Study Tour: Hong Kong and Beijing, China

STUDY TOUR – HONG KONG & BEIJING, CHINA

MAY 2011

The School of Business Administration is hosting a study tour that will be taking place this summer. Earn academic credits while visiting the exotic sights of Hong Kong and Beijing, China. Hong Kong is a diverse and modern metropolis which blends Eastern and Western traditions. It is the fourth largest banking and financial center and the eighth largest trading economy in the world. Beijing, on the other hand, is China's political, economic, cultural, educational and international trade and communication center. It is a vibrant mix of history and modernity. It possesses a wealth of discovery that will delight and intrigue visitors. This will be a very fun and exciting way to earn 6 more credits towards an undergraduate degree. There are also spots available for non-business students. The two classes being taught are:

ECON225 Principles of Macroeconomics (Fulfills social studies elective, BBA core, minor in management, marketing, or business administration, or general elective requirements)

BSAD297 Intro to Global Business (Fulfills BBA core, elective in minor in management or business administration, or general elective requirements)

The tour will take place right after the end of Spring semester; pre-tour classes from May 2-4 and then the tour leaves on May 5. There will be classes (obviously) and excursions (cultural programs such as gymnastics or Chinese operas) and corporate visits and even a short time shopping before you leave to come home on June 2.

There are some forms to be picked up and filled out at the SBA-MMIS office (Chan Shun Hall room 218) and we will also need a copy of your passport ID page and insurance card, so make sure that you bring those with you. Forms and deposit are due February 18, or before if all spots are filled, so hurry to reserve your spot!

To sign up or to further inquire about the tour, please contact Jen at 471-3339 or birneyj@andrews.edu.

AUSA Super Bowl
Sunday, Feb. 6
4 p.m., Rec Center in the lower level of the Campus Center
Come watch the Superbowl in the Rec Center. There will be food and prizes. This event is for Andrews students only. Sponsored by AUSA.

Reminder: Winter Weather Procedures
The following explains how the decision to cancel classes is made, and where you can get that information in an expedient way.

How the Decision is Made
At 2 a.m. and again at 5 a.m. the Departments of Transportation and Public Safety start conferring. Transportation is responsible for clearing the snow from the parking lots and campus roads. Public Safety sends a vehicle out to personally check the main roads coming into Berrien Springs. Safety also confers with their colleagues in the offices of the State Police, County, Sheriff, and Berrien Springs police, receiving an update on the road conditions in the 36 square miles of Berrien and Oronoko Township. If the roads are clear, the campus roads are plowable, and weather conditions are reasonable, the day proceeds like any other work/school day.

However, if the local roads are impassable, Andrews Department of Transportation is not able to keep up with the snow plowing on campus, or there are significant power failures on campus, the director of Public Safety calls the President with recommendations to cancel classes. The President makes the final decision and calls the director of Campus Relations to authorize distribution of class cancellation information to local TV and radio stations, the campus weather hotline (7660), via SMS text, and the University’s website

Please note that the provost, vice presidents and multiple employees of Integrated Marketing & Communication have the appropriate information to make this protocol work even if one of the decision-makers is out of town or unavailable. Hourly workers will be paid for their regular work hours in the event of school closure. It should also be noted that Andrews Academy and Ruth Murdoch Elementary School make their own decisions about closing their schools for weather-related reasons.

The safety of our employees and students is of foremost concern. And, because this is a residential campus, many essential workers may feel compelled to come to campus. Winter weather conditions can change quickly, and road conditions can be hazardous. Please use sound judgment and extreme caution.
We ask for your patience and understanding during these times. Mother Nature can be very capricious, and a clear decision is not always easy.

**Where to Get Information**

Please do NOT call the Department of Public Safety department. Their lines need to be open to respond to emergencies and assist in other ways. The University's weather hotline will have the most up-to-date information: 471-7660 (listed in the campus information directory, pg. 1, under Emergency Numbers). If weather conditions become serious during regular business hours, an announcement about school closure will be sent via broadcast e-mail. Information on cancelled classes will also be posted on the University's website.

The University also uses Short Message Service (SMS), an emergency notification system that can send messages directly to your cell phone. All Andrews University employees and students are encouraged to visit [www.andrews.edu/go/myems](http://www.andrews.edu/go/myems) and configure their personal SMS notification preferences.

Additionally, the following TV and radio stations will carry the pertinent information:

Gift of the Bible
The Andrews University Board of Trustees is promoting spiritual growth on campus like never before. Thanks to generous donations given by board members, E. Edward and Ann Zinke of the Foundation for Adventist Education, Andrews faculty and staff, along with a host of other donors, all current University students were able to receive an Andrews Study Bible free-of-charge. Distributions took place in January just in time to get the Word of God into the hands of every student prior to Weeks of Spiritual Emphasis. Read full story.

Aggressive and/or Careless Driving
With each semester, we experience excitement and anxiety which come naturally with school projects, jobs, family, finances and even the weather. We must take care to prevent these moods from affecting our driving.

Things like "careless/reckless/aggressive driving," and "road rage" are used to describe a person's behavior when driving unsafely. Driving is a privilege for citizens and guests of this country, granted to us in the form of a permit from our state government and the National Highway Traffic Safety Administration (NHTSA), better known as vehicle operator license. While we should drive safely and defensively, the reality is that more and more drivers are becoming aggressive drivers, even though this behavior could threaten the lives of other road users as well as their own.

The National Highway Traffic Safety Administration and Michigan State Police have accepted this definition of aggressive driving: when individuals commit a combination of moving traffic offenses so as to endanger other persons or property. It is estimated 66% of road fatalities are caused by aggressive driving behaviors.

The most common behaviors of aggressive drivers include exceeding the posted speed limit, following too closely (tail gating), failure to obey traffic control devices (stop signs, yield signs, traffic signals, railroad grade cross signals, etc.), red light running, erratic or unsafe lane changes and improperly signaling lane changes.

Aggressive driving by definition is a traffic offense, but can escalate into road rage, which is a criminal
offense. Road rage is defined by the NHTSA as “an assault with a motor vehicle or other dangerous
weapon by the operator or passenger(s) of one motor vehicle on the operator or passenger(s) of another
motor vehicle or is caused by an incident that occurred on a roadway."

On aggressive driving, there are two separate statutes which are concepts of aggressive driving. They are
“Careless Driving” and “Reckless Driving.” The difference between careless and reckless driving is one of
intent and/or the possible consequences of such an act.

Under Michigan Criminal Law, the definition for careless and reckless driving can be found at MCL
257.626b Careless Driving and MCL 257.626 Reckless Driving (note web links below).

Safety must our priority at all times, so drive carefully, and enjoy the roads at Andrews University. The
safety and security of our campus depends on everyone’s participation.

Vacation and Mission in One

Christmastime cruises are pretty common, and for good reason—you can spend a week or so doing
exactly what you want in a warm, sunny place, while someone else cleans your room and serves your
meals. But what if you went on a cruise with the intent of serving others?

That’s the purpose of Cruise with a Mission, an annual Christmastime mission project under the direction
of José Bourget, assistant director of the Center for Youth Evangelism. On December 12, 2010, just over
100 participants left Tampa Bay, Fla., to assist with mission projects throughout the Caribbean,
strengthen their relationship with God and form friendships. Read full story.

News and Announcements from the Seminary Dean’s Office

January 31, 2011

“Many of our laborers might today be intellectual giants had they not been content to meet a low level but been diligent and let their thoughts and investigations plow deep. Many of our young people are in danger of being superficial, of failing to grow up to the full stature of men and women in Christ Jesus. They consider that they have a sufficient degree of knowledge and understanding of subjects, and if they do not love study they will not plow deep to obtain all the treasures possible for them to acquire.” (Ellen G. White, **Mind, Character and Personality**, p. 101)

Passing of Marian E. Lewis

Marian E. Lewis, mother of Diane Bamum (Alumni Services) and mother-in-law of Dave Jardine (Office of Social Recreation & Athletics), passed away on Wednesday, Feb. 3 at the age of 91. Two of Marian great-granddaughters, Ashleigh and Kali Jardine, are current students at Andrews University. Marian’s son-in-law, Ray Hamblin, serves on the President’ Council.

Funeral services are scheduled for Saturday, 4 p.m. in the Castelbuono Youth Chapel of Pioneer Memorial Church. Friends are invited to visit the family prior to service time, beginning at 2:30 p.m. in the Chapel. Condolences can be left online at www.allredfuneralhome.com.

Memorial Service for Alum Walter Booth

The Eau Claire Seventh-day Adventist Church will be convening a memorial service for Walter Booth at 5 p.m., Saturday evening, January 22. The church address is: 6562 Naomi Rd., Eau Claire, Mich.

Those who would like to make a monetary memorial gift in the name of Walter Booth may do so through the “Friends of the James White Library.” This fund will benefit the James White Library with the addition of appropriate furniture in Walter’s memory. Update on Ron Whitehead

On Thursday, Dec.16, Betty Whitehead shared the following update about her husband, Ron Whitehead following his surgery for a brain tumor.

Ron is now in his hospital room taking ice chips. After a 4 1/2 hour surgery, the doctor is hopeful that he got all the tumor, but will confirm tomorrow with an MRI. He stated that it appeared to be a typical benign adenoma. Though Ron looks great he says he feels like he was "hit by a truck, maybe a Peterbilt." He has minimal pain, and the anesthesia and sore throat from the ET tube haven’t slowed his chatter down. We are so thankful, and God is so GOOD!! We appreciate so much your many kind e-mails, texts, phone calls and prayers.

Pastor Ron Whitehead to Undergo Surgery

Pastor Ron Whitehead, who serves as Assistant to the President for Spiritual Life, asked that the following be shared with our University family:

Within the last few days, I have experienced sight loss and was diagnosed with a large pituitary adenoma (brain tumor). Surgery is scheduled at St. John's Health Center, Santa Monica, California on Dec. 16, 2010 at 7 a.m. The hopeful news is these tumors are rarely malignant. I will be in the hospital for two days and will then stay in the area for a week for follow-up physician visits. My wife Betty and I hope to return home to Berrien Springs on Dec. 23. Our family would appreciate your prayers, knowing that God is in control and always faithful.
