From the Office of Campus Safety
Penalties Enhanced for Moving Violations in School Bus Zones

There has been an addition to the vehicle code regarding moving violations in school bus zones. Public Act 60 amended MCL 257.601b added moving violations occurring in a "school bus zone" to an existed listing of offenses where enhanced penalties apply. A "school bus zone" is defined as the area within 20 feet of a stopped school bus displaying alternately flashing lights. The Office of Campus Safety is currently identifying the on-campus bus route and is in discussion with the Andrews University Transportation to develop signage for school area traffic control. Watch for school bus and school zone signage, for crosswalks, and also watch your speed limit when you observe a school bus. Please make a complete stop when you are within range of a stopped school bus displaying alternately flashing lights (red). The safety and security of our campus depends on everyone's participation.

**The Herald Palladium: First, the animals. Then...?**
The property bordering Napier Avenue west of Lake Michigan College doesn't look like anything special, a large farm field bordered in places by woods and wetland.

But the pastoral landscape is expected to change late this year when Berrien County breaks ground for a new animal control center.

The building for animals is the first and only definite part of a plan to develop a "campus" of county buildings that could eventually include a jail, courthouse or other structures.

Adventist Principal Found Dead at School

Suzette York, principal of the Memphis Junior Academy was found dead in a classroom in the school located in Memphis, TN. The 49-year old principal was allegedly killed by one of the students.

The Memphis Junior Academy is operated by the Kentucky-Tennessee Conference of Seventh-day Adventists. It is an APLE (Alternate Programs for Learning Enrichment) School, which is part of the Griggs International Academy family.

Steve Haley, conference president says, "This is a very sad day for all of us in this community, and particularly for the Seventh-day Adventist family. We are shocked and saddened over the tragedy that has befallen Suzette York. She was not only an administrator, but also a colleague, a friend and a fellow believer. Our prayers are lifted on behalf of her husband as well as the staff and students at Memphis Junior Academy. We are also praying for all those impacted by this tragedy."

Suzette York came to Memphis Junior Academy as a teacher in 1996 and had been principal for the past three years. Prior to joining the Kentucky-Tennessee staff she taught for nine years in the British Columbia and Maritime Conferences in Canada.

Counseling is being arranged for the students and staff. When it is appropriate we expect to resume classes at Memphis Junior Academy.

Berrien Springs Camera Club Meeting
Wednesday, Sept. 7
7 p.m., Berrien Springs Community Library

The Berrien Springs Camera Club will open its new season on Wednesday, Sept. 7, at 7 p.m. in the Berrien Springs Community Library at Cass and Union. The club’s season runs from September through June each year, with programs alternating between an informative presentation about some aspect of photography, and a competition open to members. It meets on the first Wednesday evening of each month.

This year the club has chosen to focus on helping new or less-experienced members improve their photographic skills and enjoy entering competitions without feeling overwhelmed and discouraged. In the club competitions there will be an A section and a B section, allowing the less experienced to compete with a slightly different judging system. The first competition will be the October meeting.

The September meeting will feature a program by club treasurer Rob Shellhamer, "Exposure Basics and Camera Control," which will focus on what makes a correct exposure for various conditions and how to set the camera to make that exposure.

Annual membership fees are $5 for students, $15 for other individuals, or $20 per family. Refreshments are served at each meeting.

Canon Pixima IP 6000D
Used for about 6 years asking $25

Color and black & white printer
Currently it only has a black ink cartridge

Dimensions:
17" wide
17" deep
7" tall

Power cord 5' 8" long
USB cable 6' long

Here is a link to Canon's review:
http://usa.canon.com/cusa/support/consumer/printers_multifunction/pixma_ip_series/pixma_ip6000d

Pros- Direct printing from memory cards and cameras. 2.5-inch LCD for previewing and editing photos. Reasonably fast performance and very good quality for photos.
Bottom Line- The Canon Pixma IP6000 is a throwback to an earlier generation of photo printers that did a good job with photos but not much else. Given its price, it's unacceptably slow for business applications, making it a reasonable choice only if you want a second printer specifically for photos.

I am a Registered Nurse, but am going to be starting my Masters at Andrews this fall. I am looking for a nanny position while I go to graduate school as I love children, especially infants and toddlers. I recently finished working at an OB/GYN office in SC, and am now preparing to move up to MI and will be there by August 22nd. I would be available Monday all day long, and Tuesdays, Wednesdays, and Thursdays until 3pm, as I have classes in the evenings on those days beginning at 3:30pm.
