on more than 325 radio stations. He is the author of numerous articles and several books, including The
Richest Caveman: The Doug Batchelor Story; Caveman Theology: Salvation Made Simple; Who Do You Think You Are? and Marriage, Divorce
and Remarriage. Pastor Doug is a man of vision and deep spirituality, yet his down-to-earth approach and spontaneous humor enable him to
communicate with both Christian and secular audiences. He enjoys flying, scuba diving, riding quads and playing guitar. He and his wife,
Karen, have five children.

**INTENTIONAL HEALTH EVANGELISM** (Suwannee 15)
What does it mean when we state that “health is the right arm of the message”? Health evangelism should
be fun, engaging, relevant, easy to learn, and effective. It should lead people to the foot of the cross. Discover
resources, media (some of which will blow you away!), programs, and seminars you can draw from in
your outreach efforts. Come and find out how to do this in your community. There will be a 60-minute
presentation, followed by a 15-minute Q&A session.

Randy Bivens, MD, graduated from Loma Linda University School of Medicine, then completed an internal medicine
internship and diagnostic radiology residency. He is board certified in diagnostic radiology. He currently works part-time in
radiology and full-time in lifestyle medicine. He is president of three corporations, board member for several nonprofits, and
executive vice–president of Life and Health Network.

**ARCHAEOLOGY, HISTORY, AND PROPHECY: Signs of Time** (Panzacola F-2)
The interconnected relationship between history and prophecy has been a hallmark of Protestant and
Adventist interpretation for centuries, but today historicism is being challenged as never before. Learn how
archaeology can support the historicist interpretation of prophecy by providing lessons of fulfilled prophecy
as signs of time given by the God who acts in history. Be challenged to live your life for Him in a world that is
running out of time.

Be filled with wonder at God’s love in action as Pavel Goia shares miraculous stories of answered prayers. Learn to commune with God and know His real and constant presence in your life. Discover how to understand God’s will and how to be more efficient in serving Him. Experience for yourself the transforming power of a walk with God.

Pavel pursued careers in engineering, private business, and law before finally settling into his calling as a minister. Today he pastors the Lexington Seventh-day Adventist Church in Lexington, Kentucky, and is a member of the Ministerial Advisory Committee for the North American Division, as well as a doctoral candidate at Andrews University. ASI NEW BEGINNINGS EVANGELISM TRAINING  (Panzacola F-1)

The ASI New Beginnings evangelism training program was developed by ASI in 2000 and has been used in conjunction with the General Conference initiative to train 5 million lay people worldwide to share God’s end-time message of truth with the world. Thousands have been trained to use the New Beginnings evangelism materials to do evangelism in their own churches and communities. This lay-training initiative has been successfully field tested in Southeast Asia, InterAmerica, and the former Soviet Union. The New Beginnings DVD series has been adapted and translated for use around the globe and is in its second, updated iteration. Learn how to use the New Beginnings materials for evangelism in your home, business or community.

Terry Anderson and Leasa Hodges have trained thousands of lay members to use the New Beginnings evangelistic materials. They both call Colorado home.

WEIGHTY CHALLENGES TO THE ADVENTIST HEALTH MESSAGE  (Suwannee 15)

Today’s scientists, physicians, and journalists are exploring novel and not-so-novel approaches to the obesity epidemic. Their comments and reasoning may tempt us to consider the health message we’ve been given to be antiquated or obsolete—and maybe even wrong. This presentation explores the new and not-so-new voices, comparing current recommendations with specific counsels given to God’s people to share with the world.

Zeno Charles-Marcel, MD, is a medical missionary physician, health educator, and academic and hospital administrator. His research interests include lifestyle medicine, and the connection between spirituality and health. He studied physics and physiology at McGill University, and zoology and medicine at Howard University. He specialized in internal medicine at Loma Linda University. He is currently the vice president for medical affairs at Wildwood Lifestyle Center and Hospital, and holds academic appointments at Montemorelos and Loma Linda Universities. He and his wife, Anita, have three sons.

END-TIME EVENTS: What Do We Know and When Did We Know It?  (Panzacola F-2)

Repeatedly in Adventist history, there has been a fascinating parallel between world events and moments of unique opportunity for the church. At times when providence opened the door for quick advances by the Advent message, secular world events followed a repeated pattern, recognizable in the world today, that blocked those opportunities unless God’s people moved very quickly. With that historical pattern, and with the advice given by the Spirit of Prophecy, what should our priorities be?

Lewis Walton is a tax attorney in Los Angeles. A magna cum laude graduate of the University of San Diego, where he earned nearly a dozen academic awards, he is the author of thirteen books and has lectured around the world. Prior to becoming an attorney, he was a news broadcaster, reporting major stories including the Cuban Missile Crisis and, a year later, the assassination of President John F. Kennedy. Walton practices tax law with his son, Richard, an honors graduate of Georgetown who has served as an attorney advisor to the United States Tax Court.

USING YOUR BUSINESS PLATFORM FOR EVANGELISM  (Suwannee 16)

Whatever your business or profession, it’s possible to harness the platform you already have to begin sharing Christ in the marketplace. Learn how in this informative, inspiring seminar by someone who has been doing it for decades in the largely secular Czech Republic.

Radim Passer is chairman of the board of PASSERINVEST GROUP, which has ranked among the most recognized development companies on the Czech market ever since Radim accepted Jesus into his life in 1998. He founded Maranatha o.s. in 2002. Radim is married and has two sons, Radim and Samuel.

ELLEN WHITE OUTSIDE ADVENTISM  (Panzacola F-3)

This seminar covers apologetics, cutting edge material, and the most advanced research available on Ellen White. Learn powerful and thrilling ways to share her messages from the Lord with others. Find out why Ellen White was really right, and how her messages have had a tremendous influence on the non-Adventist world.

Anil Kanda is a former Hindu with a Sikh background. Approximately 11 years ago, someone shared end-time prophecies with him, and he was transformed by the beautiful truths of God’s Word. Anil has been involved in evangelism in many parts of the world and currently works as a pastor. You'll love his energetic approach to the Bible and his deep, provocative insights into life’s toughest problems. Learn to share in the most precarious and challenging situations, making no apologies for what you believe!
### LITERATURE DISTRIBUTION FOR TODAY’S MIND IN TODAY’S WORLD (Panzacola F-1)
This seminar will feature current, front-line stories and fresh techniques of Adventists across the globe reaching out to strangers and spreading the present truth through the distribution of tracts.

**Bill Krick** has served for the past 14 years as the Literature Ministries director for Central California Conference, the cradle of California Youth Rush and GLOW programs. His great-great-grandfather became a Seventh-day Adventist when a faithful worker made a personal visit. For 22 consecutive summers, Bill has engaged in soul-winning literature work. He enjoys spending time with his wife, Heather, and two daughters, Savannah and Heidi.

**Nelson Ernst** is the co-founder and leading director of GLOW, a literature distribution ministry that started in California and has spread across the globe, printing nearly 30 million tracts since its inception in 2007. Nelson is an energy-filled speaker who has up-to-date outreach stories and training tips to help activate church members young and old.

### APPLYING WHAT WE ALREADY KNOW (Suwannee 15)
While “new” health-related information continues to bombard us on a regular basis, we often have a difficult time applying what we already know. During this seminar, Dr. Sutliffe will discuss how to apply principles, making lasting health behavior changes. The primary goal is to facilitate putting health knowledge into action.

**Jay Sutliffe, PhD,** is a professor in the Health Sciences Department at Northern Arizona University. He holds degrees in food & nutrition/dietetics, health education, and public health, and is also a registered dietitian with more than 25 years of experience. He and his wife, Chloe, have owned two restaurants/health food store operations and have a passion to assist people of all ages in living an abundant life.

### “WE THE PEOPLE” AND CHRIST’S COUNTER-REVOLUTION (Panzacola F-2)
Based on Mark 15 and Revelation 13, this seminar examines current events in light of Bible prophecy. The fickle crowd dynamics at Christ’s trial parallels today’s political and religious crowd. As our nation’s founders predicted, this foment is leading to the dissolution of our Constitution. But Christ is preparing those who will listen and learn—as He did with His disciples—for a greater revolutionary calling in these last days.

**Greg Hamilton** is president of the Northwest Religious Liberty Association (NRLA), a non-partisan government relations and workplace mediation services program that champions religious freedom and human rights for all people and institutions of faith in the states of Alaska, Idaho, Montana, Oregon, and Washington. In 2010, Greg and his team successfully spearheaded the effort to pass the Oregon Workplace Religious Freedom Act. Greg did his graduate work at the J.M. Dawson Institute of Church-State Studies at Baylor University and wrote the seminal work “Sandra Day O’Connor’s Judicial Philosophy on the Role of Religion in Public Life.” Greg writes articles and presents lectures all over the world. Greg lives in Vancouver, Washington, with his wife, Laura.

### TEAM APPROACH TO HEALTH, HEALING, AND HOPE (Suwannee 16)
This seminar will focus on how God used a small, weekly health and nutrition class in Dr. Lawrence’s dental office as a bridge to Bible study. It will also show how the collaborative effort of physicians, nutritionists, lay pastors, vegan cooks, musicians, and Bible workers helped to expand this small Bible study into a major evangelistic series. Dr. Lawrence will also share practical tools used in the office to meet the physical and spiritual needs of his patients, and how that eventually led to several baptisms.

**Wendell Lawrence, DDS,** has been in practice as a dentist for more than 30 years in Southfield, Michigan, a suburb of Detroit. Because of his passion for medical ministry, he holds weekly nutritional and Bible study classes for his patients and their families and friends. Dr. Lawrence has had tremendous success in his outreach efforts. He attributes that success to always putting God first in business and in ministry. He also credits his loving wife, Linda, who is his business and ministry partner.

### THE TAKEDOWN OF ANCIENT ISRAEL (Panzacola F-3)
They were God’s chosen people, but that special designation ended with the stoning of Stephen in A.D. 34. What happened to Israel of old? What lessons can we, as “modern Israel,” learn from them? Are we repeating ancient Israel’s mistakes today? This seminar takes a chronological journey from just after the crossing of the Red Sea to the time of Christ, examining the central reasons Israel lost its special designation.

**Dwayne Turner** serves as a pastor in the Northeastern Conference. Pastor Turner has presented in-depth prophecy seminars throughout the United States and in many countries abroad, including England, Ghana, Canada, Jamaica, Aruba, Costa Rica, the Bahamas, and most recently Indonesia. He currently pastors the Heritage Seventh-day Adventist Church in Queens, New York, and the New Jerusalem Seventh-day Adventist Church in Hempstead, New York. He and his wife, Jackie, have three children.

She also directs “On Wings of Song,” a student outreach group that presents choral concerts for the elderly in their homes.

7:00 PM  EVENING SESSION — “To Jesus by Night” (Sebastian J)
What makes a prominent, educated, prosperous individual give all to the cause of Christ? The Gospel of John records three encounters that one individual had with Christ, transforming that individual from a reluctant, cautious introvert into a radical revolutionary. A juxtaposed experience with both the Hebrew Scriptures and the humble Savior caused a spiritual recalibration in his heart, ultimately resulting in the beginning of the early Christian movement.

Justin Kim serves as the director of communications and Sabbath school and as the associate director for Public Campus Ministries for the Michigan Conference. He graduated from a Catholic high school and the Jewish-sponsored Brandeis University with degrees in sociology and biology before working in medical research at Harvard Medical School. Most of all, we will discover that repentance is a gift that the Holy Spirit gives in order to help us reflect Jesus’ love to those around us.

“He’s Got the Whole World in His Hands”

Leaders: Cliff and Lori Ketts

“The Heavens are telling of the glory of God; and their expanse is declaring the work of His hands” (Psalms 19:1). Come learn more about God as we explore nature! We’ll enjoy hands-on activities, arts and crafts, character sketches, Bible stories, Scripture songs, and prayer. We’ll explore how God holds people, animals, and the whole world in His hands.

PRIMARY (Wekiwa 7 | Crafts–Wekiwa 8)

“Choosing Wisely”

Leader: Claire Luz Day

The history of the two trees in the Garden of Eden is closely tied to man’s destiny. Study with us the righteous fruits of the Tree of Life in contrast to the forbidden fruits of the Tree of the Knowledge of Good and Evil. We’ll consider the high costs of making bad choices, as well as the joy and rewards of choosing the good fruit that God freely offers. Learn to make wise choices through Bible stories, music, crafts, and small group interaction. Enjoy a trip to a local orange orchard and learn more about the choices growers make in order to produce the delicious oranges for which Florida is famous.

*Please Note: Kindergarten, Primary, and Junior departments will begin 10 minutes before and end 10 minutes after posted times to keep from interfering with attendance at adult meetings.

JUNIORS (Wekiwa 3 | Crafts–Wekiwa 4)

“Great for God”

Leaders: Tom & Shelley Kanomata

Throughout history, there have been many great men of God. Joseph, Daniel, Moses, and Paul were all heroes who made a difference. Come take a journey through time, discovering along the way the secrets to being great for God. We’ll discover how to sharpen the sword of Scripture, why and how to improve our health, and why prayer is a privilege and service is important. Our theme, “Great for God,” is designed to inspire young people to stand in the world as faithful disciples of God.

EARLITEENS (Wekiwa 5)

“Against the Current: Standing Firm”

Leaders: Ron and Kimberly Kyle

One day on a mountainside, Jesus preached a profound sermon. Of all the things He could have talked about that day, He chose to tell the people about how He wanted to bless them and bring them happiness. During our time together, we’re going to take a look at each line of the Beatitudes and discover the attitude that Jesus is talking about every time He says “Blessed are….” Join us as we encounter the attitudes behind the Beatitudes in an inspiring and practical way!

YOUTH (Wekiwa 6)

“iCare”

Leaders: Joshua and Diane Plohocky

In a world where suffering is the norm, God needs young heroes who are willing to be His active hands — heroes who enthusiastically and solemnly embrace the calling to serve others. Learn what it really means to establish the right and defend the oppressed (Matthew 25:40).
The ASI Missions Inc. Board selected 38 projects to receive grants from the offering gathered at the 2013 ASI International Convention. The offering goal is $1,184,000. Online donations are accepted toward this year’s offering and previous years’ pledges. Each project will receive a designated amount, and two of the projects will additionally receive a portion of the overflow. All combined, the projects represent a significant worldwide impact. Below are descriptions of the organizations and their planned use of project funds.

1. **Advent Home Learning Center - $30,000**
   Advent Home Learning Center operates a category II boarding school for students with ADHD, ADD, academic, and behavior challenges. Most Advent Home students have been dismissed or have been on the verge of being dismissed from private and public schools. Advent Home provides counseling support, tutoring, advanced and accelerated classes, social skills training, outdoor education, parent education, character development, community service, youth leadership, placement, and follow-up. Because the founders and directors of the ministry are planning to retire, Advent Home is conducting a succession plan for its key leaders, managers, and staff that will lead to considerable changes in ministry leadership and management, including a less centralized and more delegated structure. To prepare for these changes, Advent Home needs to provide its staff with effective research-based training.

2. **Adventist Southeast Asia Projects Ministries - $30,000**
   ASAP Ministries works to spread the gospel through evangelistic, education, and humanitarian projects in the countries of Cambodia, Laos, Vietnam, Myanmar, and Thailand, along with assisting refugees from those countries. ASAP works to meet the needs of people while the Holy Spirit reaches their hearts. ASI funds will help launch a microloan project to assist marginalized women and their children in Cambodia. Funds will go towards initial loans for women who are eligible for this program and toward managing the project.

3. **Adventist Youth for Christ - $20,000**
   Adventist Youth for Christ (AYC) is a burgeoning local-church-based youth movement pioneered in 2006 by Gateway Adventist Centre in Melbourne, Australia. Focusing strongly on training and mobilizing youth for evangelism, AYC aims to model and encourage Australian youth to cultivate a lifestyle of evangelism in their own backyards. 2013 PROJECTS

The ASI Missions Inc. Board selected 38 projects to receive grants from the offering gathered at the 2013 ASI International Convention in Orlando, Florida. The offering goal is $1,184,000. Online donations are accepted toward this year's offering and previous years' pledges. Each project will receive a designated amount, and two will additionally receive a portion of the overflow. All combined, the projects represent a significant worldwide impact. Below are descriptions of how each organization and its plans for use of project funds.

PROJECT DESCRIPTIONS

1. Advent Home Learning Center - $30,000
Advent Home Learning Center operates a category II boarding school for students with ADHD, ADD, academic, and behavior challenges. Most Advent Home students have been dismissed or have been on the verge of being dismissed from private and public schools. Advent Home provides counseling support, tutoring, advanced and accelerated classes, social skills training, outdoor education, parent education, character development, community service, youth leadership, placement, and follow-up. Because the founders and directors of the ministry are planning to retire, Advent Home is conducting a succession plan for its key leaders, managers, and staff that will lead to considerable changes in ministry leadership and management, including a less centralized and more delegated structure. To prepare for these changes, Advent Home needs to provide its staff with effective research-based training. Visit the Advent Home website.

2. Adventist Southeast Asia Projects Ministries - $30,000
ASAP Ministries works to spread the gospel through evangelistic, education, and humanitarian projects in the countries of Cambodia, Laos, Vietnam, Myanmar, and Thailand, along with assisting refugees from those countries. ASAP works to meet the needs of people while the Holy Spirit reaches their hearts. ASI funds will help launch a microloan project to help marginalized women and their children in Cambodia. Funds will go towards initial loans for women who are eligible for this program and toward managing the project. Visit the ASAP Ministries website.

3. Adventist Youth for Christ - $20,000
Adventist Youth for Christ (AYC) is a burgeoning local-church based youth movement pioneered in 2006 by Gateway Adventist Centre in Melbourne, Australia. Focusing strongly on training and mobilizing youth for evangelism, AYC aims to model and encourage Australian youth to cultivate a lifestyle of evangelism in their own backyards. To that end, AYC's three-year re:mobilise initiative will culminate in the iMPACT 2014 project that will facilitate simultaneous multi-site evangelistic series in August and September of 2014. Funding will specifically support pre-event training and operational costs for youth preachers and site coordinators across the country. Visit the Adventist Youth for Christ website.

4. Amazing Facts/AFCOE India - $20,000
Amazing Facts has been making an eternal impact around the globe since 1966. In India, where 97 percent of 1.2 billion people don’t know Christ, the AFCOE intensive evangelism training program equips pastors and laypersons to effectively share the three angels’ messages. Before graduating, students receive on-the-job training on how to present their own full-scale evangelistic series that will have an exponential impact in their own communities and villages, with increased potential for baptisms each year.
5. Am

Amazon Lifesavers Ministry - $10,000
Amazon Lifesavers Ministry is made up of volunteers with many different skills who seek to meet the physical and spiritual needs of those living in the remotest corners of the Amazon. Inspiring, equipping, and sending out medical missionaries, the ministry seeks to reach the unreached with the gospel message. Amazon Lifesavers is modeled after the legendary Luzeiro (Light Bearer) boat launch mission begun in the 1930s by Seventh-day Adventist missionary couple Leo and Jessie Halliwell. Project funds will help to support Bible workers and to build a new school.
Visit the Amazon Lifesavers Ministry website.

6. AudioVerse - $11,000

AudioVerse has produced thousands of hours of religious content using its arsenal of video and audio recording equipment. The ministry relies almost entirely on volunteers for media production. Age, wear, and tear have rendered much of the equipment unreliable and/or incompatible with new technologies. Project funds will help the ministry purchase ministry computers, high definition video cameras, and audio recorders for continued production work.
Visit the AudioVerse website.

7. Better Living (Mieux Vivre) - $50,000

Better Living Ministry (Mieux Vivre), based in Quebec, is expanding its studio and adding to its line-up of French-language programming. The ministry has been running out of a two-car garage since it was established, but will soon expand to a larger facility, making it easier to reach around the world with Christ-centered and health-conscious programming. A new series based on Dr. Neil Nedley’s depression recovery program is also in development. Translation of the materials has already been completed, and production will begin shortly after the studios are relocated.
Visit the Better Living (Mieux Vivre) website.

8. Centro Misionero de Salud - $10,000

Centro Misionero de Salud has been operating for 18 years in a beautiful valley in Mexico's Sierra Madre mountain range, evangelizing locally and abroad through health and education programs that have blessed many.
